

THE STATES: Distinct as the Billows, but one as the Sea.

Western Democrat

BY JOHN J. PALMER, EDITOR AND PROPRIETOR.

CHARLOTTE.

Tuesday Morning, Aug 12, 1856

DEMOCRATIC Anti-KNOW-NOTHING TICKET.

FOR PRESIDENT, JAMES BUCHANAN, OF PENNSYLVANIA.

FOR VICE PRESIDENT, J. C. BRECKINRIDGE, OF KENTUCKY.

ELECTORS FOR PRESIDENT AND VICE PRESIDENT: Henry M. Shaw, of Currituck. Samuel P. Hill, of Caswell.

DISTRICTS: Wm. F. Martin, of Pasquotank. William J. Blow, of Pitt. M. H. Smith, of New Hanover. Gaston H. Wilder, of Wake. S. E. Williams, of Alamance. Thomas Suttle, Jr., of Rock'n. R. P. Waring, of Mecklenburg. W. W. Avery, of Burke.

For more reasons than one, our editorial pen has quietly rested in the inkstand since our last issue. First—We have been too much mixed up with the hurly-burly of the election excitement, to attempt to write Editorials. Second, we knew that but few would read them, until their taste for the glorious election returns should be gratified. Third—we had no time to write. Fourth—we hadn't it in our heart to say anything unpleasant to the Know-Nothings at this juncture. We must tread lightly on the ashes of the dead. Fifth—we have been too happy since Thursday to engage in the grave and serious duties of writing editorials. We hope our apology will be sufficient.

After a long season of dry and hot weather, during which many of the most promising corn-fields in this section, have been blasted beyond redemption, we were last night between ten and twelve o'clock, favored with some delightful showers, accompanied with no little thunder and lightning. Although coming too late to be of much benefit to the corn crop, yet this rain, if it has been of much extent, will prove of great advantage to the growing cotton and to the parched and thirsty gardeners. Let us give thanks for the good this most acceptable rain will do, while we hope, since the dry spell has been broken, it may be soon followed by other similar favors.

We are pleased to be able to state that Messrs. Brem & Steele, have kindly consented to act as the agents, free of charge, for the planters of Mecklenburg, in the shipment of guano. It is expected that planters will accompany the order with the money. Let every man who sows a bushel of wheat, take advantage of this liberal offer of Messrs. B. & S., and our word for it, he will be profited thereby.

FILLMORE'S PROSPECTS.

The result of the Elections in this State and Kentucky shows that Mr. Fillmore will not receive the vote of a single Southern State. All parties agree that the contest is between Buchanan and Fremont in all the Northern States. See what the Maryland Whig Senators say on this subject.

A SIGNIFICANT SIGN.

Both of the Maryland U. S. Senators, Messrs. Pratt and Pierce, have declared in favor of Buchanan. See extracts from their letters, assigning their reasons for this step, in to-day's paper.

KANSAS.

We give to-day, on our first page, an interesting communication from well-known citizens of Kansas, in relation to the affairs of that territory. It discloses the outrageous conduct and purposes of the free-soil party, in that territory.

CONGRESS.

This body has fixed upon Monday next for adjournment. The appropriation bills have been under consideration for some time past. All the mischievous schemes of the abolitionists of the House, which required the concurrence of the Senate, have been thwarted by the latter.

A LUCKY NORTH CAROLINIAN!

The capital prize of \$20,000 in the Fort Gaines Academy Lottery, Class 17, drawn in Atlanta, Georgia, under the management of Samuel Swan & Co., was sold to one of North Carolina's sons on a whole ticket—He resides in Shelby, Cleveland county.

There is no humbug as regards this sale, as is too often the case with prizes being sold in other lotteries, for we can vouch for the truth of it.—[Atlanta Republican.] [The Republican is correct. We have the names of the gentlemen (five in number) who purchased the ticket by each putting in the sum of \$5. They are all well-known citizens, residing in Shelby. One of the proprietors of the Lottery passed through Charlotte, a few days ago, on his return from Shelby, whither he had been to make arrangements for the payment of the prize.]

Robt. P. Waring, Esq., Democratic nominee for elector, for this District, will address his fellow-citizens of Gaston county, in Dallas, on Tuesday of their August Court.

