You will be at a disadvantage unless you do business as the rest of the world does it. Ninety per cent. of the business in the United States is done with bank checks. Your checks become as good as bank notes; your balance

at the bank will keep growing; your credit will become firmly established—and you will soon have the working capital that makes money multiply.

Assets \$4,372,100.37.

Capital \$600,000.00.
