DR. JOHN M. HAFFOLDT

Having settled in the town of Morganton, tenders his professional services, to the various branches of his profession, to the public.

His devotion of nearly three years entirely to the practice of his profession, keeping pace with the improvements in medical science, and close, studious habits during that period, entitle any one to reward, them he would humbly hope to receive such a patronage as merit claims, and such as he has heretofore secured.

He would call the attention of invalids who suffer from the various chronic affections, such as Dyspepsia in its diversified forms and associations, diseases of the liver, lungs, heart, stomach, bowels, kidneys, &c. &c., and also the glandular disorders, which are so common of a scrofulous and cancerous nature. Female disorders, so often distressing and complicated as to produce despondency in the patient and puzzle the doctor, have been and are successfully treated by him. His mode of treatment is different, in a great degree, from what is generally pursued by others, and in making this remark he would be mindful of due deference to his professional brethren. He would be understood simply to state the fact, without arrogating to himself a superiority, and thereby detract from the merit of others.

The many and complicated diseases of the Eye have been cured by him after others have failed. Diseases requiring Surgical treatment and Surgical operations, have claimed no small share of his attention, and he is pleased to say, in this respect, that success has rewarded his surgical efforts.

He will promptly attend all calls, far or near. Epistolary advice will be given, when required. He is also prepared to receive and accommodate at his residence, invalids from a distance, and would prefer treating cases at his residence that require surgical operations and his close subsequent attention.

He may be consulted at all times at his residence or office in Morganton, except when absent.

The poor shall receive his professional services without any fee.

Are just receiving and opening a splendid

STOCK OF GOODS,

fresh from the eastern cities, which they promise and positively declare shall be sold as low, if not lower, than any other Goods, let them come from what quarter they may.

It is usual to boast through the medium of an advertisement, and promise a great many things, not expected to be performed, but we only ask a call, that we may prove how far our assertions may be believed. If you want a big load of Goods for little money, come and see us, and you shall not be disappointed.

It will be sufficiently satisfactory, we hope, to say that our stock is *general and complete*, comprising almost every article usually in demand in this country. The stock has been selected with care and judgement, and from our knowledge in matters appertaining to this business, cannot be beaten for beauty, quality and cheapness any where in the back country.

With due deference to our competitors, we will say we intend to beat them, if we can by fair and honorable means, and if we find we can't, why then we can't.

We intend to do as much as possible a prompt business, as we intend our profits to be so low that indulgence cannot, nor ought not, to be expected.

We kindly admonish our old customers not to desert us, and we pledge ourselves they shall not be sorry for it. Stick to us like brothers, and we assure you that no good reason for complaint, shall be given, either for want of accommodation or good bargains.

PURIFY THE BLOOD.

MOFFAT'S

VEGETABLE LIFE PILLS AND PHŒNIX BITTERS.

The high and envied celebrity which these pre-eminent Medicines have acquired for their essential efficacy in all the diseases which they profess to cure, has rendered the usual practice of puffing not only unnecessary, but unworthy of them. They are knowingly their fruits; their good works testify for them, and they thrive not by the faith of the credulous.

IN ALL CASES

OF ASTHMA, ACUTE and CHRONIC RHEUMATISM, AFFECTIONS of the BLADDER and KIDNEYS,

BILIOUS FEVERS & LIVER COMPLAINTS.—In the south and west, where these diseases prevail, they will be found invaluable. Planters, farmers, and others, who once use these Medicines, will never afterwards be without them.

BILIOUS CHOLIC, and SEROUS Looseness, BILES, COSTIVENESS, COLDS & COUGHS, *CHILDBLAIN, CONSUMPTION.* Used with great success in this disease.

CORRUPT HUMORS, DROPSIES,

DYSPEPSIA. No person with this distressing disease, should delay using these medicines immediately.

ERUPTIONS of the Skin, ERYSIPELAS, FLATULENCY,

FEVER and AGUE. For this scourge of the western country these medicines will be found a safe, speedy, and certain remedy. Other medicines leave the system subject to a return of the disease—a cure by these medicines is warranted.—TRY THEM, BE SATISFIED, AND BE CURED.

FOULNESS of COMPLEXION,

GENERAL DEBILITY,

GOUT, GIDDINESS, GENERAL HEADACHES, of every kind, INWARD FEVERS, INFLAMMATORY RHEUMATISM, IMPURE BLOOD, JAUNDICE, LOSS of APPETITE,

LIVER COMPLAINTS,

LEPROSY, LOOSENESS,

MERCURIAL DISEASES,—Never fails to eradicate entirely all the effects of Mercury instantly sooner than the most powerful preparation of Sarsaparilla.

NIGHT SWEATS, NERVOUS DEBILITY, NERVOUS COMPLAINTS of all kinds, ORGANIC AFFECTIONS, PALPITATION of the HEART, PAINTER'S CHOLIC,

PILES. The original proprietor of these medicines was cured of Piles of 26 years standing by the use of these Life Medicines alone.

PAINS in the head, side, back, limbs, joints and organs.

RHEUMATISM. Those afflicted with this terrible disease, will be sure of relief by the Life Medicines.

RUSH of BLOOD to the HEAD, SCURVY, SALTRHEUM, SURFEITS,

SCROFULA, or KING'S EVIL, in its worst forms.

ULCERS, of every description

WORMS, of all kinds, are effectually expelled by these Medicines. Parents will do well to administer them whenever their existence is suspected. Rest of will be certain.

THE LIFE PILLS AND PHŒNIX BITTERS PURIFY THE BLOOD,

And thus remove all disease from the system.

A single trial will place the LIFE PILLS and PHŒNIX BITTERS beyond the reach of competition in the estimation of every patient.

The genuine of these medicines are now put up in white wrappers and labels, together with a pamphlet, called "Moffat's Good Samaritan," containing the directions, &c, on which is a drawing of Broadway from Wall street to our Office, by which strangers visiting the city can very easily find us. The wrappers and Samaritans are copyrighted, therefore those who procure them with white wrappers can be assured that they are genuine. Be careful, and do not buy those with yellow wrappers; but if you do, be satisfied that they come direct from us, or dont touch them.

I will continue to receive in exchange for goods the produce of the country generally, at the highest market prices; and while I have not adopted the rigid system of pay down when you buy, I must insist on short credits and prompt payments when the debts are due. Low prices and short credits is the best for buyer and seller, and that I must insist upon in future.

In conclusion, I tender to this whole community my grateful acknowledgements for past patronage, and solicit from those who have dealt with me before, as well as those who have not, at least an humble share of the business in future.

Information Wanted.

In the latter end of May last, my husband, James H. Jones, a Merchant in Jonesborough, left home for Moulton, a town in Anhalm, for the purpose of selling a house and lot in that place. I have been informed that he sold the House and Lot and got paid for it, and left after a short stay, since that time I have not heard from Mr. Jones, whether he be dead or is still living is with me very uncertain. Any information that can be given about Mr. Jones will be gratefully acknowledged by
