The soothing and comforting effects of DeWitt's Witch Hazel Salve, when applied to piles, sores, cuts, boils etc., subdues pain almost instantly. Sold by Standard Drug Co. and Asheboro Drug Company, Asheboro N.C.

Some years ago the Legislature passed an act taxing packing houses doing business in North Carolina. Armour & Company, the big Chicago packers, fought the matter step by step, through all the courts and it was only last week the Supreme Court of the United States declared that the State had a right to levy and collect the tax.

ABSOLUTELY A CHANGE.

About seven years ago my health began to fail, I was completely "run down," and my blood got in a bad condition. I suffered with severe pains in different parts of my body, so severe that I could not lie in any position long at a time, and in consequence of this I did not know what it was to get a good night's rest. I had been taking different medicines for the trouble for three years, but got no relief. Then I thought I would try Mrs. Joe Person's Remedy. I had no faith in it or anything else for my case, but I thought it would be a change. The third night after I started on it I got the first good night's sleep I had had in many months. I became hopeful. The Remedy relieved the terrible pains I had been suffering from so long, and being able to sleep well at night, I soon began to feel like a new man. My appetite began to improve, I began to build up in every respect. I continued its use until I took about three dozen bottles, when I knew I was a well man. I have been cured four years, have never felt those pains since, and am now a perfectly healthy man; nor have I ever needed any of the Remedy since.
