Blacksmith and General Repair Shops.

I manufacture Timber Wagon, repair Buggies and Wagons, Shoe Horses and do a general repair business. Second hand buggies always on hand at bargain.

When in Asheboro see me. Shop back of McDowell's livery stables.

Yours truly,
A. M. PRESNELL.

TIRES SET

Quicker and better

and will run longer without loosening than possible when set the old way.

Will give just the desired amount of slack in the tread. No guess work about it. No fret or clatter. Sides cut out to wear away and loosen the tire.

WE SET THEM COID.

No steam and water wasted like machines that shrink away and loosen the tire, no burnt point to replace. We do not OVER HEAT nor UNDER HEAT.

We guarantee work and refund your money if not satisfactory. Come and see the machine in operation.

HUGH J. BURNS,
 The Blacksmith.

J. R. STEED,

SAYINGS OF BRAXTON CRAVEN.

I purpose here, for some Sunday reading to give a few excerpts recently gleaned from Dowd's Life of Braxton Craven, the truly great and good Craven, a nobleman of Carolina, and one whose work "lives in the hearts and lives of hundreds of men" in diverse States.

"Theology is a tedious and difficult science, and beyond controversy hinders the progress of the gospel. But salvation is an easy science. Nearly all people can comprehend its conditions, its active forces, and its results. The sectarian way to heaven is circuitous, doubtful and irksome; the Bible way is plain and direct."

In my own poor way, I have often thought and felt and said what Dr. Craven here put so forcefully. Theology, metaphysics, polemics, and such like, indeed are to the average soul, more always, a block and an offense and a hindrance to attraction. We see it repeated in city and country churches Sunday after Sunday. Christology is heaven sent and God-made and the power seen and felt at Pentecost. Back to Christ and Calvary. O, the road of ministry and liberty.

A. M. PRESNELL,

"The imagination may do great things in fiction, poetry and art. The reason may be wonderful in its grasp. The understanding may be a vast storehouse of valuables. The polish of mind may be a lustre in the midst of all bright things. But high above all these is the gigantic power of belief."

And there is the sum of the whole matter. Belief, it is the foundation stone of all right living and right aspiration and right upbraid. The education of head, mind, heart, always was and always will be a commencing article of Satan to involve them in wretched themselves and mankind about them. The Christ way of speaking to the heart, the highest and holiest and best of all, is to unite and to exemplify, coming after Him, to follow after Him. But oh, how vain man does long to parade his intellect! An inferior weakness, intensified and enlarged and made an hindrance and stumbling block, to the progress of the simple yet all-powerful and always-powerful gospel of Jesus Christ.

These gems from the great Craven are certainly fine food for needed thought by the large share of us.

"Real people of good material and fast colors—people that will bear wearing and ironing—must have in them somewhat as old as Moses; something from yesterday's newspapers, and something that God has sent backward by revolution from the other side of the resurrection. . . . It requires all humanity rightly to make a man. . . . The greatest men have most of the human in them. . . . The body is a temple. It is wrought out of material merely finished; laid with material skill, and cemented by the power of vitality. It is finished with elaborate compartments, with the finest colorings, and the most splendid decorations. It is the dwelling place of the spirit, the abode of immortality."

"Without the Gospel no man is alive. The sinners of the world are dead; their souls are buried and buried by a more sure animal spirit. . . . A false statement of truth, this."

"Every line of scientific pathway to God. . . . The Christian ought to praise the iron and the lead and the gold and the silver. . . . and make them praise God in large and organs and every form of music."

I simply designed to give the best of Sunday Observer readers a few of these thought-gems for Sunday reading digestion and devotion. There are sermons in each single one of them.

Dr. Craven was a great man and a great preacher.—Written for The Observer.

Do You Want Strength?

If you want to increase your strength you must add to and take from the physical. In other words, the food that you eat must be digested, assimilated and appropriated by the nerves, blood and tissues before being expelled from the system. **Kodol Dyspepsia Cure** adds to the physical. It gives strength to and builds up strength in the human system. It is pleasant to the taste and palatable, and the only combination of digestants that will digest the food and enable the system to appropriate all of its health and strength-giving qualities. Sold by Standard Drug Co., Asheboro Drug Co.

