

Earth Roads.

A road should not be wider than 25 feet. An ordinary rain will never hurt a road, but the storm waters and snow thawing in spring will cut and wash out the roads; therefore the roads should not be made over 25 feet wide, so that the center of the road is close enough to the ditches to give the falling waters a chance to reach them.

I also find that in a long slope, say one-half mile long, or longer, and where the road is higher on one side than on the other, a culvert pipe should be put in every 40 rods to lead the water into the lower ditch, as the higher side of the road gathers more water. For culverts nothing but sewer tile should be used. When putting in a culvert a man should always take into consideration the amount of water it has to carry, and whether the ground to be drained is more level or sloping.

A road bed 25 feet wide is wide enough, even on a hillside. It is true a deep ditch will wash out on both sides, but as the road wears down it will also wash in the center. Then in repairing the road the dirt should not be dragged into the center of the road, but should be carried to the sides and dumped in to the ditches. I have done this several times and find it satisfactory. This will lower the road, but will leave it high and hard in the center if the roads are laid out in the center where they belong, and are made straight and given the right width, and culverts are put in wherever they are necessary, and put in right and the right kind of material, and the roads are kept in repair. Then, if the state will pass a law to aid the counties and townships in making macadamized roads, the roadbed will be in such a shape that the gravel or rock may be applied at once, and will insure a great saving to the community as well as a lasting improvement.

North Carolina Railroads.

The Corporation Commission's report to Gov Glenn contains the following interesting figures: There are now 3,859 miles of railroad in the state, an increase of fifty-nine miles over the preceding year. The total valuation is \$69,573,334. During the year 1905 there were 5,589,500 passengers carried by the steam railways of the state. The passenger earnings amounted to \$5,384,903 by the three principal systems of the state, divided as follows: Seaboard Air Line, \$879,607; Atlantic Coast Line, \$1,432,794; Southern, \$3,072,442. There are 15,877 employees of the railways in the state to whom an aggregate in wages is paid of \$46,758,167 per annum.

Attracting Immigrants.

Representatives of the Southern Railway's Industrial department recently visited Salisbury with a view to purchasing five or six hundred acres of land upon which to settle desirable immigrants. Messrs M V Richards and Welber McKoy industrial agents of the Southern and Atlantic Coast line systems conferred with the State officials Monday with reference to the movement to attract immigrants to North Carolina. These gentlemen discouraged the plan of landing immigrants at Norfolk and also the idea of sending an agent to Europe to book immigrants, but advise that the better results may be acquired by an extensive advertising campaign presenting the agricultural and commercial resources of the State.

One would think the Laxative idea in a cough syrup should have been advanced long before it was. It seems the only rational remedy for Coughs and Colds would be to move the bowels and clean the mucous membranes of the throat and lungs at the same time. Kennedy's Laxative Honey and Tar does this. It is the Original Laxative Cough Syrup, the best known remedy for Coughs, Colds, Croup, Whooping Cough, etc. Tastes good and harmless. Sold by Standard Drug Co., and Asheville Drug Co., Asheville, N. C.

Dishonesty, in its last essence, is the forsaking of permanent advantages for those that are merely temporary.

STATE SUNDAY SCHOOL CONVENTION.

Twenty-Third Annual Meeting to be held in Charlotte, April 3-4-5.

The Courses is in receipt of a letter from Mr N B Broughton, of Raleigh, in which he says:

The Sunday School workers of our State will be glad to know that the date for the Annual North Carolina Sunday School Convention has been set for April 3, 4, 5.

The place of meeting is in Charlotte and the Sunday School workers there are making great preparation for the gathering. The sessions will be held in the Second Presbyterian Church, one of the largest Churches in the City.

This Convention is held under the auspices of the North Carolina Sunday School Association and is interdenominational. Every school of every denomination is entitled to send delegates. This is the one Convention of the year for all the Sunday Schools in our State.

The good people of Charlotte will entertain all who will come. Send your name to Mr J A Durham, Charlotte, Chairman of the Entertainment Committee and a home will be provided for you.

The Music will be in charge of Messrs E S and Karl K Lorenz, of The Lorenz Publishing Co, of Dayton, Ohio, and will be one of the special features of the Convention. These two gentlemen are well known in the Musical World as publishers and leaders of Sunday School Music. They will come to Charlotte several days before the Convention and organize a large chorus choir. They will use their new Sunday School School Song Book,—"With Heart and Voice," recently published.

The program shows that a great treat will be expected. Mr W O Peurco is the Teacher Training Secretary of the International Sunday School Association and is already beloved by the Sunday School workers of our State; Rev B W Spilman, Field Secretary of the Sunday School Board of the Southern Baptist Convention, belongs to us, and there is no man who better knows the needs of the Sunday School workers and how to meet them. Added to these men is an unusual array of talent which should bring to the Convention such a gathering of Sunday School people as has never before been.

CARD FROM PROF WAY.

I desire that every Sunday School in the county be represented in the State S S Convention, and every Barren or Philathon class is urged to send one or two delegates. Let every person who will attend this convention write me at once so that I can secure homes for all who go. Township officers should, if possible, attend this convention. J M Way, Pres. GAVE UP SUPPORTER.

"I was a supporter for four years, to keep up my work, which had crowded everything down before it," writes Mrs. S. J. Christian, of Marietta, Ga. "My doctor told me no medicine would help me. I suffered untold misery, and could hardly walk. After taking two bottles of Cardui I gave up my supporter. Now I am taking my fifth bottle, have no bad feelings as formerly, and can be on my feet half a day at a time. I strongly recommend Cardui to every suffering woman."

Oxydonor will benefit or cause the cure of any disease at any reasonable stage. Rheumatism, Sciatica, Neuralgia, Asthma, Catarrh, Hay Fever, Indigestion, Dyspepsia, all nervous Diseases, Blood, Skin, Liver and Kidney diseases, Female Complaints, etc.

Gilliams Academy, Norton's Store, Alamance Co., N. C., April 11th, 1905. Dr. H. Sanche & Co., New York.

So many of our family have been sick, I have badly needed another Oxydonor. Those on whom I used the Oxydonor got along fine, others had to resort to medical aid having but one Oxydonor. The consequences were the loss of one of our babies. I shall always regret the use of medicines. I hope I shall never be forced to call another doctor.

I have found great benefit from the use of Oxydonor. I was cured of a severe case of Rheumatism which has never returned. Oxydonor has been a general benefit in our family. Respectfully, MRS. J. W. GILLIAM.
