GO TO WORK.

It may be true that the Democrats can win without an effort in this campaign, but that is not the way to go at it. It is true that the state will go Democratic, under any circumstances, but that is not what we want. We want to know the Republicans under. We want to teach Marion Butler that when his hand is put on the throttle of North Carolina, it means destruction to him and all who follow him. We want a hot campaign. We want to send a solid Democratic delegation to Congress.

The Republicans are making a desperate effort, under the leadership of Butler; the purpose is to increase the vote in the State, and elect as many Republicans as possible. To counteract this, there must be enthusiasm aroused. The Democratic nominees and Township leaders should not let matters drag, but the vote of the party should be polled. There is too much indifference on the part of Democrats. Every Democrat should get to work among his neighbors, in the interest of his party, and of good government.

There is no lack of interest on the part of Republicans; every vote they have is going to count. They will vote every man, even in the counties where they have not a ghost of a chance of an election. They are making desperate efforts all over the State. There are, here and there, a few disgruntled Democrats, who are giving them comfort, but this will not affect results, so as to change the election of any one. It is the plain duty of every Democrat, not only to vote himself, but to get as many of his neighbors as possible to vote with him. The leaders and the candidates should put some "ginger" in their speeches and arouse enthusiasm. This done, and all will be well.

The Democratic party is the only party that has ever given to the people a clean and economical administration of public affairs. With Marion Butler at the head of the opposing forces, no true man who knows the history of his state, and who loves his people, can give any good to come from such a leadership. Not only his party, which he is now the leader of, is liable to be sold out like stock to South Dakota, or to any purchaser, at any time, but he is liable to betray and sell the state, if he could do it, if he gets control.

Old line Republicans are called on to turn over their banner to Marion Butler. The Federal office holders have put in the time. There are many good men in the Republican party, but they are not to be seen now any more, true men can follow such leadership. Butler says he does not want office; he says he does not want to

collect fraudulent tax bonds. Years ago he said he never would be a Republican; said he was a Democrat, and a friend to the people. Now he is a Republican, and making Republican speeches in this state; owns the controlling stock in the only Republican newspaper in the state; and is actually in charge of the Republican party, not only in the State, but he dispenses patronage at Washington.

CAMPAIGN OPENED.

Hon. F. M. Simmons Fired First Gun in Asheboro Last Week.

The campaign opened at Randleman last Thursday night when State Chairman, F. M. Simmons addressed a packed house of ladies and gentlemen at the courthouse. Mr. Simmons is a pleasant speaker with convincing power and his address served to bind closer the democrats who heard him and was a vote winner, as applied to the doubting Thomases present.

The Courier expected to publish a full text of his speech this week but for unavoidable reasons is unable to do so. The address will be presented next week however.

FOR BOTH

One disease of thinness in children is scrofula; in adults, consumption. Both have poor blood; both need more fat. These diseases thrive on leanness. Fat is the best means of overcoming them; cod liver oil makes the best and healthiest fat and

SCOTT'S EMULSION

is the easiest and most effective form of cod liver oil. Here's a natural order of things that shows why Scott's Emulsion is of so much value in all cases of scrofula and consumption. More fat, more weight, more nourishment, that's why.

Obituary.

Miss Lizzie Parks, daughter of Lewis Parks, of Seagrave, died on Thursday, Sept. 27, after about two week's illness of typhoid fever.

Lizzie was about eighteen years of age. It is sad to think that one as young should be called away when just budding into womanhood, but we know that God knows best, and doeth all things well. She was a kind and gentle girl, who will be sadly missed by her relatives and friends.

She leaves a father, three brothers, and three sisters to mourn their loss. We extend to them our deepest sympathy.
