

# REPORT OF GRAND JURY.

### Condition of County Home Inmates Good.

### COURT HOUSE AGAIN CONDEMNED.

They Also Recommend a New Jail—Unsafe as a Prison and Dangerous on Account of Fire.

The Grand Jury completed its work Friday morning and made the following report when court convened at 10 o'clock.

#### COUNTY HOME.

A committee visited the County Home and found twenty-three inmates 20 white and 3 colored. They are all well cared for. Six of the numbers are sane, ten are idiots and seven are crazy. There are nine males and fourteen females.

There are in cultivation about eleven acres of corn on the farm and some ten acres of rented land. There will be something like eighty bushels of Irish potatoes raised, about 2200 cabbages and an abundance of beans. There is a field of seven acres in peas. All crops are in good condition. There are on the farm two horses, one cow, five hogs, a wagon and farm implements, all in good condition. The keeper, Mr. Jasper Delk is kind and is humane as one can be. All inmates report kind treatment, good food and comfortable quarters.

The committee consisted of Messrs. C. O. Ingold, foreman of the jury; H. K. Trogon, J. T. Henry and E. C. Allen.

#### THE JAIL.

The jury in a body visited the jail and found things in good condition. The prisoners report hospitable treatment. The sanitary condition is as good as could be expected.

#### COUNTY OFFICERS.

We visited all the county offices and found all in good condition. We found the treasurer had some \$2,488.16 school fund, county fund, over \$5000 and road fund above \$1000.

#### CONVICT CAMP.

The committee that visited the convict camp found everything in good condition. There are now six white and seventeen colored persons in the camp. All in good health, well fed and content with their treatment.

There are ten males in good condition. All the tools now needed are there and are in good repair. The committee consisted of P. P. Fentress, A. E. Lassiter and J. C. Whitehead.

#### COURT HOUSE.

We recommend a new court house, or an enlargement of the present one, as entirely inadequate. All the county offices are badly crowded. There are many valuable papers exposed to fire with no protection.

#### NEW JAIL RECOMMENDED.

We recommend a new jail. The present jail is an old wooden structure and not in keeping with the progress of our county. If fire were to occur it would be almost impossible to save the prisoners alive. If saved alive they would stand a good chance to escape as there is no fence or other obstruction about the jail.

#### COUNTY ROADS.

We recommend that some steps be taken for the improvement of the county roads, as many of our county roads are in a very poor condition.

#### Rewards For Wife-Slayer.

The State, through the office of the Governor, last week offered a reward of \$100 for the taking, dead or alive, of Hanibal Leak, of Richmond county, who shot and killed, in cold blood, his wife, Sallie Leak, in the depot at Rockingham July 14. There had already been offered rewards of \$100 by the county and \$50 by the town of Rockingham. The murderer has been outlawed by two justices of the peace and it is thought this additional reward will assist greatly in locating the criminal and bringing him to justice. Leak is described as being a dark skinned negro about six feet high, with a stoop in the right shoulder, with a shuffling walk and weighing about 175 pounds.

#### Elon Improvements.

Directors of Elon College were in session at Greensboro yesterday to award a contract involving something like \$20,000 work at that institution and the contracts were all awarded and Greensboro parties captured all of them.

The work embraces the installation of a central heating plant to heat all the buildings, electric lighting plant and sewerage system.

Postmaster Robt. Douglas, of Greensboro, has appointed Mr. S. A. Hodgins assistant postmaster.

## CONTINUE

Those who are gaining flesh and strength by regular treatment with  
**Scott's Emulsion**  
should continue the treatment in hot weather; smaller doses and a little milk with it will do away with any objection which is attached to fatty products during the heated season.

## AN OLD-TIME MELODY.

**Rosen the Bow.**

(This ancient rhyme is older than our National Government, and was, perhaps one of the most popular songs of the day in "olden time." It was placed among the "Songs Sung by Our Grandfathers" in an old song-book which was printed in New York shortly after the Revolutionary War. Some versions give the title "Rosen the Bow," but this seems not the correct one.)

I have traveled this wide-world all over,  
And now to another I'll go;  
For I know that good quarters are waiting  
To welcome Old Rosen the Bow.

The gay round of delight I have traveled,  
Nor will I behind leave a woe;  
For while my companions are jovial,  
They drink to Old Rosen the Bow.

This life is now drawing to a closing,  
All will at last be so;  
Then we'll take a full bumper at parting,  
To the name of Old Rosen the Bow.

When I am dead and laid out on the count,  
And the people all anxious to know,  
Just raise up the lid of my coffin,  
And look at Old Rosen the Bow.

And when thro' all the streets my friends  
bear me,  
The ladies are filled with deep woe,  
They'll come to the doors and the windows,  
And sigh for Old Rosen the Bow.

Then get me some fine jovial fellows,  
And let them all staggering go,  
Then dig a deep hole in the meadow,  
And in it toss Rosen the Bow.

Then get me a couple of dormice,  
Place one at my head and my toes,  
And do not forget to scratch on their sides,  
Here lies Old Rosen the Bow.

Then let those same jovial fellows,  
Surround my grave in a row,  
While they drink from my favorite bottle,  
The health to Old Rosen the Bow.

—Selected.

