During the session of the last Legislature the Republican members held a caucus and adopted certain resolutions, among which was the following:

"We recommend that no negro be selected a delegate to any political convention of our party, or to any office in the State; and we further recommend that such as do now hold office in this State, whether by appointment under Federal officers or otherwise, be displaced as soon as practicable."

This is their record for white men. What was their record when in office? They not only depended upon negro votes but had the negro as a delegate in all their conventions. And if Butler and his crowd were restored to power they would hedge about and, if possible, destroy the beneficial effects resulting from the adoption of the Amendment, and would if the holding of elections were placed in their hands, unless prevented by the interference of the courts, register some fifty thousand negroes in their frantic efforts to restore themselves to power and place Butler in the Senate.

Even so prominent a Republican as Mr. Taft, Secretary of War and the biggest man in Mr. Roosevelt's administration, favors a reduction of the tariff, he recently said in a speech:

"Speaking my individual opinion and for no one else, I believe that since the passage of the Dingley bill, there has been a change in the business conditions of the country making it wise and just to revise the schedules of the existing tariff."

It is, indeed, a wonder that the American farmer does not by means of the ballot enforce a revision. Why should any one who favors a reduction of the tariff vote the Republican ticket? One of their leaders now and then may not favor the policy but the men who shape legislation are all "standpatters".

Many hard working and conscientious employes fall by the way side because of their impatience. Many young men want to get rich in a year or two. Ten years is an age to them. They splurge and gamble and spend and spend until they begin to spend money which does not belong to them. They fall in love and make and pay large bills and cut a big swath. Finally the stealing from the employer comes to light and lands the gay young bird in prison. Then his boon companions hunt clover and seek pastures new. They always do when a fellow's money gives out.

The drink evil has decreased wonderfully in the State by reason of legislation enacted by the Democrats. Under Democratic rule the improvement in our schools has been won-

derful. We have more and better school houses.

The Democratic party is the best steward the people of the State have ever had.

SENATOR OVERMAN COMING.

Our people are always delighted at the coming of Senator Overman to Randolph. He is popular with everybody here. The Reidsville Review has this to say, in a recent issue, of Mr. Overman:

"As a representative of his people in the United States Senate he is very diligent, and is making an enviable record. Like the late Senator Ransom, he is busy all the time looking after the interests of his State and has succeeded in getting through some fine legislation, quietly without the blowing of trumpets, or the beating of tom toms. His position on public questions has been very satisfactory to his constituents, and he has taken rank with the ablest statesmen in Congress. Senator Overman is a fluent debater and his speeches usually attract attention from both sides of the Senate chamber. He is thoroughly posted on all public questions. He took a leading part in the recent railroad rate bill discussions and won high commendation, his speeches being referred to as being the most telling delivered on that question. He will deliver a political address at the town hall in Reidsville tonight. He should be heard by a full house. He preaches Democracy pure and unadulterated."

A TARIFF ARGUMENT.

A friend at Central Falls sends us the following clipping from the Concordia Kansas Empire, a Republican newspaper:

"We have been invited to send a dollar contribution to the Republican campaign fund. We recently have completed building a house at a cost of something over \$4,000, and for every foot of lumber, every pane of glass, every sack of cement, every pound of nails, and, in fact, for nearly every bit of material that went into it we made a good, liberal contribution through the trusts that control them and we guess we have done our share. It may be treason for a Republican newspaper to talk this way, but facts are facts, and it sort of believes our conscience to tell the truth about the trusts once in a while. We'll just let the trusts, to which we have had to pay unwilling tribute in the past year pay our dollar for us. We need it and they don't."

The elimination of the ignorant negro from politics should influence every good citizen to continue the democratic party in control of affairs in this State.

Republicans told you that the Amendment was unconstitutional and would be so decided by the United States Supreme Court. Republicans also told the people that the Amendment would disfranchise illiterate white men and place them in the same class politically as negroes. No illiterate white man has been disfranchised.

Senator Simmons' coming to Randolph is always an event of pleasure and enjoyment to his many friends here. We are glad to be able to print the Senator's speech in full in this issue. It was a great speech. He preaches Democracy pure and unadulterated and at times was eloquent. Senator Simmons is one of the big men in the Senate.

They say Senator Simmons abuses the South, and says bitter words and appeals to prejudice. When Mr. Simmons recently spoke at Asheboro the Courier had his entire speech taken by a stenographer and we are therefore enabled to give our readers the opportunity to read what he said on that occasion.

Strong Counsel Employed.

A. H. Price, of Salisbury, has been employed by H. F. Whitaker, father of the young man killed at Spencer several days ago by P. F. Hedrick, to assist Solicitor Hammer in the prosecution at the trial at the November term. The defense will be represented by Attorneys Overman & Gregory, T. F. Klutz, Frank Hudson and Whitehead Klutz. This array of counsel promises a strong legal battle and has aroused much interest in Rowan.

Mrs. Kate Kearns-Cochrane passed through Asheboro Saturday returning from Farmer to Raleigh. Before returning to Raleigh, Mrs. Kearns joined her husband at Star and went from there on a visit to friends in Montgomery.

CHANGES ON A. & A.

C. H. Rush, Resigned, Succeeded By E. L. Annum—Mr. Wood Traveling Auditor.

Mr. C. H. Rush and son Clarence, agent and assistant, respectively, for the A. & A. Railway here have resigned and were succeeded Monday by E. L. Annum, agent and E. B. Slack, assistant, of Biscoe.

Mr. Rush will in a few days return to the road as baggage master and express messenger between Asheboro and Aberdeen. He says this arrangement will move him to Aberdeen but his family will remain in Asheboro.

John K. Wood, son of Col. W. P. Wood, of Raleigh, has been made traveling auditor, succeeding Mr. Annum. He was in Asheboro Sunday enroute to Biscoe to assume charge of the duties of his office.
