

CHARLOTTE, N. C.

Tuesday, August 9, 1859.

THE ELECTION.

The election in this State for members of Congress took place on Thursday last. In this District, Craige's majority as far as heard from is about 266. The vote of Cleveland and Catawba will increase it to about 1700. In the democratic counties the vote is a small one.

Below we give all the returns received up to the time of going to press.

FIRST DISTRICT. Halifax—Shaw 194 majority. Northampton—Shaw 159 majority. Hertford—Smith 186 majority.

In the above three counties it is said Smith makes a clear gain of 26 votes.

SECOND DISTRICT. Ruffin, democrat, elected without opposition.

THIRD DISTRICT. Cumberland—Winslow, D, 593; McDuffie, D, 295.

Fourth District. Wake—Branch 1367, Sanders 688—a gain for Branch of 213.

Fifth District. Caswell—Williams 306 majority.

Sixth District. Surry—Leach gains 82, and in Stokes 75 votes.

Seventh District. Union—Craige 664, Walkup 353.

Eighth District. The only news we have from this District is a report that Rutherford county gives an increased majority for Vance.

The returns received up to this time show the election of Craige, Branch, Winslow and Ruffin, democrats, and Gilmer and Leach, whigs, and probably Vance, whig.

Not enough heard from the first District to tell whether Shaw or Smith is elected.

MECKLENBURG COUNTY—OFFICIAL. Craige, 390; Walkup, 180.

GASTON COUNTY—OFFICIAL. Craige, 271; Walkup, 34.

POMOLOGICAL SOCIETY.—We call attention to the meeting of the Southern Pomological Society, which takes place in Charlotte on the 18th (third Thursday) of August.

THE FLOURING MILL.—Mr John Wilkes has bought the interest of Mr Myers in the large Steam Flouring Mill in this place, and is now sole proprietor of the establishment.

THE FAIR GROUNDS.—We learn that the contract for putting up the necessary buildings, fencing, &c., on the new Fair Grounds of the Mecklenburg Agricultural Society, has been awarded to Mr J. J. Berryhill.

WE REFER THE READER to a communication on the 2nd page of to-day's issue, giving some historical facts which we hope will receive the attention of some one who may be able to give farther information upon the subject.

A TERRIBLE ACCIDENT happened on the South Carolina Railroad on Thursday evening last, near Branchville.

THE WEATHER.—We had fine rains in this section last week, which, it is hoped, will save the Corn crop, in a great measure at least.

KENTUCKY.

The news indicate that the democrats have elected their candidate for Governor, a majority of the Legislature and of the Congressional delegation.

ALABAMA.

A. B. Moore, the regular democratic candidate for Governor, has been elected over a disorganizing, agitating democrat. The whole Congressional delegation is said to be democratic.

TENNESSEE.

NASHVILLE Aug. 5.—In sixteen counties Netherland (Opp.) for Governor has a net gain of 2,300.

For Congress, Quarles and Hatton, (Opp.) are elected. Avery, Democrat, Etheridge, Opp., and Brabson, Opposition, are probably elected. The two latter are Opposition gains.

TEXAS.

GALVESTON, Aug. 3.—General Houston is far ahead for Governor as far as heard from.

THE NEW METHODIST CHURCH.—We are requested to state that the Corner Stone of the new Methodist Episcopal Church edifice, in Charlotte, will be laid with appropriate ceremonies on Wednesday the 17th instant, at 10 o'clock, A. M. An address will be delivered on the occasion by the Rev. J. T. Wightman of Columbia, S. C.

The foundation of the building is now being laid and the work will progress until completed. Much credit is due to the Rev. E. J. Meynardie, the Pastor of the Methodist congregation at this place, for the commencement of this improvement. He is esteemed by all as a worthy Christian gentleman, and we hope he may have the pleasure of seeing the building completed during his ministry.

FINE POTATOES.—We are indebted to our friend, D. F. Dixon of this county, for a basket of Irish Potatoes of larger size than we usually see in this section.

MURDER.—We learn that Mr Rich'd Dogwood was murdered by some person or persons unknown, in Cleveland county, week before last. His body was found near Buffalo Paper Mills mangled in a shocking manner. It is conjectured that he was beaten to death with sticks. One of his own negroes is suspicious of having committed the crime, assisted by others.

THE N. C. STATE FAIR.—The next annual address before the N. C. Agricultural Society will be delivered by the Hon. David Outlaw of Bertie co.

FRUIT.—We return our thanks to Mr Allen Brown for a nice present of Peaches and Apples. Also, to Mr M. D. L. Moody, for a basket of fine Peaches as we have ever seen.