### Hon. W. P. Wood for Legislature.

Mr. EDITOR—I see and hear of candidates by the dozen, for every office in our county, except for the Legislature. I hear but little said about who we shall nominate to represent us in the next Legislature. This is very important, not that we need so many new laws, but that we need good and safe men to represent us and to see that the good laws we have are properly administered.

I submit to you a list of names to suggest for the ticket as I am always willing to advise and let some one else be heard, but I do want to suggest one of our color bearers in this campaign and in doing so I will name a man that I have known from his boyhood up. A man that is a vot-winner; a man that has been in the battle all his life. Back in the days when we went to the election to cast our votes, knowing that we were defeated before we voted, stood as firm as the Rock of Gibraltar.

A man who is an old, brave, honorable Confederate soldier, who shouldered his musket when a lad and marched and fought with Lee and Jackson through all the battle fields of Virginia, and never flinched in any duty as long as he lived.

A man who has represented his county in the House and who is not ashamed of his political record. In fact he is a good Christian business man, and I could with safety rely on him to put a finger to a mean or dishonorable act of his life.

This man is the honorable W. P. Wood, of Asheboro.

Honor the old Confederate just a few more years and we will all be gone out of your way.

W. S. LINGHERRY,  
Asheboro, N. C.

July 23rd 1906.

Mr. Routh Writes.  
FOR THE COURIER:  
I see in the COURIER the names

of several gentlemen mentioned for candidates to fill some of the offices of said county but I do not remember anyone recommended for the important office of county commissioner. I think it is important, but we have good business men for commissioners. I say nominate T. J. Finch for sheriff and A. N. Bulla, of Randleman, for commissioner. With Finch and Bulla as guardians of the finances of the county I think the county is safe. Let us nominate them and they will be elected.

P. A. ROUTH.

High Point has granted the right of way over certain streets to the Carolina, Glen Anna and Pee Dee Railway and Construction Company to operate their belt line and a call has been issued for an election on bonds to the amount of \$100,000 for the railroad.

To The Voters of Randolph County.  
I am a candidate for the office of Register of Deeds for Randolph County subject to the action of the Democratic Convention which meets in Asheboro July 18th 1906.

W. F. Huges.

To Cure a Cold in One Day.  
Take LAXATIVE BROMO Quinine Tablets. Druggists refund money if it fails to cure. E. W. GROVES signature is on each box. 25c.

**L. M. FOX, M. D.**  
ASHEBORO, N. C.

Offers his professional service to the citizens of Asheboro and surrounding community. Office: At Residence.

## We Offer You a Trip Around the World in 60 Minutes at a mere trifle.

Trips for 100,000 people: you can be one of these. Read this ad carefully and you will learn something to your advantage.

Laughable, interesting and exciting scenes from every land—a trip around the world at almost no cost.

Scores upon scores of people are daily taking advantage of our very liberal and decidedly interesting offer.

Magnificently finished and exquisitely photo-colored views in place of the old-time and antiquated views of the past. A most pleasant and interesting hour to spend journeying around the globe viewing the most beautiful scenery, etc., at a mere trifle.

These views illustrate some of the most noted places in the world—mountain scenery both in America and Europe—waterfalls and other famous natural phenomena, some of the world's most famous buildings, places of historical interest, etc.

This set is of the greatest educational value, presenting, as it does, such realistic likenesses of scenes and places that we all should know about. We want every household to have one of these sets.

Imagine your eyes taken through the Orient, on a trip to California, through the World's Fair to see the splendid scenes as though you were right there on the spot. By a special process, a combination of lithography and half-tone work, we are able to offer a collection of color views from every part of the world in the most beautiful, natural and startling life-like color effects, which must be seen to be appreciated. It is impossible to describe the grandeur and beauty of these views. We want each and every household to have a set of these.

Therefore act promptly after reading this ad.

It was not so very long ago that hundreds of thousands of people spent many pleasant hours with the stereoscope, but heretofore they were compelled to pay enormous prices for views, think of it, as high as \$50 each for colored pictures. Thousands upon thousands of stereoscopic views in colors were distributed in those days, but imagine, each and every view had to be colored by hand. In the past few months we have had repeated demands for colored views, and being able to secure the latest and most beautiful colored views to furnish to the public at a ridiculously low price, we entered into the stereoscopic plan on quite a large scale, and have taken immediate advantage of the international Art Association's offer, who have spent an enormous amount of money to get out special color plates and have finally completed their end, namely: To place on the market thousands of magnificent stereoscopic views, the most beautiful, interesting and exciting scenes from every land, in the grandest and most exquisite natural colors.

Now we come to our great special offer. Read carefully our plan below as it describes the stereoscope and tells how to secure the latest and most beautiful colored views at almost no cost to you.

First the stereoscope. The stereoscope is our world-famous "Aluminum Crystal Lens" Stereoscope. Consisting aluminum body, bound minimum Crystal Lens Stereoscope. Frame of fine finished cherry wood with patent folding handle, folding underneath frame, and sliding bar. The lenses are extra fine quality, selected for clearness and brilliancy. 1 1/4 inches in diameter, ground from best quality glass and carefully adjusted. This Crystal Lens Aluminum "Scope" has won universal praise from lovers of the beautiful, and as a means of entertainment stands second to nothing.

**Then Here is Our Offer:**

Secure five subscriptions to The Courier and we will send you absolutely free, this stereoscope and 48 fine views gathered the world over.
