### CHARLOTTE, N. C.

## June 25, 1867.

The Raleigh Sentinel, referring to the objections we raised to an extra session of the Legislature this Summer, says:

"We learn that a number of the intelligent members of the Legislature believe that it is highly important to the public interests that the Legislature should hold a short session. The cost of a Legislature is not as heavy as our cotemporary makes it. unless the body should prove recreant to the public interests, and simply remain in session to spend money. If the Legislature were to meet and remain in session only ten or fifteen days. \$1800 per day would pay the entire expense for all purposes."

Eighteen hundred dollars per day for fifteen days would amount to the sum of twenty-seven thousand dollars. Now, can the Sentinel give any good reason why that much money should be spent for the purpose of having a body of lawmakers to meet who have already been virtually superseded by military authority. The public Treasury of the State will have to pay a heavy sum in the way of expense for a reconstruction Convention and a new Legislature, to be held by order of Congress and Gen. Sickles. Why, then, waste money now for another session of the old Legislature? What is the use of passing any more laws while those already on our statute books are not allowed to be enforced ! It will be time enough to make new laws when it is ascertained that there is to be no military interference with them.

We are decidedly in favor of obeying all orders issued by Gen. Sickles, but we are opposed to assembling the old Legislature for the purpose of changing our present laws or passing new ones to suit his orders. Wait and let the reconstruction Convention or Legislature do that, if it is found necessary.

In reference to the remark of the Sentinel, that several intelligent members of the Legislature believe there ought to be a session this Summer, we will say that we know several intelligent members who do not think so. We hope enough impoverished people of the State.

In copying the above, we will take occasion to say that no one can rightfully censure the Post Commanders for closing the Bar-Rooms, as they are obliged to obey instructions. The kind and gentlemanly commander of this Post, Capt. Lazelle, deferred executing the order (at the request of the city authorities) until more explicit instructions could be received from Gen. Sickles; and when those instructions were received it became his duty to promptly close the shops."

So far as we can learn, the citizens of this community do not complain of Capt. Lazelle's course in any respect, but, on the contrary, are well satisfied with his administration.

The Raleigh Sentinel says of this matter: "The holding of the Courts by our Judges, under the Constitution and laws of the State and

They are compelled, by their oath of office, to swear that, "in case any letter or orders come to them contrary to law, they will proceed to enforce the law, such letters or orders notwithstanding." to be entitled THE RALEIGH REGISTER. The object of this enterprise is to advance the cause of Republican principles, and to aid in restorng the State of North Carolina to its place and functions as a member of the National Union. The Editor and the Proprietors believe in the equal rights of all men, and desire to diffuse their sentiments among their fellow-citizens, by the publication of correct information, and by calm, earnest, and free discussion. We will insist upon re-building our institutions upon the imperishable basis of justice, and we shall call upon all, as the National Legislature has done, to co-operate in the essential work of reconstruction. We shall regard all as friends who have "accepted the situation" in good faith by pledging fidelity to the principles of impartial liberty, embodied in the plan of restoration offered to the South by Congress; and we will treat as opponents those only who reject that plan.

The first number of the REGISTER will be issued on the 4th day of July, and thenceforward regularly. Terms of Subscription, -in advance. Semi-Weekly, Single Copy, per annum, \$400
