ROAD OFFICIALS WILL WORK FOR STATE ROAD

While they have no official power in connection with the routing of the State highway, the Hertford County road board has given its approval and unqualified endorsement to the agitation for a direct route from Winton to Suffolk, via Somerton.

A motion was passed at the board's last meeting directing the secretary, J. A. Northcott, to write to highway authorities of North Carolina and Virginia asking them to construct that road. On April 11, the citizens of Suffolk will meet to settle upon the route to be approved, from that city to the Carolina line.

Word has come to this office from authorities of the Nansemond County road board that the Somerton route is practically assured so far as Virginia is concerned. The matter, according to these advices, now rests with the North Carolina authorities.

Members of the Bertie county road board have also interested themselves in the project, and unofficially have pledged themselves to urge upon the State Highway Commission the routing of the highway via Somerton.

Other county road boards in the section beyond the Roanoke river and who will be served by this short route are also expected to take action soon.

J. N. Vann & Brother, hardware dealers, are entering fully into the spirit of clean-up and paint-up week, by not only cleaning up the rubbish about their place of business, but also adding a new coat of paint to the front of their store on Main street. Another coat of paint is also being added to the HERALD building.

REVIVAL CONTINUES

Revival services at the Ahoskie Methodist church which began last week have been prolonged and will probably continue throughout this week. Rev. Mr. Barber, pastor, is conducting the services, which have been well attended during the ten days. A special service for young children was held Monday afternoon.

CLEAN-UP MOVEMENT HAS BEEN POPULAR

Due to unfavorable weather conditions, Clean-Up Day for Ahoskie was postponed, by direction of the Mayor, from March 19 to Tuesday, the 27th. Announcements of the altered plans were made from the pulpits of Ahoskie churches last Sunday; and all those who had not taken advantage of the good days of last week have joined heartily into the program to make the town attractive as possible, by the removal of trash and rubbish.

The most noticeable improvements in conditions has been made on the vacant lots about the business section. Practically every home in the town was already in fair shape, although the women have scraped what little there was, for the town man to cart away.
