EASY TO DARKEN YOUR GRAY HAIR

You Can Bring Back Color and Lustre With Sage Tea and Sulphur

When you darken your hair with Sage Tea and Sulphur, no one can tell, because it's done so naturally, so evenly. Preparing this mixture, though, at home is messy and troublesome. At little cost you can buy at any drug store the ready-to-use preparation, improved by the addition of other ingredients called "Wyeth's Sage and Sulphur Compound." You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time. By morning all gray hair disappears, and, after another application or two, your hair becomes beautifully darkened, glossy and luxuriant.

Gray, faded hair, though no disgrace, is a sign of old age, and as we all desire a youthful and attractive appearance, get busy at once with Wyeth's Sage and Sulphur Compound and look years younger.

Frequent Headaches

"I suffered with chronic constipation that would bring on very severe headaches," says Mrs. Stephen H. Kincer, of R. F. D. 1, Cripple Creek, Va. "I tried different medicines and did not get relief. The headaches became very frequent. I heard of

Theford's

BLACK-DRAUGHT

and took it for a headache, and the relief was very quick, and it was so long before I had another headache. Now I just keep the Black-Draught, and don't let myself get in that condition."

Theford's Black-Draught (purely vegetable) has been found to relieve constipation, and by stimulating the action of the liver, when it is torpid, helps to drive many poisons out of your system. Biliousness, indigestion, headache, and similar troubles are often relieved in this way. It is the natural way. Be natural! Try Black-Draught.

ISN'T permanence true economy?

Countless and constant minor repairs, painting, replacement of impermanent work, these add into an imposing total in a few short years. Fire may cause not only temporary inconvenience but heavy loss.
