Mrs Winslow is a cousin of the deceased. Mr J H Johnson, father of the deceased lived in Concord township, in this county before moving to Greensboro.

In establishing local telephone lines the start was made wrong. Small poles were used and put in the ground only some two or three feet. The poles should have been planted from four to six feet and should have been two or three times as large as those used. We are having to do it all over again because it was not done right in the start.

This is the time of year for bargain sales; merchants will soon put their old stock on the bargain counter to make room for spring arrivals; in order to draw custom the wise merchant cuts prices down, and uses printers ink in a good news paper, to tell the public of his bargains. The buyer who wishes to save money should watch the columns of THE COURIER to see what bargains are offered in THE COURIER, and watch results; it will pay you.

President Roosevelt has asked the Senate to delay action in the appointment of Cyrus Frazier, a postmaster at Greensboro. The cause is not known.

J R and E M Oettinger, of Kinston, N. C., have been in the city some days, and have concluded to come to Greensboro and erect a large buggy factory.—Industrial News.

The Greensboro Telegram says that Mr Tom Pemberton, who was operated on for appendicitis is rapidly recovering.

**Deafness Cannot Be Cured**  
by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever. Nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circular free. F. J. CHENEY & CO., Toledo, O. Sold by Druggists, etc.

Take Hall's Family Pills for Constipation.

**INTERESTING LETTER.**

From Ramseur Young Man Succeeding in Another State.

The COURIER recently received the following letter from Mr M H York, which will no doubt prove interesting to his many friends in this section.

EDITOR COURIER:— Enclosed please find \$2.00 which pays for the COURIER to June 1st, 1907. I should have sent this sooner but of course "ove,looked" it as many others do perhaps.

I look for the COURIER with almost as much anxiety as I look for a letter from home, in fact I no longer receive letters from my old home (Ramseur, N C.) and only get the news from the items in the Courier.

I see many items in the columns that gladden me, and a few that cause me pain, for occasionally I see where an old acquaintance has been placed in their last resting place.

I am sure THE COURIER is to be appreciated more now than ever before, as it is up-to-date in every respect, and a credit to the "Banner" county.

I will tell you a little about Bristol, the "Border City." Bristol Virginia-Tennessee, is located on the state line between Virginia and Tennessee, and has a population of 16,000. Bristol has three colleges, South-West Virginia Institute, (Baptist female); Sullins (Methodist female) and Kings College (male) We have two high schools with about 800 pupils each. The chief industry in and around Bristol, is the manufacturing of lumber, and coal mining. There is also a pulp mill here that manufactures paper from the commonest grade to the best grade of stationery out of wood. And many other large plants, such as the Extract plant, Tannery, Barytes, and Furnaces.

Bristol is about equally divided, half in Virginia and half in Tenn. Each city has a mayor and Aldermen, and is governed as though they were miles apart instead of the width of State street.

Bristol has two first class fire companies, and for this reason can boast that the losses sustained by fire have been very light in the last few years.

There are three lines of railway coming into Bristol—the N & W, Southern, and V & S W. Over these lines in and out of Bristol, there are eighteen passenger trains daily. The receipts at the Union Passenger Station are about \$20,000 per month. This shows good travel in and out of Bristol. There are many other things of interest I could tell you about our City if I only had the time. I hope you will not fail to mail me the COURIER promptly each week. Wishing the COURIER much success I am,

Yours Truly,  
M H YORK,  
Assistant Ticket Agent,  
Union Station.

**Cedar Falls.**  
Miss Caroline Bristow, of Franklinsville, spent the day in Cedar Falls.

Mr Addison Jarrett and family, of Randleman, have moved to this place. We are all glad to welcome them.

Mrs Milton Brady has been very sick, but glad to know she is improving.

Col Watterson once said that President Roosevelt was a clever gentleman as ever scuttled a ship or cut a throat and while the following from a contemporary may be infringing on the Colonel's rights it is nevertheless very well put.

