Central—Why a man Should Vote Democratic.

MR. EDITOR: A friend of mine handed me a copy of the Randolph Bulletin, in which was an article from Central; speaking of Private Scott Lineberry being among the wounded on account of broken promises by the road force.

I am a Democrat because I believe in a government of the people, by the people, and for the people, which is Democratic doctrine.

I am a Democrat because that party has give us good honest government both in State and county.

They have cared for our unfortunate, pensioned the old Confederate soldier, built a home for the old soldier, whose people are not able to support him.

But says one they did not do that in our county. Did not the Republicans of our county at one time have a negro on their ticket for county commissioner.

Does not the Republican National Hand Book declare in favor of negro equality both political and social; and oppose Jim Crow Carra; Did not every man who voted against the amendment, known as the Grandfather Clause, cast a vote for the negro to vote, and now tell me they are glad the negro can't vote.
