WIL., CHAR. & RUTH. RAILROAD .--- The annual meeting of the Stockholders of this Company was held in Wilmington on Thursday last. We give below an abstract of the proceedings from the Wilmington Dispatch.

Four resolutions were adopted, as follows:

CORN .--- We learn that sales of Corn at 40 cents per bushel have been made in Iredell county. A gentleman doing business at Davidson College in this county tells us that he has bought Corn this Fall at \$1 per bushel.

We are satisfied, from what we hear, that there is an abundance of Corn in this State, although it is scarce in some localities. We think that in Union county the scarcity is greater than in any other section, so far as we can judge from reports

We are surprised that any one should remove from Cabarrus, or any other county in this section, to the East. The country between the Yadkin and Catawba Rivers is as good as any locality in the world. IF A Washington correspondent of the N. Y Tribune (a radical paper) writes as follows:

"I am informed that General Sherman has made a second surrender to the Rebels, more disastrous to his fame than his celebrated surrender to Joe Johnston. We all know that the General is Conservative, but despite Grant's order not to interfere with politics, he makes his conservatism political. He has written to the President, indorsing his policy unequivocally, sustaining the President's course since Lee's surrender, and making no allusion to the Amendment. This letter is held in reserve, and will be printed just before the New York election, in the hope of carrying over some half-and-half Republicans. It is very certain that Mr Stanton will retire from the Cabinet, being relieved at his own request. Sherman will go into the War office .-Stanton is said to have expressed a desire to go to Spain.
