Che Western Democrat. CHARLOTTE, N. C.

SMOKY MOUNTAIN,

The highest East of the Mississippi.

It was for a long time claimed that Mt. Wash. ington in New Hampshire was the highest point east of the Rocky Mountains. Prof. Mitchell took successful issue with this claim, maintaining that the peak of the Black Mountain, upon which he has since been buried, was not only higher than Mt. Washington but was the highest point east of sults, with others bearing upon the point.

Smoky Mountain. We give them all, in feet above the ocean beginning with the highest :-

Wiley, we water, the passengers were told to enter again, find that he fully concurs, and informs us that he taking with them as little water as possible. The has repeatedly given similar opinions.

DEMOCRATIC GAINS .- Democracy is rapidly recovering from its reverses of the Fremont Presidential campaign, and in every State where an election has been held this year, has made which 56,000 was made in the free States, and 24,000 in the slave States.

leaf, into purplish green. This is not the effect of engulphed at once.

FURTHER PARTICULARS OF THE

BURNING OF THE STEAMER AUSTRIA The New York and Philadelphia papers continue to furnish such additional items as they have been enabled to gather from survivors. We find a further and fuller statement from young Rosen, whose father was so well known in Petersburg. This statement is interesting to a high degree, and we therefore transfer it to our columns:

STATEMENT OF YOUNG ROSEN.

My name is Charles F. V. Rosen. I am a native of Virginia, and 15 years of age. My mother the Rocky Mountains. In this latter opinion he that State, where our family has resided for the dents: on the deck. In this he was assisted by a stout peatedly as they sank to the bottom. position we were upwards of five hours-the cork jumped into the waves. around the life boat and an air tight box connected with it prevented her from sinking, though in this position in the water.

My father never got into the boat after it first filled and we were all swept out. Five or six oars belonging to the boat had been lashed together, so ed the boat, but five or six persons took hold of the oars, which prevented them from moving only as the water drifted them. Our boat was in the same Your reply to the above will greatly oblige many of unmanageable position, we could only keep still and be drifted by the water. Once they were so near on the oars that I got hold of the ends, and dered it beyond our strength. During four hours First, That it is not legal for the children of one they drifted alongside of us. At last I was told district to attend school in another, except under that my father had got hold of the stern of the certain provisions and restrictions specified, as fol- boat; I could not get to him; it was impossible to lows: On page 7th, section 22, (latter clause,) of move, at last, being exhausted, after hanging on the pamphlet edition of the Common School laws only a few minutes, he sank and I never saw him

district may unite with individuals of another for From the movement of some in the boat it was the purpose of raising a sum sufficient to carry on capsized four times. With the exception of two the schools for the longest time. The obvious ladies and one child, the passengers of this boat meaning of this is, that where a school is not were all men. The first time that the boat was crowded by the children of the district, the com- capsized, the lady lost her child; the second time mittee may receive other children for pay, the sum she was nigh lost herself, and after the third time she died in the boat from exhaustion, while Again, on page 6th of said pamphlet, section 16, she lay in her husband's arms. I helped her husband with another man, consign her to the deep, body; but the husband who was a German, was Except in these cases it is not legal for the chil- very much afflicted by the loss of his wife and dren of one district to attend the school of another. child. During three times which the boat was Secondly, We believe it is not in accordance capsized several persons were lost and once or twice

As the sun went down, about half-past seven the schools. The great object of the system seems o'clock, we took leave of it, fearful that it might to be to put the means of a good English education be the last time we should see it. About this time within the reach of all; and such is the spirit of the mate stood up in the boat and asked us, in Eng-Common Schools every where, except where graded lish and German, if we wanted to be saved, and schools exist. But a small portion comparatively if so, we should have to carry out his instructions. of any community would ever study the ancient He told us that we should all have to get out of the languages, even if they had the opportunity; and if boat, and hang on to the bulwarks and the oars they were introduced into our schools, there would that they would place across the boat till she got at once be a feeling of jealousy that the teacher's above the suface, and they would bail her out .time would be too much occupied with studies not This was immediately complied with by the pasinteresting or useful to the great majority of the sengers and we went all over into the water, except people This seems to be the obvious meaning of one woman and the two men who bailed out. A that provision of the law which says "Any branch | this time a man was seen in the water, with a large of English education may be taught in said tin life buoy. He was hailed, and added to the schools." See pamphlet referred to, page 6 sec. 16. number of those who were clinging to the boat, Such are our views on these interesting subjects; while his buoy was cut in two by the mate and lashed oars were detached, and with them we rowed to the French bark Maurice as soon as we discovered her near, on which we were taken about

HARROWING ACCOUNTS.—The flames leaped up the shrouds and licked along the yards till the sails were wraped in flames, and burning fragments those below, and setting the dresses of the ladies on fire. One garment after another was in this way destroyed, and the loss of each only exposed them more and more to the intense heat. When CRIMSON COTTON .- Mr Thomas Smith, who they could no longer bear up under this torture, resides in the immediate vicinity of Richmond, Va., they would jump overboard. Some, however, rehas a small field of cotton which is considered a tained their position for a long time, determined to curiosity by all who have seen it. It differs but endure every possible suffering before jumping little in appearance from the ordinary kind, except overboard, and some of the ladies were almost disin color, which is as delicately crimson as a maiden's robed before they took the fearful leap in the jaws blush. Not only is the stock of this of a gorgeous of death. The men, too, endured the scorching hue, but the leaves also, the vividness of color until they were forced to seek in a watery grave fading however, as it approaches the margin of the relief from their sufferings. Horrible offair in Alabama-A Young Girl

