**\$100 Reward, \$100.** The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address: F J CHENEY & CO., Toledo, O.

## NERVOUS DYSPEPSIA CAN BE CURED IF ONE WILL TRY THE RIGHT THING.

I was down with nervous dyspepsia for eight years. When I was taken I weighed 185 pounds, and it reduced me to 118. I could not touch solid food. I believe if I had taken solid food it would have killed me, and I had to live on sweets and lightest kind of diet.

I had severe nervous spells nearly every day and would have doctors to treat me, but they did not do me one particle of good—not even to relieve me.

I was so weak that for three months I was not able to walk across the room. I had rather die than to suffer it over again, and I felt that I was in a worse condition than any one who ever lived.

Mrs Joe Person and my wife persuaded me to use Mrs Joe Person's Remedy.

I bought a dozen bottles and it was three months before I felt any relief at all. Then I commenced to improve right along.

I took thirty-five bottles and it cured me.

It has been two years since I was cured, and I have never had a touch of the trouble since, and can eat anything under the sun, and as much of it as I want.

If any one will stick to Mrs Joe Person's Remedy long enough to build up the system. I know it will cure the most aggravated cases of dyspepsia or nervousness that can be found.

To Advertisers.

THE COURIER has spent large sums of money in working up its circulation and to-day it thoroughly covers Randolph and adjoining counties besides having a large list throughout this and other states. But we are working to build up Randolph county and the Piedmont section of North Carolina.

To this end we have built our circulation, that our advertisers and the community might secure the greater publicity. We have improved our plant and enlarged our paper—all of which necessarily increases expenses.

Hence this article notifying our advertisers that after March 1st, 1906, the advertising rate is as follows:

Per inch one time	25c
" " month	per issue 20c
" " two months	" " 17c
" " six " and over	" " 15c

Reading notices will be charged at the rate of one cent per word. No reader accepted for less than 25c. All bills payable monthly.

Our circulation is not made up of dead heads and exchanges, but paying subscribers, who send us the cash for their subscription. Few are more than six months in arrears and many are paid in advance. This shows that we circulate among a prosperous people—the class that advertisers desire to reach.

THE COURIER appreciates the patronage accorded it in the past and pledges every effort to give value received for future business placed with it.

## IT'S A Common Thing

for a dealer to tell you his piano is just as good as a Stieff. These comparisons speak more for the Stieff piano than any thing we can say but you may save yourself remorse for having bought a cheap piano by writing Stieff before you make a purchase, and get the piano that the REST are compared with. It must be a great piano to be compared by every dealer over the country. Write Stieff before you buy.

# Spring Styles Are Here.

The Remnant Sale recently advertised in these columns was a greater success by far than we expected. Our customers swept our counters and shelves almost clear of all goods of this class.

Believing the ladies of Asheboro and Randolph county would appreciate the opportunity to select their spring dresses and furnishings before warm weather begins we have filled our counters thirty days early with the most complete and attractive line of

ever shown by us. They embrace all the most popular fabric and patterns.

A few we mention which are popularized in fashion centres, and will be largely worn during the coming spring and summer are Taffeta Gingham, White and Brown linen for shirt waists. For more dressy suits Lansdowne, an imported fabric of wool and silk, has taken a lead; while shadow checks and printed Silk Tissue are becoming notably popular.

Besides our regular line of trimmings we have just received a large shipment of laces, hamburgs and embroideries, which were imported by New York dealers, and will only be on sale here for ten days.
