

Indigestion Causes Catarrh of the Stomach.

For many years it has been supposed that Catarrh of the Stomach caused indigestion and dyspepsia, but the truth is exactly the opposite. Indigestion causes catarrh. Repeated attacks of indigestion inflame the mucous membrane lining the stomach and expose the nerves of the stomach, thus causing the glands to secrete mucus instead of the juices of natural digestion. This is called Catarrh of the Stomach.

A NATION'S HOPE.

Who are the men of the nation? Look at the boys of 21 days. Follow the plow and harrow. Look where they take the hay. Will, with the scythe from the pasture. Search and the tangled corn. Try where you hear the thrasher humming in early morn.

THE GREAT SALT LAKE DRYING UP.

Scientists Say It is Lowering at the Rate of One Foot a Year. A great many of the readers of the Courier who read the articles concerning the West a few weeks ago, will doubtless remember the one describing the Great Salt Lake. In this description it was stated that the Great Salt Lake was drying up, but no attempt was made to account for the lowering of its waters.

MIKE WRITES PAT.

Interesting Observations about the Drummer Boy—Revenue Doodles—Soreheads—Disturbances of the Public Schools. Dear Pat—I don't believe you read a letter since I've been here. I can't see why you don't sell out and move here to town where you can see things as no nothing. If you was here you could see street cars and automobiles and a leeklike lites ute to be the liker planks is gone. Say Pat, what is a blind idiot? They say they are in town, got loose from a big show that took place in "de Ate" last fall. Cussed if I no there that is, for the fellow that ran the thing lives here and there too. I heard a fellow say the other day that the drummer boy was mity abikotus, an he pointed at a fellow that ran the show over in "de Ate" last fall. Mr Federal court was a gittin his crowd in sum mity abikotus, an he was a tryin to keep on from burnin up. What the court don't burn in this world will get scorched in the next.

MEETING OF TEACHERS.

Interesting Meeting of Teachers' Association. Large Attendance. Reorganization of the Association. Probably the most interesting meeting ever held in the county was held in the graded school building here last Saturday. A large number of teachers from all parts of the county was present, and every one seemed to be very much interested in the progress of the public schools and in keeping pace with educational advancement and the latest and most approved methods of instruction. The careful observer will readily note the continued improvement in the appearance of our public school teachers as a body, and it is frequently remarked that if the methods of instruction in the public schools could be as rapidly improved as the appearance of the teachers it would not be long till Randolph county could boast of as high grade public school system as could be found.