Hon. Burton Craige. The last Goldsboro Tribune says:— "We had a brief interview with the Hon. Burton Craige, Representative in Congress from the Seventh District, on last Sunday morning. Mr. Craige was on his way to visit his family in Salisbury, and will return to Washington about the close of the present week. He is enjoying fine health, and in Congress is daily adding to his reputation as a statesman and patriot. We are glad to learn from him that our own representative, Hon. Thos. Ruffin, is enjoying perfect health, and is generally regarded as one of the most consistent and industrious Representatives in the present Congress."

Late from Europe.

The steamer Anglo Saxon arrived at Quebec on the 10th inst., with Liverpool dates to the 30th ultimo. Cotton is firm at steady rates. Sales of the three days 20,000 bales, including 4,400 to exporters and speculators. Middling Uplands 63-16d; Middling Orleans 63-16. Flour had declined 6d a 1s on upper grades, and 2s a 5c on lower qualities. Wheat 3d a 6d lower. Corn declined 6d.—The English Parliament was prorogued on the 29th. The Queen in her speech hopes that the Central American question may be satisfactorily settled. Advances from Spain state that Saragossa had been bombarded.

COL. P. S. BROOKS.

The New York Herald's correspondent from Washington writes: Col. Brooks was sworn in to-day, and received the congratulations of his friends.—While at the Virginia White Sulphur Springs, Col. Brooks was quite a lion, having to undergo an introduction to several hundred guests. When leaving he called for his bill, and was informed that his financial matters had been attended to by the guests, and that a private carriage and an escort awaited him without. The ladies waved their handkerchiefs in honor of South Carolina and her "chivalrous" representatives.

STILL THEY COME.

The Charleston Evening News is supporting Buchanan and Breckinridge. That paper has heretofore been an advocate of "Americanism" and its editor, John Cunningham, Esq., was a delegate to and one of the Vice Presidents of the first Philadelphia and Know-Nothing Convention. The New Bedford (Mass.) Express, the Know-Nothing organ, has recanted, seen the error of its way, and hoisted the Democratic flag of "Back and Brisk." The paper is well got up and ably edited. The Democrats of New Bedford deserve to be embalmied for the energy and devotion and liberality with which they keep up their organization in that hot-bed of Free-soilism and Federalism.

The Jersey City Telegraph, heretofore a neutral paper, hoists the flag of Buchanan and Breckinridge, and thus announces the fact: "We hoist at our masthead the white folks ticket. Omitting emblazoned the names of statesmen who are before the whole American people for their suffrages to preside over the destinies of this whole nation. That James Buchanan, the first of American statesmen, will be elected to the most important office in the world, no one who is of sound mind, we think, will doubt for a moment. But if, on the other hand, there was the least prospect of defeating him and electing a sectional or half-way individual in his stead, all true patriots would despair of this glorious Republic."

FATAL ACCIDENT.—David Upright, of this county, (says the Salisbury Watchman) while running his wagon out of his barn, caught the wheel on the door which fell, crushing him to the ground and so injuring him that he only survived forty-six hours. He breathed his last on Saturday morning the 12th of July. Aged 63 years.

SINGULAR CIRCUMSTANCE.—A farmer in Lincoln county, Tenn., a few days ago, while plowing, his horse and plow sunk and disappeared in the earth, leaving a hole to which no bottom has yet been found, and in which the farmer himself came near falling. His neighbors were called to the place, who by means of ropes let him down in search of the horse and plow, to the depth of thirty or forty feet, but the further he went the larger the hole appeared, and he called to his friends to pull him up, which they did.

LADIES HAVE TRYING TIMES AT THE WATERING PLACES.—A lady writes from Newport: "We have to dress about nine times a day here. First we put on a dress to dress in. Then we are ready for breakfast. After that we dress for the beach, then for the bath, then for dinner, then for the drive, then for the ball, and then for the bed. If that isn't being put through a regular course of dainty and diamonds, then I'm no judge of such performances."

A CHANGE OF FORTUNE.—On Friday Wm. H. Wilder started for Baton Rouge, a manneled convict, on board of the steamboat Capitol. He is to remain in the Penitentiary for ten years for fraudulent dealings in bounty-laud warrants. It is a somewhat singular fact that the last previous visit of Wilder to Baton Rouge was as a legislator, and that prison discipline was a theme on which he occasionally waxed eloquent. His opportunities of serving the State in her legislative halls were more limited, as to time, than his present and prospective opportunities will be in "the other institution."

GREAT SALE OF MULES.—B. B. Groom, Esq., of Clarke county, Ky., sold a few days ago, 100 head of two year old mules, at \$175 each. This is the best sale of mules, the number considered, that was ever made in the United States. A couple named Jerry Better and Louisa Well, were married at the Cathedral in Cincinnati, on Saturday, Louisiana was Well, before, but she is Better now.

