PRICE ONE DOLLAR A YEAR

Wm. C. HAMMER, Editor.

Published at the Post Office at Asheboro as
Second Class Matter.

A favorite method of warfare on the part of some republican leaders in this section is, when they are beaten, to cry out against democrats as thieves and robbers.

A republican rejoices in independent candidates and especially are they loud in their praise when they think they can control them and put republican jackets on them.

The abuse of the editor of this paper has begun as was predicted, but a little earlier than was expected. The word has been passed down the line by the revenue officers at headquarters.

When you speak of the evils of the republican party, some little republican scoundrel thinks you mean him, under the impression that he is it—the whole thing—yells out, abuse! and slings!

Did you ever see one of these raw fellows, green but zealous in his efforts to defend republican misrule, because he is paid to do it? Keep on the lookout and you may run across one or more of them in this campaign.

The Southern people have made great progress, although handicapped by the protective tariff which has robbed our people of hundreds of millions of dollars without bringing a cent in return.

Coming into power after a period of reckless and extravagant misrule the Democratic party in North Carolina has shown so clearly its ability to give the State a clean and honest government that many men who are Republicans in national politics vote solidly for the entire State and county ticket.

The name of Dockery in North Carolina has some weight. Henry C. Dockery recently made a speech in Rockingham, at the Richmond county convention, in which he gave Marion Butler and those in charge of the republican party in North Carolina a severe and merciless exhortation. The Courier published this speech in the last issue. Our readers will agree with us that no Democrat in the state has given the ex-senator such a severe drubbing.

When the Courier publishes what the Blackburn wing and the Adams-Rollins wing of the republican party say about each other, we are charged with abuse and mud slinging.

Blackburn says that the Greensboro Industrial News is Marion Butler's paper and one of the organization's stockholders told the editor of the Courier a few weeks ago that Mr. Butler owned a majority of the stock in that paper and the ex-senator's income was \$300 a day from his oil wells now owned by the Standard Oil Company. The \$300 being paid as a royalty to Mr. Butler.

"DEMOCRAT BILL"

He Declares Himself, But will Abide by the Decision of the Convention—A Life Long Democrat.

Mr. Editor:—As the State Convention is over and our Congressional and Judicial Conventions have put our Color-bearers in the field, I think it is now time to look a little to our county. I wish to give you readers my preference for candidates for our county. My first choice is Thomas J. Finch for sheriff. He has made us one of the best sheriffs the county has ever had and can get more votes than any other man.

I am for Mr. Borroughs, the present Register. For County Treasurer, John Fields, of Randleman; for Clerk of Court, Rom Smith, of Liberty; and for the Legislator, Henry Robbins, of Asheboro.

I am now seventy-one years old and have voted and worked for the Democratic party all my life. I always "holer" for my man but if my man is not nominated I then vote for the nominee. I never scratched a ticket in my life, and never expect to. No man is a Democrat that is not willing to abide by the decision of the majority. Give us this ticket for our county officers and we will poll up a large majority.

Respectfully
WM. C. ROUTH
or "Democrat Bill."

For Mr. Fields.

To the Democrats of Randolph county:

During my residence of nine years in Randolph, I have had the pleasure of meeting and working with many true and loyal Democrats. Among that number, I know of no one who has ever done more, or worked more cheerfully for the good and success of the party, than our townsman, John L. Fields.

Mr. Fields now comes before his friends as a candidate for the office of County Treasurer. He is a gentleman well qualified to fill the office, and, if elected, will give entire satisfaction to all parties.

Hoping he may receive the support he so justly deserves, I am,

Respectfully,
W. T. BRYANT,
Randleman, N. C.

July 9th, 1906.

Suggests Mr. Phillips.

The Editor of The Courier:

The people of Tabernacle township are very anxious that you should announce in your valuable paper the name of Mr. L. C. Phillips as a candidate for the office of Register of Deeds for Randolph county. He is a son of the late Rev. Chas. Phillips who is well known all over the county. I think the Democratic party will do well to nominate him, for if they do so there will be no doubt about him being elected and he will render them good service.

