**If You Suffer From Catarrh**

my advice is take Mrs Joe Persons Remedy and Wash. I was a severe sufferer from catarrh of the head and ear. The discharge from the ear and nose was copious and very unpleasant I suffered in that way for five years. I tried various treatments which did no good. Finally my physician advised me to try Mrs Joe Person's Remedy and Wash. I used seven bottles of the Remedy and used the Wash with a syringe for my nose and throat. It cured me. Scabs would form in my nose, which were almost unendurable until by constant and hard blowing, I would relieve myself—it was a fearful affliction. The cure was perfect, and I have never had a symptom of a return and my health is fine.

**Spring Planted Trees.**

Just before the spring growth starts is one of the best seasons to plant fresh-dug Fruit, Shade and Ornamental trees. They start to grow at once, and do not lose vitality as they do when dug in the fall and kept over five or six months before growth can start. This is common sense. We have a large stock that can be dug and shipped on short notice.
