New Tailor Shop in ASHEVILLE.

The subscribers have opened a Tailor shop in Asheville, next door to the Printing Office, where they are prepared to do work in a style that cannot fail to please the most fastidious. Being in regular receipt of the latest

New York and Philadelphia FASHIONS,

they flatter themselves that their work will give universal satisfaction. The community may rest assured that any work brought to our shop will be finished in the shop, and not cut, and sent out to be made by those who do not understand the trade.

The fine Stocks of Goods now offering for sale in Asheville, together with the facilities for getting them made up in the latest Fashions, is a strong inducement to persons at a distance to make their purchases here. To such, as well as all others, we say, if you cannot come yourself, send us your measure with instructions where to buy the cloth and trimmings, and the purchase will be made, and the clothes finished in hand some style, and punctually at the time promised. Give us a call, and if we do not give you satisfaction, then quit us. But we say to all—try us.

Wanted immediately, two first-rate Journeymen Tailors.

BRANDRETH'S PILLS.

This medicine is acknowledged to be one of the most valuable ever discovered as a purifier of the blood and fluids. It is superior to Sarsaparilla, whether as a sudorific or alterative. It stands infinitely before all the preparations or combinations of Mercury. Its purgative properties are alone of incalculable value—for these Pills may be taken daily for any period, and instead of weakening by the cathartic effect, they add strength by taking away the cause of weakness. There is no good Mercury there, which these Pills do not likewise. But they have none of the miserable effects of that deadly specific. The teeth are not injured—the bones and limbs are not paralyzed—no—but in the stead of these distressing symptoms, new life and consequent animation is evident in every movement of the body. Brandreth's Pills are indeed a Universal Remedy, for they cure opposite diseases; they cure Inflammation and Chronic Rheumatism! They cure Dysentery and Constitutional Costiveness—They will cure all these apparently opposite diseases, because they cleanse and purify the blood, provided, however, nature is not beyond all human ASSISTANCE.

In all cases they will be found a safe and simple remedy yet all powerful for the removal of diseases, whether chronic or recent, infectious or otherwise. They do not render the system liable to be affected by any changes of temperature.—The very cause or occasion of the human frame being affected by colds and coughs is removed by their use. Therefore, they may be used at all times and seasons without damage, and change of diet, and any extra care is unnecessary.

These Pills are for sale in every county in this State, at 25 cents per box; and may be had of the following agents:

Dr. H. F. PEERY'S

Vermifuge or "Dead Shot," FOR WORMS.

A highly valuable preparation, capable from the promptitude of its action, of clearing the system in a few hours of every worm.

The origin, development, and support of worms in the human system, are to be attributed to a depraved and debilitated condition of the stomach and bowels; it being an established fact, that where the digestion is unimpaired, and the general powers of the system in a healthy state, they can find no habitation. This preparation has the peculiar advantage of not only destroying every worm, but also of producing a healthy action of the stomach and other organs of digestion, thereby relieving many complaints arising from a derangement of the digestive organs. Although prompt and certain in its operation, and not unpleasant to the taste, it is perfectly safe and adapted to the tenderest age.

The following certificate was addressed to Messrs. A. B. & D. Sands, general Agents at New-York.

NEW-YORK, May 5, 1846.

I feel it to be both a duty and a pleasure, to make known the great medicinal value of Dr. Peery's Vermifuge, as proved by its effects on two of my children, both of whom were much afflicted, and their health quite impaired in consequence of worms. For nine months previous to using the Dead Shot Vermifuge, we had resorted to various worm medicines, which produced but partial relief; their sleep was broken, with great restlessness, and pains in the stomach, itching of the nose and other parts, and we were unable to rest at night, being obliged to wait upon and relieve them all we could. I administered to each of them a dose of the Dead Shot, which brought away large masses of worms in a decomposed state, and greatly relieved them. A second dose effectually removed all remains of worms, and their health since, which is now over three months, has been entirely restored. I make this statement, that all having children suffering from a similar cause may resort to the same means for relief.

RICHARD HALLORAN, No. 3 Crosbyst.

Newbern, N. C., May 23d, 1844.

Dear Sir—I have been anxiously looking for another supply of your "Dead Shot Vermifuge," as I have not a single vial left. There are constant applications for the medicine, and I should be pleased to supply the demand. It has proved itself, so far as tried in this vicinity, to be a positive *specific*, and no humbug. Please inform me by return mail, how soon you can furnish me with another supply.

Truly yours, J. A. LOGAN.

Price 25 Cents per vial.

Prepared by Dr. H. F. Peery, and sold wholesale and retail by A. B. & D. Sands, druggists, 100 Fulton st., corner of William, New York.

Sold also by Patton & Osborn, Asheville; McRee & Gunter, Morganton; Williams, Haywood & Co., Raleigh, and by Druggists generally throughout the United States. Price $1 per bottle; six bottles for $5.

☞ The public are respectfully requested to remember that at a Sands's Sarsaparilla has been and is constantly relieving such remarkable cures of the most difficult class of diseases which the human frame is subject; therefore ask for Sands' Sarsaparilla, and take no other.