Yours very truly,
J. PARSIN,
Trinity, N. C.

W. A. Underwood For Treasurer.

I wish to call the attention of the Democratic voters of Randolph county to the name of W. A. Underwood as a suitable candidate for the office of County Treasurer.

I have known Mr. Underwood from childhood. He and all his forefathers have been true and loyal Democrats and have always taken an active interest in the welfare and success of their party. He is a young man, well qualified for the position, and will add great strength to the ticket.

Let the Democrats nominate him and he will be elected.

Dear Courier:

Please allow me, through the columns of your paper, to say that Mr. J. F. Cameron of Concord township is still a candidate for Sheriff and we verily believe that his nomination at the hands of the Democratic Convention will be equivalent to his election on the 2nd Tuesday in November.

To those who know him personally, no recommendation is needed, but to the few who have not had the pleasure of Mr. Cameron's acquaintance we beg to say that he is in every way qualified to make a first class executive of the law. He is a high toned christian gentleman, physically and morally able to meet the arduous duties of High Sheriff of Randolph county. So we mean to elect him notwithstanding the fact that some of the best blood in the county are among his able opponents.

SUMMER SCHOOL

Brief Review By one of Randolph's Enthusiastic Teachers.

To Editor Asheboro Courier:

Doubtless to the many teachers of Randolph county who availed not themselves of the privileges, benefits and enjoyments of the Raleigh Summer School for teachers this past three weeks, a word or two will be a welcome message. We cannot begin to tell it all in a short article; but may make the absence sorry he or she "wasn't there."

I was surprised to meet only one Randolph county teacher, but I am sure there must have been others from our county. The attendance was very good, there being several hundred teachers on the grounds of the A. and M. College, besides a

Prof. Chas. E. McCutless

large number stopping in the city. The writer and another teacher, the music teacher, of Ramsour Graded School and also the Primary teacher in some school, stopped in the city, where one can get better accommodations than in the A. and M. dormitories.

We had the pleasure of meeting old acquaintances, among them being Dr. Sikes, of Wake Forest College; Prof. Blair, Supt. Wilmington Graded Schools; Prof. Foust of Greensboro; Dr. E. A. Alderman, President of University of Virginia; and others. Dr. Sikes' lectures were deservedly popular. Dr. Alderman delivered two very good addresses to the students in the A. and M. Auditorium. Dr. Potat of Wake Forest also delivered an excellent address. Dr. Mimms, of Trinity College, and Dr. Hamilton, now of the faculty of N. C. University delivered able discourses. Dr. Woodard of Va. also treated us to discussions of English Literature and Authors in a captivating way.

Among the lady instructors, we mention Miss Longstreet of New York, who taught vocal music for schools, the sight reading or "Do, Ra, Me system," Miss Smith, of New Jersey, teacher of Primary reading by means of cards having certain vocal and consonant sounds on them; and many others. Many, many things we saw in the laboratories, and much more did we hear from the very pleasant Dr. Stevens, on Agriculture and bacteria etc. The pleasure side of the Sunday School equaled if it did not surpass the school features.

The State Summer School was so pleasantly entertained by our friends of the "Oak City" that it was decided to hold the school there every year. We think this a wise decision. One could profitably spend three weeks in the museum alone; and the state Library holds a liberal education. In here we had the pleasure to see one of five of the original books on "birds" painted by the great ornithologist, John J. Audubon. It cannot be bought.

Lastly, we mention the fact of our meeting, and shaking hands with our Chief Executive, Gov. R. B. Glenn. He is a man of and for the plain people, honest, unassuming, and busy. As yet, he laughingly extended his hand as he said, "you find us pretty busy to-day—trying to keep cool," which was partly true, the day being very hot.

IT IS USELESS TO DENY

That banks offer greater security for money than anywhere else. You might lend money at a big profit; you might buy real estate on a rising value, and you MIGHT invest in gilt-edged bonds with good security; but you might lose on them all. But you CAN'T lose money when it is safe in bank, and you MUST win profit while it's earning interest.

Two most convincing proofs that banks offer the best security for your money. This bank does.
