Nuts to Crack.

A large crowd heard Hon. John Sharp Williams at Greensboro Monday. The following quotations from his speech furnish food for the thoughtful voters:

"The United States Congress unanimously voted millions of the people's money for the relief of the San Francisco sufferers, but when the Democratic leader introduced a bill in the House to take the tariff duties off of building material used in rebuilding San Francisco, the Republicans unanimously voted against it."

"When cheap foreign labor was wanted to construct the Panama Canal, the Democrats said Panama was under the flag and that such labor could not be employed, Republicans said it was not under the flag and such labor could be employed; but when the President decided to go into the world markets, to buy machinery and other necessities for the construction of the canal, Republicans said Panama was under the flag and that the President must buy those things from the American manufacturers."

"The laborer's wages is not measured by the amount paid to him by his employer, but is measured by the amount he has left after paying his living expenses."

THERE IS A REASON FOR CHEWING REYNOLDS' SUN CURED TOBACCO

Chewers becoming tired of heavily sweetened sun cured tobaccos caused REYNOLDS' SUN CURED to quickly win from the old brands of much longer standing the place as favorite with sun cured chewers, because it contains just enough proper sweetening and flavoring to preserve the quality of the leaf and enhance its goodness, causing a large increase in the demand for sun cured tobaccos.

REYNOLDS' SUN CURED

is not only pure sun cured, but it is made from choice selections of the genuine sun cured leaf grown where the best sun cured tobacco grows. It is like that you formerly got, costing from 60c. to \$1.00 per pound, and is sold at 50c. per pound in 5c. cuts; strictly 10c. plugs, and is the best value in sun cured tobacco that can be produced for chewers.
