KNOW-NOTHINGISM IN THE FIELD

In opposition to our own opinion, many of our democratic friends, from time to time, have advised us that the Know-Nothings wculd endeavor to steal a march on the Democrats, by presenting candidates, on the very eve of the election. Their predictions have turned out to be true. Sure enough, at the eleventh hour, SAM is in the field. with part of a county ticket-Gen. John A. Young for the Senate, and Dr. Isaac Wilson for the Commons. It is now apparent that Know-Nothingism has been secretly at of a Know-Nothing-John A. Gilmer, him-

work all the time, in planning and laying trains to take their opponents by surprise, and blow them up on the day of election .--And it remains with the Democrats of Mecklenburg to say whether such efforts to defeat them shall be successful.

Why have the Know-Nothings presented but one candidate for the House of Commons? The reason is plain. For the purpose of trading, bartering and trafficking in votes! Democrats, this move is a reflection on your integrity and honesty. It is obvious that the Know-Nothings regard you as wanting in principle and common sense. They fancy they see something green in your eyes, and that they can flatter, hoodwink and honey-fuggle you out of your votes. Yield to their appliances and deceitful persuasives, and let them get your vote for one or both of their candidates, and they will immediately turn round and boast of their smartness in triumphing over you, and laugh in their sleeve and ridicule you for your weakness .- They | the repeal of that bill, and a restoration of will invent and privately whisper in your ears all manner of tales and falsehoods to he not, in favor of Congress exercising powprejudice you against our candidates, while ers over the slavery question in the territothey will present in false colors the beauties ries? And does he not acknowledge the of Sam's candidates, and ask you to vote power of Congress to refuse the admission for a Know-Nothing-Mr. Young, of course of territories as States, on the ground that -for they have no hope of electing Mr. Wilson. He was brought out it is plain.merely of these questions can be answered by the to draw the chestnuts out of the fire for Mr. Young. The modus operandi to be as follows: Democrats will be approached and asked to vote for Mr. Young, on the ground that the Know-Nothing promises to vote for some one of the Democratic candidates .-There will be no effort made-mark what

reference to the questions we have propounded? There are but two main issues what we say-to trade votes for the purpose in the present political contest-the slavery of electing Dr. Wilson. The heavy Democratic majority of Mecklenburg, on the vote more has subscribed to the know-nothing for the House of Commons, leaves no hope platform, which "acknowledges a Supreme for Know-Nothingism in that quarter .--Being" and expresses "Opposition to the principles." The whole scheme has been laid to elect. if possible, a Know-Nothing Senator. Is reckless and unwise policy of the present Administration as shown in opening secthere a Democrat in the county of Mecklentional agitation by the repeal of the Mis

DEMOCRATS OF MECKLENBURG!

The election is at hand. On Thursday you are called upon to say whether you are in favor of or opposed to Know-Nothingism. We will not reflect upon your patriotism, by appealing to you at a crisis like the present, to attend the polls. You are well aware of the importance of the contest on Thursday, and we are sure, eagerly waiting for the opportunity to cast your votes in favor of your cherished principles, the principles of the Constitution and equal rights. Know-Nothingism is seeking to establish itself in high places in your State. It remains with you to say whether it shall have charge of the destinies of this good old State, and rule over you and yours with its anti American, illiberal, and proscriptive principles, as with a rod of iron, or whether you prefer that the principles of your forefathers, as embodied in the Constitution and the Bill of Rights, shall continue to prevail. If you wish Massachusetts and Vermont. and all their fanatical crew, to send up a shout of exultation to reach the very heavens, let the Democrats be defeated on Thursday next, in North Carolina. Why they will exult we leave to your own intelligence to determine. But, that they would rejoice, that Know Nothingism, Black Republicanism, Abolitionism, and all the other isms now united in the North against the Democratic party, would send forth pæans of joy, the roar of artillery, and celebrate your defeat with illuminations and torchlight processions, there can be no doubt .--If such exultations over your defeat, by the fanatics of the North, will prove agreeable to your Southern ears, either stay at home on the day of election, or go to the polls and vote for the Know-Nothing party Re.

a scheme? We do not believe it. The Democrats of Mecklenburg always cast their votes upon principle, discarding as wholly unworthy a great cause all minor differences of opinion. After the last charter election in this town, a Know-Nothing, in a fit of disappointment at the result, comdeclaring that "that you might as well at tempt to pick a hole through the rock of

This is evident, from the fact that Know-Nothingism can have no hope of success without Democratic aid. their several counties? THE COUNTY CANDIDATES.

The Court-House was crowded, on Tuesday last, to hear addresses from the county candidates. WM. R. MYERS and W. F. DAVIDSON, Esgrs., addressed the voters present, in speeches highly gratifying to their political friends. Neither of the Know-Nothing nominees responded to a polite invitation extended them by Mr. Myers, before he took the stand-nor did any person in their behalf. Such a course, however, was dictated by good policy. The principles of Know-Nothingism have all to lose and nothing to gain by discussion before an intelligent people. Sam flourished everywhere, so long as he kept in the dark. The moment he was dragged from his hiding place, and his deformities exposed to the light of day and the view of a liberal and enlightened people, he has been rapidly descending to that "bourne whence no traveller returns."-Messrs. Young and Wilson, therefore, have acted wisely by declining to go before the people and advocating the claims of their dearly-beloved Sam. They are both gentlemen "dyed in the wool" of Know-Nothingism, and recking from head to foot with the obnoxious vapors of the dens of that secret and oath-bound concern.
