### A PICTURE THAT HAS BEEN ACCORDED THE SUPREME CINEMA HONOR

"DRIVEN," the Charles Brabin-Universal-Jewel production, coming to the RICHARD THEATER Friday and Saturday, June 15th and 16th, was selected from hundreds of cinema features for "major mention" by the Committee on Exceptional Photographs of the National Board of Review. One picture a month is accorded this supreme honor. Recent selections were: "Robin Hood," "Salome," "Driven," "Minnie," "Shadows," "Nanhook of the North."

"Driven" is a powerful epic—a cross-section of life in the Blue Ridge Mountains. At its premiere presentation in New York one critic wrote: "It is the one picture you cannot afford to miss. It is magnificent—the final word in cinema production and one that seldom will be excelled."

### SUCCESSFUL YEAR FOR MARS HILL

Friends of Mars Hill High School have noted with pleasure her rapid progress in the past few years. She is now second to no rural high school in Eastern North Carolina. Her students stand well wherever they go. Her friends will still further rejoice to know that Dr. Highsmith has placed Mars Hill on the list of State accredited schools. We congratulate the good people of that section on their foresight in building such a school.

Legumes and livestock go hand in hand to build up better soils and more lasting farm prosperity in North Carolina. Have you planned for summer legumes on that stubble land?

Timber is the one best bet to make poor land pay a profit. It is slow but sure and should receive more attention, suggests H. M. Curran, farm forestry specialist for the Agricultural Extension Service.
