IRON ORE IN NORTH CAROLINA .- It is stated that iron ore, very rare and of immense value, has been discovered on Deep River, in Chatham county, N. C., and that a large amount of foreign capital is about to be invested in its developement. The best iron ore is also found in various other parts of North Carolina.

TERMINATED FATALLY .- Mr. Brockelbank, of Charleston, S. C., who had his arm torn from his body, a few days ago, by falling from a house on an iron railing, has died of his injuries, notwithstanding hopes were at first indulged that he would survive his wounds.

A SEVERE PUNISHMENT .- On Thursday night Thos. Sterling and his wife, Mary had a quarrel at their residence, No. 140 Reade street, in which the latter is said to have been severely assaulted. By way of retaliation, she shortly afterwards procured a tumbler full of vitriol, and calling her spouse to her, under prefense that she had some beer for him, she dashed the vitriol into his face, putting out his eyes and burning him in a shocking manner. She was arrested and sent to jail, to be tried for the offence. [N. Y. News.

There are intelligent and prudent people in Oregon who honestly declare their convictions that there will be a tremendous struggle to legalise slavery in this Territory yet. And unless a change of Administration should occur at Washington, all the influence of the General Government years, and during that period he has heard Government officials, and appointees of the President, argue carnestly for the introduction of slavery into Oregon. And if proslavery sentiments prevail in Kansas, then Oregon will be the next field for the propagandists to pounce upon. It will probably be some years before Oregon will be a State.'

An Enraged Lioness.—At about 11 o' clock Wednesday forenoon, a lioness belonging to Van Amburgh & Co., kept with other animals belonging to the same menagerie, in a building at Newport, near Cincinnati, Ohio, enraged at her cub being taken from her, with her claws tore the iron bars from their fastening, and breaking from her den, attacked and killed a dog that was kept about the premises, after which she seized a panther and lacerated him so dreadfully, that he died shortly afterwards. A young tiger cub, which the splendid Bengal tigeress, now travelling with the caravan, had given birth to about four months since, was the next victim to her rage, after which she demolished several cages of rare and valuable birds. The keeper arrived at this juncture, and after a furious struggle succeeded in chaining the ferocious brute,

SHOCKING.

Dr. Magio relates that an idiot in the hospital of Salzburg appearing to be singularly insusceptible of fear, an experiment of an appalling character and appalling consequences, was made upon him as a means of putting his susceptibility to the test .-It was proposed to produce in him the impression that he saw a dead man come to life. A person, accordingly, had himself North Carolina, that he is now prepared to fur- shroud, and the idiot was ordered to watch over the dead body. The idiot perceiving some motion in the corpse, desired it to lie our Homes,—One of the most interesting Novels that has been written in many years—by Helen seized a hatchet, which unluckily was within his reach, and cut off his head .-

FATAL ACCIDENT .- We are sorry to record that on Monday last, as Mr. Elisha South was preparing to leave the campmeeting ground, in the upper part of this District, while gearing up his team one of his mules kicked him in the side, which so injured him that he died the next day. Mr. South was an estimable citizen, and leaves a devoted wife to mourn his sudden death. Laurensville (S. C.) Herald.

BARBAROUS ATTEMPT AT MUR-

When Mr. Robinson received the first fire he staggered, instinctively placing his left hand behind him on the spot where he had been wounded, and with his right, drawhe attempted to cross over to Mr. Dortch, who had now laid aside his gan and drawn couldn't stand up. At this juncture, one of his little sons-a lad about fifteen years old, ran up, exclaiming, "Pa, hand me your pistol and I'll shoot him." at the same instant snatching the pistoi from his father's hand. He was prevented from fightulation here, and occasionally a negro is ling or dying in his father's defence, only by those who wrested the pistol from him, and, as we thought, wrongfully.

Mr. Robinson was immediately carried to Dr. C. F. Dewey's office, where stimulants were administered, and his wounds partially examined. He was then removed to his residence where he received all the attention that Medical skill and kind offices could suggest from the hands of doctors Dewey, Moore and Craton, as well as from will go to favor the movement. The writer his brother-in-law, Dr. J. W. Davis, who has been a resident of Oregon for eight arrived from the country a few minutes after Mr. Robinson had been carried home.

We will forbear unnecessary comments on this act of wanton barbarity. Had Mr. Dortch fired on Mr. Robinson as he apthe appearance of an opportunity to defend himself, he might have hoped for some extenuation of a crime, that his contrary course has stamped as at war with all laws human and divine. But, as the whole matter is ltkely to be submitted to judicial investigation, we will forbear comments.

Mr. Robinson is now confined to his room of his wounds are considered as dangerous. It is doubtful, however, whether he will recover the perfect use of his left arm, which is now completely paralyzed. His body is severely mangled.

It is hoped, that, in view of his situation. the readers of the Tribune will extend to him their kind indulgence until he be able to resume his duties .-- [Goldsboro' (N. C.) Tribune, Sept. 4.

HORRIBLE.