"Earnestly desiring peace, we fear for the congressional insurgents if they push Colonel Roosevelt too far. Usually as mild a citizen as ever skun a grizzly or squose a wild cat's weasand, when aroused the colonel is as terrible as an army with bananas."—Greensboro Telegram.

**Trinity Items.**  
The Ladies Aid Society met with Mrs J F Heitman last week. Dainty refreshments were served at the close of the meeting, and all had a pleasant time.

Miss Rose Johnson went back to reopen her school near Star, on Saturday. She had to suspend for two weeks on account of measles.

U B Craven, Supt of Newton Graded School and Bruce Craven, Supt of Morganton Graded School visited their Mother here Saturday and Sunday. They attended the Superintendents' meeting at Greensboro on the 8th and 9th of this month.

Mrs Will Lohr is very ill with typhoid fever.

Mr and Mrs E R Carr spent Saturday and Sunday here visiting relatives.

Mrs Emily Heitman and Mrs Rogers of Winston visited friends and relatives here a few days last week. They are on their way to Concord, where they will make their home.

**MIKE WRITES PAT.**

Greensburrow, N C, January 12, 1906.

Dear Pat:—The last time I seen Solomon Wisacre he was a goin down Calamity Avenue to attend a Mortification Meeting of the disappointed republicans who had been turned away from federal pie counter. For a few days Sol will act as reporter for the Pie Hunter's Advocate, jist out of pure sympathy for the feller who has been reportin for it an who took nervous prostration when Teddy knocked their hopes high'n a kite by appointin the destrict attorney to suckseed hisself.

When Teddy gets to throwin 13-inch appointment bombshells into the republican camp it spreads consternation among the faithful followers of Mary Ann an the drummer boy. Its awful! All hope of pie gone for four long years! An the worst of it all, it didn't settle the range between the Stait Cheer-man an the drummer boy who lives here an over in "de Ate," too. The range over the distribution will continue regardless of whether there's any pie left—for Blackbern an Rollings have got to determin who's IT at the pie counter.

Sum of the disappointed ones suggested that it would be well to hold indignation meetings, but old Annanies Munchaween, who reports for the Evening Prevaricator, advises them to go on holdin the Mortification meetings till they get over the shock of Teddy's last appointments. Old Annies claims to be sumwhat of a doctor, and he says that there's danger of hart-failure if they undertake indignation meetings while they are so weak an nervous.

It may look funny to an outsider to see these fellers a scrappin over the federal offices, but to be here now an see the effects of Teddy's bombardment of the camp will make a man serious. And then the federal court is playin the wild with the faithful from de Ate an elsewhere in the mountains. One congressman says that if the federal court keeps on inditin em they'll have to hold the next Stait Convention in the penitentiary. Of course, I reckon he didnt mean it, but Romulus Zigzag, as they use to call him, is a smart man.

Everybody knows that the destrict attorney had to be a republican, if appointed by Teddy, an everybody, except the pie brigade, thinks that Teddy appointed the right man. Holton has been doing his duty without regard to what the enemies in his own party had to say about his course, and thats a test of a public man. He's been tried an found not wastin. He found the republican party lettin men still an do almost anything to keep em in line, an he is a tryin to put a stop to it.

I'll rite you again when Solomon gets back from the MORTIFICATION meetin down on Calamity Avenue. He'll give you the pints.

Your brother,  
MIKE DOOGINSHIELD.

Increase Your Yields Per Acre

We will convince you that you can "increase your yields per acre" and you won't have to keep it a secret, either. Read what Messrs. Wherry & Son, of the Magnolia Fruit Farm, Durant, Miss., write: "From two acres of strawberries, on which 1,000 pounds of Virginia-Carolina Fertilizers per acre were used, we cleared a profit of \$10.00 per acre more than the other 14 acres of strawberries which had only 600 pounds of this fertilizer." Thus double the quantity of these fertilizers on each acre of any crop, and more than double "increase your yields per acre." Be sure you buy only Virginia-Carolina Fertilizers.
