Fat is of great account to a baby; that is why babies are fat If you baby is scrawny, Scott Emulsion is what he wants. The healthy baby stores as fat what it does not need immediately for bone and muscle. Fat "He will take care of his own," babies are happy ; they do not cry; they are rich their fat is laid up for time of need. They are happy because they are comfortable. The fat surrounds their little nerves and cushions them. When they are scrawny those nerves are hurt at every angentle touch. They delight in Scott's Emul sion. It is as sweet as

wholesome to them.

P.d Conduct Condensed. To The EDITOR—No words can ex-press the sorrow and indignation with which we view the conduct of the person who posted the securilou-notice at the post office at Worth-ville last week. It is a disgrace to civilization that such a libelous in sinuation should be tolerated, what travest on indice decover and simultion should be tolerated. when a travesty on justice, decency and marality. The one who is responsi-ble for such a crime, for a crime it is, would do well to remember the divine infunction, "Touch not mim-anoinded." What can be supected of the youth and children of Worth ville, when their eyes and cars are made familiar with such obsecuity. It is this, more than the persecution which must ever follow "thou who will live godly." that makes us view this wieked conduct with herror fr "He will take care of his own," and
