THE RALEIGH SENTINEL AND THE CHARLOTTE DEMOCRAT. - The Sentinel has become somewhat excited and seems to have lost its usual propriety in discussing public affairs. It rails at us in rather bad temper, and talks about "twaddle" and "whimperings." There is this difference between the Sentinel and the Democrat: The Sentinel is the organ of the present State administration, and is anxious to keep a certain set of men in office-it is working for party purposes ble resources of the South and of North Carolina and for party men-while the Democrat belongs to no party and is not under the influence or control of any party, but is striving to establish good feeling and peace among all men.

The Sentinel has favorites to promote to office, and consequently it considers it a duty to denounce all who come in their way. We have no particular favorites to promote, and have never abused Gov. Worth or his friends, but have merely cautioned the Sentinel against abusing Gov. Holden and his friends, believing that such conduct promoted contention and strife.

We do not belong to the Republican party and have no favors to ask of that or any other party. but we can tell the Sentinel that there are as good and as honest men co-operating with the Republican party in North Carolina as can be found in the Sentinel's party, and the sooner it acknowledges this fact, and ceases its "twaddle" and "whimperings" about Holden and Holdenites the better it will be for the welfare of the State.

The Sentinel has already caused trouble enough to the people of the State, and it is time for it to change its course. By advising and promoting contention for the office of Governor in the Fall of 1865, it did a great deal to prevent the admis sion of the State into the Union, and its factiousness afforded an excuse, to some extent, for the passage of the late Reconstruction Acts, by which many of our people are disfranchised and put below the negro. Along with many of our fellowcitizens we have been deprived of the right to said a word. vote, and we feel that we are justified in blaming the Raleigh Sentinel for assisting in causing the disfranchisement of the white people.

We do not approve and endorse everything that Mr Holden says and does-he knows that we often differ with him-but it should be remembered that he has been badly treated and deceived by the Sentinel and others who heretofore professed great friendship for him, but who deserted him for very slight or no cause at all, and in that way aggravated and forced him to treat his opponents with some severity. He is not superior to human nature, and those who assail him may expect to be assailed in return. After Mr Holden's conduct as Provisional Governor was endorsed by a unanimous vote of the State Convention, and after it was well known that are opposed to all extremes, and especially to President Johnson and the true friends of the South in Washington desired his election to the office of Governor, if the Sentinel and its advisers had permitted the election to pass without opposition and strife, they might feel that they are not responsible for the present unsettled and threatening condition of affairs; but as it is, they are justly subject to blame and censure.

and Sharp are now fugitives from justice. Now, therefore, in order that said Brinkley and Sharp may be arrested and brought to justice for the said alleged murder, I, Jonathan Worth, Governor of said State, do issue this my proclamation offering the reward of Six Hundred Dollars for their apprehension and delivery to the Sheriff of Lenoir county, or three hundred dollars for the apprehension and delivery of either of them to said Sheriff. In Witness Whereof, His Excellency, Jonathan Worth, Governor of said State, has hereto set his hand and caused the Great Seal of the State to be affixed.

Done at the city of Raleigh, this the 14th day of May, A. D., 1867. JONATHAN WORTH. By the Governor, WM. H. BAGLEY, Private Secretary.

DESCRIPTION: John Brinkley is about 22 years old, about 6 feet or 2 inches high, light complexion, dark hair and eyes-lost two fingers off left hand, and one of same hand crooked from being broken-slight scar in palm of same hand, also scar on upper lip, which may be concealed by a moustache-one front tooth gone-a desperate man of unusual strength.