GLORIOUS VICTORY BRAGG ELECTED! 8 TO 10,000 Democratic Majority!

Thanks to the indomitable Democracy of North Carolina, we have the pleasure of proclaiming to-day one of the most glorious Democratic victories ever achieved in the State. It is complete, decided, and overwhelming. Know-Nothingism is not only beaten, but beaten so badly as to leave no hope for it in the Old North State. Let the friends of the Constitution, of equal rights, and of civil and religious liberty rejoice. You have saved your State from the humiliating and mortifying rejoicings of the Bankses, the Summers, the Wilsons and the Seward; and you will receive the thanks and the plaudits of the Democracy of the whole Union, for your signal victory.

Below we give returns from 30 counties out of the 82 in the State. These exhibit a clear average gain of about 85 votes for each county, and give assurance that Gov. Bragg's majority will range between 8 and 10,000. This settles the question, respecting the vote of North Carolina, in November, beyond all dispute. Look at the returns, and compare results with the vote two years ago. The Democracy have not only done well at home—here and in this Congressional district—but in all parts of the State, North and South, East and West.

Table with 4 columns: Counties, 1854, 1856, Bragg (D.), Gilmer (K.N.).

Mecklenburg County. Below will be found the result of the election in this county Thursday. It will be seen that the Democratic triumph is complete and overwhelming. Governor BRAGG has a majority of 101—WILLIAM R. MYERS, Esq., for the Senate, a majority of 142—Wm. M. MATTHEWS, Esq., for the House of Commons, 439, and WILLIAM F. DAVIDSON, Esq., also for the Commons a majority over Dr. ISAAC WILSON (K.N.) of 389. E. G. GRIER, Esq. (D.) is re-elected Sheriff, without opposition, by a vote of 1375. The Democrats of Mecklenburg have thus spoken, in tones of thunder, against Know-Nothingism. Gen. J. A. YOUNG, whom Mr. MYERS has so badly beaten, is on all hands acknowledged to be one of the most popular gentlemen in the county, still hanging on to the soiled and tattered garments of Sam.

The election passed off quietly. Although much interest was exhibited, as to the result, we witnessed nothing of a disorderly or unpleasant character during the whole day. The returns from every precinct in the county are highly gratifying. They were received by the Democrats of Charlotte, as they came in from the several Boxes, on Thursday night, with many demonstrations of gratification. We commend to particular notice the vote at "Harts." Sam is stranger in that part of the county. We annex the vote of 1854, and also the vote of 1855, for Congress, to enable a comparison to be made.

THE LEGISLATURE. In the last Legislature there was a large Democratic majority. In the next Legislature that majority will be greatly increased. The Democrats have gained a member in Wake, one in Alamance, three in Orange, one in Granville, two in Halifax, two in Chatham, one in Columbus, and one in Greene. The Know-Nothings have gained one member in Brunswick and one in Yadkin. A clear Democratic gain, thus far, of TEN members.

In Catawba, Col. Ruth, (Dem.) is elected to the H. of Commons, over the late member, Mr. Shirrell. In Gaston, Col. Richard Rankin (Dem.) is elected to the H. of Commons. In Lincoln, Col. A. P. Canler (Dem.) is elected to the H. of Commons. James H. White, Esq., (Dem.) is re-elected Senator from the above 3 counties. Dr. Mills (Dem.) is re-elected to the Senate from the Rutherford district, over Dr. Miller (K. N.)

In Cleveland, Ramsour and Blanton (Democrats) are elected to the House of Commons. Coleman (the gallant Coleman) every Democratic in this section will rejoice to learn, is elected to the Senate in the Buncombe district. The most unscrupulous and desperate efforts were made by the copperhead Know-Nothings of Buncombe to defeat him, but the voters bit a file. This we regard as the great victory of this section of the State.

In Union—glorious Union—it will be perceived by the returns above, D. Rushing, Esq. (Dem.) is elected to the H. of Commons by a very flattering vote. Another gratifying result is the election of Paul C. Cameron, Esq., to the Senate, from the Orange District. Mr. C. it will be remembered, not long since, cut Sam's acquaintance.

Buncombe has, on this occasion, washed her hands entirely clean of Know-Nothingism. She has also elected Marcus Erwin (Dem.) to the H. of Commons, and given Gov. Bragg a handsome majority—so we learn. P. S. A traveller reports that there is but one single Know-Nothing elected in the whole county west of Charlotte, and that is Baxter, for the H. of Commons, in Henderson county. In a day or two we shall know whether this good news be true or not.