CHOLERA INFANTUM.

Child Not Expected to Live from One Hour to Another, but Cured by Chamberlain's Colic, Cholera and Diarrhoea Remedy.

Both, the little daughter of E. N. Dewey, of Agnewville, Va., was seriously ill of cholera infantum last summer. "We gave her up and did not expect her to live from one hour to another," he says: "I happened to think of Chamberlain's Colic, Cholera and Diarrhoea Remedy and got a bottle of it from the store. In five hours I saw a change for the better. We kept on giving it and before she had taken the half of one small bottle she was well. This remedy is for sale by Standard Drug Co., Asheboro, N. C., and by all druggists and grocers."

THE PROFITABLE COTTON STALK.

Cotton, which has been the South's most steadfast friend alike in times of trouble and plenty, has developed another and hitherto unsuspected value. For if the result of an analysis recently made by a Philadelphia chemist is reliable the cotton stalk, which has previously been regarded as waste only as a fertilizer, will use to the dignity of greatly augmenting the South's aggregate income.

It is estimated for the state that carefully treated it yields between 25 and 24 worth of sugar to the ton. Now is the time to get it out of the way. The stalk is the waste of 1896.

The stalk is the waste of 1896. The stalk is the waste of 1896. The stalk is the waste of 1896.

The stalk is the waste of 1896. The stalk is the waste of 1896. The stalk is the waste of 1896.

Indigestion Cured.

There is no cure of Indigestion, Dyspepsia or Stomach Trouble that will not yield to the digestive and strengthening influence of **Kodol Dyspepsia Cure**. This remedy takes the strain of the stomach by digesting what you eat and allowing it to rest until it grows strong again. **Kodol Dyspepsia Cure** affords quick and permanent relief from indigestion and all stomach troubles, builds up the system and so purifies that disease can not attack and gain a foothold as when in a weakened condition. Sold by Standard Drug Co., Asheboro Drug Co.

One Dollar Saved Represents Ten Dollars Earned.

The average man does not save to exceed ten per cent of his earnings. He must spend nine dollars in living expenses for every dollar saved. That being the case he cannot be too careful about unnecessary expenses. Very often a few cents properly invested, like buying seeds for his garden, will save several dollars outlay later on. It is the same in buying Chamberlain's Colic, Cholera and Diarrhoea Remedy. It costs but a few cents, and a bottle of it in the house often saves a doctor's bill of several dollars. For sale by Standard Drug Co., Asheboro Drug Co., Asheboro, W. A. Underwood, Randolph, N. C.

Mr. Randall, the States famous portrait painter, is dying of consumption at Blowing Rock.

Buy It Now.

Now is the time to buy Chamberlain's Colic, Cholera and Diarrhoea Remedy. It is certain to be needed sooner or later and when that time comes you will need it badly. You will need it quickly. Buy it now. It may save life. For sale by Standard Drug Co., Asheboro Drug Co., Asheboro, W. A. Underwood, Randolph, N. C.

Wood's Sewing Machine Company, Newark, N. J.

Wood's Seeds.

Crimson Clover

Our Southern Farmers can have few tiller bills and increase their revenues

MILLIONS OF DOLLARS.

by sowing Crimson Clover at the last mowing of their Corn and Cotton crops. It is the best time to sow and you can extra prepare a portion of the land. Crimson Clover makes land rich in humus or vegetable matter and puts it in excellent condition for the crop which follows it. It also makes a fine winter cover crop, an excellent early crop, a good early forage crop, a splendid soil-improving crop. Plowed under early in the spring, it increases the yield of corn, tobacco, cotton or other crops which follow it, to a considerable extent. Our sales of Crimson Clover seed are increasing enormously every year, and this is the largest reason for this is the fact that it is a sure crop. Write for prices and circulars to the nearest agent.