We learn that on Wednesday afternoon last, on leaving home for a short time, a lady residing near Lower Fifth and Marto the great relief of the surrounding neigh- | ket streets, left her child, about five months borhood, the people of which were afraid old, asleep in the cradle, in charge of her she would succeed in breaking from the husband. The latter having occasion to step out of the house a few moments, on returning found the cradle empty, and the child no where to be found. He searched through the room, but not being able to find it, supposed his sister-in-law, who resided about a square distant, had come in and carried it home with her. He started to go to her residence, but had only gone about half way, when to his horror, he discovered the baby lying in a gutter, and a large hog deyouring its bowels ? COL. P. S. BROCKS.

Mr. MELTON, one of the Editors of the 'York ville Enquirer," travelled from Washington City, to South Carolina, in company with the Hon. P. S. BROOKS, on his late return home from Congress. The "Enquirer" contains the following notice of Col. B.'s reception at Raleigh and Charlotte:

"At Raleigh, where we remained Tuesday night, and at Charlotte, where the schedule required a delay of several hours, Colonel Brooks was honored with the most enthusiastic reception, all the more grateful because they came evidently from the impulse of the moment. The main street in Raleigh was handsomely illuminated—an immense multitude very soon gathered around the "Yarborough House," with faithful stewardship. This was rendered eloquent and handsomely received .- In Charlotte, where we arrived late in the afternoon, the enthusiasm occasioned by Col. Brooks' presence, exceeded anything we had ever witnessed. As in Raleigh, the streets were quickly on fire; a fine band of music, in a handsome car, drew up in front of the Mansion House, and with the spiritstirring notes of our national anthem gave the first sounds of welcome, which were caught up by the crowd, numbering at least a thousand persons, who made the welkin ring in earnest with repeated outbursts of applause. After Col. Brooks had responded, in terms befitting such a hearty demonstration, the multitude formed in procession, snd escorted him to the Depot, where they remained until the departure of the train, full half an hour, sending up again and again those joyous, loud-pealing It is manifest that Mr. Fillmore is regard- acclamations which can only come from an ed by a great portion of the North as an earnest, a truthful and a patriotic people.

SUMNER IN PENNSYLVANIA.

A Pennsylvania journal, the Hollidaysburg Standard, gives us the following precious bit of gossip, in regard to the "whereabouts" and the temper of the immortalized Mr. Sumner. It is really a refreshing lies that are set in motion by the purely specimen, and is especially valuable as a proof, from his own people, of the cool effrontery, the bare-faced hypocrisy with which the Massachusetts Abolitionist has carried himself since he was whipped in the Senate Chamber. The Colonel told him frankly that he did not succeed very well-that his meeting was composed of Democrats and Fillmore men-that very few Fremont men were present, in consequence of there being but few in the place. This frank avowal irritated the gentleman with the soft brain, and he poured forth a perfect torrent of invectives against Pennsylvanians. While emptying his vials of Black Republican wrath, he declared that the Whigs and Democrats of Pennsylvania were white slaves, and that he should glory in seeing them brought to the block, and disposed of under the auctioneer's hammer.

The unqualified assertion of the Yankee fanatic did not fail to arouse the indignation of the Pennslyvanians, and Col. Hofius made some tart reply, which only aggravated the martyr the more, and he showered abuse of "three times three," giving him a glowing the foulest kind upon Pennsylvanians inwelcome, and calling for an account of his discriminately, and when the party attempted to vindicate their State, the dignified Yankee Abolitionist coolly opened a Boston paper, and commenced reading. The party came away completely disgusted, and Col. ROBERT C. WINTHROP.

HIS REASONS FOR SUPPORTING JAMES BUCHANAN.

This gentleman, a leading Whig of Massachusetts and formerly Speaker of the House of Representatives in Congress, was lately invited to attend a Kanas Aid Meeting in Fanueil Hall in Boston, to which he replies in a calm, dignified manner, but takes occasion to administer a just and merited rebuke to such traitors as are instigating rebellion in Kansas, thereby visiting upon the country the evils of civil war and a dissolution of this glorious Union. His letter is worthy of an old line Whig statesman, whose affections are centered on the Constitution of his country, and who is willing to sacrifice party attachments when our free institutions are in peril. In closing his letter he states his position in the following language:

"There is really but one absorbing question now before the people. In the solemn magnitude of its presence all others are served ? or shall the first step be taken toward the entire disruption of the States of the Union by a severance of the North from of the times, with this question staring us dates. IT'S ALL A MYSTERY.-It is a mystery where Col. Fremont was born; how he was educated, whether for a Catholic priest or Protestant clergyman; whether he is now a Catholic or Protestant: whether he is the real conqueror of California, or only a pretender; whether he is the greatest adventurer and explorer of the Rocky Mounteins. or whether Kit Carson is not entitled to that honor; whether he is more Know Nothing than Black "Republican," or whether he is either; whether he is the richest man in the world, or whether Mariposa is worth anything; whether he is the real candidate for the Presidency, or whether he is not in fact "Jessie." It is a mystery how he was ever thought of or nominated for the Presidency, and equally a mystery how any sensible man can think he has any chance for an election .- [N. Y. Atlas.