The fruit this year seems to be of extra quality, the peaches especially being remarkably fine; which fact we attribute to the growing interest which is being felt and manifested by our farmers on the subject of pomology. We can see no reason why the science of fruit-rearing can not be cultivated and turned to practical account as well in North Carolina as in any other State. While the eastern part of the Old North State is manifesting an interest in the cultivation of the Vine, (several species of which are indigenous to her soil,) the farmers of the West, with their excellent market facilities, should become generally practical pomologists, particularly for those kinds of fruit for which her soil seems especially adapted.

It has been suggested to us that in noticing last week the fact that a new trial had been granted Floyd, who was confined in jail here under sentence of death, we did him injustice and probably an injury by saying "Floyd's only hope of escape is in a new trial when he expects to get off with a verdict of manslaughter." We did not intend to convey the idea that we knew anything about his hopes or expectations, but to express the supposition merely that such were his expectations; therefore we ought to have constructed our paragraph last week somewhat differently. Whatever may be the character of public opinion about the case, no doubt Floyd himself hopes to get a verdict of acquittal at the next trial.

A GREAT WEDDING.—The New York papers are giving glowing descriptions of the preparations making for a "big wedding" soon to take place in that city.

The expected bridegroom is a Cuban gentleman who flourishes with the name of Esteban St. Cruz Ovieda—the lady's name is Fanny Bartlett, daughter of Capt. Bartlett of Maine, late of the U. S. Navy. The Cuban gentleman is said to be worth four millions of dollars, only. Of course he is none the worse for possessing this small pile of money, and of course it had nothing to do with causing a young American belle, yet in her teens, to fall in love with a Spaniard. She will marry the man, not the money! although the latter article is not objectionable and will be found very serviceable. He has already bought \$600,000 worth of Jewelry for his intended, and other outfits will be on equally as extravagant a scale. The wedding is to take place about the middle of August, the ceremony to be performed first by a Protestant minister and then by a Roman Catholic priest. Great humbuggery.

"The Superiority of the Present Age," is the subject of an Address delivered before the Franklin Literary Society of Mr Horner's School at Oxford, N. C., by Frank I. Wilson, Esq., of Raleigh, a copy of which we have received. The past age is rapidly reviewed and compared with the present, in order to show the superiority of the present over the past. If we single out any particular characteristic of the Address, we should mention that of its practical common sense. It abounds with wholesome instruction to "boys" (very properly using the term 'boys' instead of 'young gentlemen') couched in a humorous style, which makes its perusal easy and pleasant. The Address certainly adds to Mr Wilson's reputation as a good writer and scholar.

The Newbern Progress of the 2d states that it has received a boll of well developed and well matured Cotton from the plantation of Mr John Wooten in Wayne county.

There are persons North and South who continue to agitate the slavery question for the purpose of promoting themselves or friends to office. They well know that if this question is suffered to rest, the shades of retirement will claim them as residents for life; hence some southern politicians, and while political bankrupts, continue to talk and fuss about the grievances of the South, hoping thus to elevate themselves from that obscurity to which public opinion has long since assigned them. The South has had her rights acknowledged and established both by Congressional enactments and the decisions of the Supreme Court of the United States, and the slaveholder is at liberty to take his property to any Territory and there hold it under the Constitution without molestation, subject only to the action of the people when they come to form a State Constitution. The repeal of the restrictive law of 1820, known as the "Missouri Compromise," was no small triumph for the South, and secured rights of which she had been unjustly deprived. Notwithstanding all this, there are some who pretend to be dissatisfied, and who, we believe, are determined not to be satisfied. If it would do any good, and quiet the fears of those who honestly or pretend to entertain apprehensions for the welfare of the South, we would refer them to the speech of that able and distinguished southern statesman, the Hon. A. H. Stephens, delivered at Augusta, Ga., about a month ago. Speaking of the slavery question, Mr Stephens said: "All those great sectional questions which so furiously, in their turn, agitated the public mind, foreboding disaster, and which, from my connection with them, caused me to remain so long at the post you assigned me, have been amicably and satisfactorily adjusted, without the sacrifice of any principle or the loss of any essential right. At this time there is not a ripple upon the surface. The country was never in a profounder quiet, or the people, from one extent of it to the other, in a more perfect enjoyment of the blessings of peace and prosperity secured by those institutions for which we should feel no less grateful than proud." "As matters now stand, so far as the sectional questions are concerned, I see no cause of danger either to the Union or southern security in it." This is what a southern statesman of great experience says. Yet such men as Yancey and his friends of smaller calibre still talk about a southern Confederacy and such humbuggery. Whenever the South fails to get her rights under the Constitution, in accordance with the recent settlement, it will be time enough to talk about a southern confederacy.