We learn from the Selma Reporter that one of the most fiendish acts ever committed, was perpetrated on the person of a girl, in the vicinity of Farmersville, Lowndes county, on Tuesday last,

It appears that a poor beggar woman was wending her way through that section, accompanied by Newfoundland. a girl about 11 or twelve years of age, and was met by the negro, who threatened to take her life by knocking her in the head with a fence rail, if she did not leave there immediately. She fled, and made her way with all possible haste to a house near by, where she made known what was going on. The news was soon circulated, and immediately a few of the neighbors assembled and repaired to the place where the woman left the negro abusing and threatening the life of the girl. Here they were not to be found, but after the lapse of a few minutes, the negro was seen emerging from the wood near by, and in some way managed wards found not far from the road-side, ruined and almost dead, the monster villian having succeeded in accomplishing his hellish design. The people commenced a most diligent search, and next morning found, arrested, and carried him to

Pleasant Hill, in this county, for trial before a Justice of the Pcace, but before they had proceeded very far in legally investigating the affair, a large number of persons arrived from the neighborhood of Farmersville, took the negro in charge, carried him back to that place, tied him to a stake, built a log heap around him, and were in the act of applying the torch, when several present objected to burning, as such a proceeding would not be in keeping with the customs of an enlightened and civilized community. A preference for hanging him being then expressed by the majority of the

ROMANTIC MARRIAGE.—A romantic marriage against, and only 3,937 in favor of it. came off at Beaufort N. C., on Wednesday evening A coasting steamboat put into that port, and the Captain being taken sick, took rooms at one of the hotels The landlord, it seems, had an interesting daughter, who, from sympathy, woman-like, took an interest in the Captain, and probably administered to his wants in his distress among strangers. The gallant Captain was not callous to such divine attributes. Sympathy ripened into friendship, friendship into love, and, as above stated, on Wednesday evening, while the parents of the fair Samaritan were in blissful ignorance of what was ult., has the following account of an outrage acquaintance of but a few days. A "native" who perpetrated in Chatham, Canada, on the day had long wood the fair maiden in vain, hearing of the good fortune of his rival, got gloriously how A party of Southerners were on the express train | come you so; broke all the glasses in the bar-room and one of them had a mulatto servant, a boy of of the hotel, tore up things generally, and it was 10 years, along with him. At London a colored feared would commit suicide. - Newbern Progress. Fine Bed and Negro Blankets; also Kerseys and Plains in all the prevailing colors.

tree, and hung up without further ceremony.

MAIL ROBBERY-PERHAPS .- A correspondent, was excited by this, however, but when the train writing from Monroe, Union, on the 29th ult., reached Chatham, where it stops to wood and water, says that "the mail boy, a son of Mr Harmon was instantly surrounded by a tumultuous King, came to Monroe, on Tuesday morning without gathering of three or four hundred colored persons, the mail bags, and said that he had been robbed of evidently laboring under great excitement. A the mail about ten miles south of Monroe. It is white man, representing himself to be the Sheriff on the route from Monroe to Camden, S. C., once been pronounced by competent judges as the very best of the town, entered the car where the gentleman a week on horseback. It contains very little mail.

COMPLIMENT TO JUDGE ELLIS .- Hon. J. W. Ellis, Governor elect, on his return to Salisbury on Friday the 1st inst., accompanied by his bride, was received by the civil authorities, the military and the citizens generally with every demonstration of enthusiasm. The approach of the train on which he arrived was greeted by the firing of cannon, residence St. Louis, came to this city and is now cheers and music. He was escorted to his residence by the military and welcomed by J. H. Enniss, the Intendant of the town, as well as by Capt NAILS IN FRUIT TREES .- A singular fact and H. L. Robards of the Rifle Guards. He replied one worthy of being recorded, was mentioned to in a very feeling manner. "Altogether," says the Albemarle. He stated that whilst on a visit to a of so handsome a compliment as was received by neighbor, his attention was called to a large peach Mr Ellis; and coming from his neighbors and those orchard, every tree in which was totally destroyed who have known him from his youth up, it must

A correspondent of the Petersburg Express says that quite a romantic affair came off in or near Weldon, N. C., a day or two back. It appears that a young gentleman and lady became very much enamored with each other, and as is usual in such cases, where love is reciprocal, a proposition of marriage was made by the gentleman and accepted by the lady. The license was obtained and all the preliminaries arranged in order that any words which we can offer. It renovates, purifies, the two fond hearts might be united in the holy and strengthens the system, and aids the stomach in the run smooth." As the time approached for the nupealthy, furnishing him at that very period with tials, the young gentleman was taken with a throbbing or peculiar sensation about the region of the believing and knowing, as we do, that it stands foremost heart, which produced a skittishness and a desire among the many preparations of the day, for imparting offensive to the worm, whilst it is harmless, or to vamose, consequently he took the first train for strength; vigor and tone to the system, and possessing Carolina grit, was not to be outwitted in this way. With a five shooter in one hand and the license in the "Bitters" have been rigidly tested, and always with the other she took the first train in pursuit of her the greatest success. absconded lover. At the beautiful town of Warrenton she overhauld him, and imagine their "pheelinks" when they both descried each other. ative." That the word "Restorative," in this case, is no The lady still armed, upbraided her lover for the misnomer, we have the testimony of individuals whose remarkable gains.