MISSOURI. In 31 counties of Missouri, Ewing, Know-Nothing, for Governor, 19,248, Polk, (Dem) 17,521, Benton, (Bastard Democrat) 11,671. Caruthers, Anderson and Woodson, Know-Nothings, and Green and Phillips, Democrat, are elected to Congress.

The State is Democratic by many thousands, but the division created by Benton, enables Know-Nothingism to elect many of its candidates.

ALABAMA ELECTION. The elections in this State are like the handle of a jug—all on one side—and that side in favor of the Democrats.

Tennessee and Texas. We have no returns from either of the above States. They voted on Thursday last.

Arkansas Election. But one county (Crittenden) in Arkansas has been heard from; that gives an American majority; at least a week will elapse before reliable news can be received.

KENTUCKY. The election in this State has resulted in the choice of two American and six Democratic Judges. The Democrats have gained in every direction and there is no doubt they will carry the State by several thousands.

IOWA. The returns as far as heard from, indicate that Iowa has given the Republicans a majority.

MOBILE ELECTION.—GREAT POLITICAL CHANGE.—A dispatch from Mobile, Ala., dated August 8, says: An election took place in this city on Monday, of a local character, and resulted in a general democratic victory. The result caused much disappointment among the Americans, as it was quite unexpected.

FOR SALT RIVER. A traveller, who arrived at Maj. Kerr's hotel, on Friday last, made the following entry on the Hotel Register: "SAM, alias NORTH-AMERICAN from Massachusetts, bound to Salt River."

THE EDITOR OF THE "CONCORD GAZETTE" has seen proper, in his last paper, to hold up the "Democrat" as the author of a statement that the Hon. W. R. Smith, of Alabama, had deserted Know-Nothingism.—By withholding the fact that another journal was the author of the statement and alone responsible for its truth or falsity, he attempts to fix upon us a charge of committing an "abominable falsehood." Now, if the Editor of the Gazette had the same disposition to deal fairly and to tell the truth, that he has exhibited to us injustice and to perpetrate wilful and deliberate falsehood, he would not have withheld the fact that the statement appeared in our paper copied from another journal and duly credited thereto. We are no more responsible for the statement, whether correct or incorrect, than the man in the moon or the editor of the Gazette himself. This the editor of the Gazette was fully aware of, at the time he charged us with asserting an "abominable falsehood." His whole article exhibits a wanton and malicious disposition towards us. For thus copying into our paper an article, from another journal, with the name of that journal attached, he not only seeks to make his readers believe that we have been guilty of an "abominable falsehood," but he sneers at us as an editor, and says "such editors (as we) had better avoid Jess Holmes" (the fool-killer). Now, we are free to say that we have a very humble opinion of our abilities and merits as an "editor"—yet, if we can be convinced that we are as fit a subject for the "fool-killer" as the individual who without provocation thus speaks of us, we will straightway abandon the press and types, and go to making bricks, digging potatoes, or engage in some other employment suitable to our talents. Every number of the "Gazette" shows with what grace such a sneer is cast by its "editor" at his neighbor "editors."

In the very paper which contains this lit at our humble efforts, there is proof of what we say. "Henry L. Groner, Esq.," sent up a balloon in Concord, on the occasion of the election of Thursday last. The editor of the Gazette thus speaks of the ascension: "The gassy traveller was speedily inflated, and ascended majestically toward the heavens, amid the shouts of the assembled multitude, and the last we seen of it was growing small by degrees and beautifully less in the distance." That balloon was like the "grassy" editor of the Gazette, who "grows small by degrees and beautifully less," the longer you look at him. He to talk about sending the fool-killer after us! If there is a more silly, stupid, illiterate, and contemptible "fool" in charge of a press and types in the whole Southern country, than this "editor" who has been guilty of lying, in an attempt to fix a charge of "falsehood" upon us, and who attempts to inflate his own importance by declaring his neighbors proper subjects for the "fool-killer," we have never met, and never expect to meet with the individual.

GARDNER, Me., June 23, 1854. Wm. H. DYER—Dear Sir: I have used two bottles of Prof. Wood's Hair Restorative, and can truly say it is the greatest discovery of the age for restoring and changing the Hair. Before using it I was as gray as a man of seventy. My hair has now attained its original color. You can recommend it to the world without the least fear, as my case was one of the worst kind. Very respectfully, D. N. MURPHY.