MASONRY.—From a table giving the number of Masons in each State and number of Lodges, we learn that there are in the United States 4,854 Lodges with a membership of 211,538. In North Carolina there are 132 Lodges and 4,994 members; in South Carolina 79 Lodges and 2,600 members. New York has the largest number of lodges and members; Georgia stands next in membership, and Ohio next. The total annual income of all the subordinate lodges is about \$1,250,000.

NEW BANKING HOUSE.—We understand that a Committee of the Directors in the Bank of North Carolina have bargained with Mr John Hutchins, Agent, for a lot, (the property of Mr Love,) known as the Coman's lot, on Fayetteville street, for a site for the new Bank building.

This is, perhaps, the best location for the new Banking house that could have been chosen. The price agreed upon is \$7,000.—Ral. Standard.

FIRE AT EBENEZER.—We learn that the male academy, at Ebenezer, under the control of Mr John R. Shurley, together with its entire contents, was destroyed by fire, on Saturday last. The fire is supposed to have been the result of accident. We have heard the loss estimated at about \$1,000.

The exercises of the school have been resumed in the church, until another building can be provided.—Yorkville Enquirer.

A man named Pridgeon was killed at Snow Hill, Greene county, N. C., on the 28th ult., by another named Kennedy. The Jury of Inquest returned a verdict of "justifiable homicide" and Kennedy was discharged. They were fighting about a dog, Pridgeon provoking the quarrel.

CONGRESSIONAL VOTE.

We give below, for reference and comparison, the votes for candidates for Congress in this State at some former elections, including, as far as heard from, the election of 1859. We have copied votes of 1855, 1857, and 1858, so as to present, as near as possible, the latest tests in the different Districts:

A NEW IDEA.—The Columbia Carolinian has a very clever correspondent at the White Sulphur Springs, Va., in one of whose letters we find the following paragraph:

Gov. Adams and Mr Yancey have some sympathizers here, in their slave trade agitation scheme; but we find the spirit of a large majority, who are not specially outspoken, is more conservative. We here think it hinted that there is a prospect of some Yankee arrangements to kidnap the free negroes of the North and sell them to the Southern planters—no reason existing why they, who are without right under the Dred Scott decision, should not be as properly reduced to slavery as wild ones from Africa. If the slave traders are willing to encourage wars in Africa, they will show more chivalry and pluck in fighting the rascally abolitionists, who are protecting the free negroes against their best interests. The free negroes of the North are fair game, and the abolitionists should be whipped into surrendering them; if they are not, they will constantly steal the new importations. Possibly, instead of being whipped, they may find it to their interest to sell these outlaws to the South. The argument of humanity will be concerned in civilizing and making useful the lazy and worthless free negroes of the North, who are now *pugna conseruere nati*—born to eat corn.

CAMP MEETING.—The Camp Meeting at Bethel, on Charlotte Circuit, will commence on Thursday preceding the 4th Sunday in August.

AGRICULTURE IN SWITZERLAND.—A recent traveler in Switzerland says of farms and farming in that country, that no good terraced land can be had there for less than \$400 to \$700 per acre, and the quantity of such land is one per cent of the entire territory. No man owns more than 10 to 15 acres of such ground. In that country investments are more for security rather than profit, and 2 1/2 per cent is usually satisfactory.

An Indian Battle. St. Louis, Aug. 1.—Advices from St. Joseph of the 30th, state that a band of Omaha Indians had been attacked on the plains by a large party of Sioux, and seventeen killed and the same number wounded. A PLATFORM FOR THE SOUTH.—The Black Republicans are very anxious that the South should let them prepare a platform for it. They assert that the South should insist on a Congressional slave code for the Territories, and should go for the repeal of anti-slave trade laws. Of course, nothing would so delight them as a commitment of the South to the two issues—the first practically an absurdity, the latter practically an impossibility. Some of our Southern contemporaries very veridically are for being made tools of by the Black Republicans.—Columbia Carolinian.

A MARRYING MAN.—An old negro by the name of David, who stays at the Oxford (N. C.) Poor House, and who was carried from South Boston, to Little York, during the Revolutionary war, and was there enlisted as a soldier, and was afterwards wounded in the leg while in an engagement, lost his wife on the 12th ult. She died in the 95th year of her age; he is 103 years old. Six days after the burial of David's wife, he was again joined in the holy bonds of matrimony, to an old negro, who is in the 95th year of her age, thus assuaging the sad bereavement, caused by the demise of his former venerable spouse.
