The Insurrection in Spain.

The cause of Queen Isabella seems to be becoming daily more hopeless. The rising being more and more general. When we consider that the telegraph wires have been cut and all railway communication seriously disturbed, the news must be admitted to reveal a state of feeling all over the country which is fatal to the prospects of Queen Isabella.

Washington Items.

Semi-official gossip regarding Mr. Davis' trial has it that Mr. Everts will take no active part—he having originally suggested Dunn as a proper person to lead the prosecution. Gov. Welles, of Virginia, continues to take an active interest in the prosecution, as a lawyer. The impression prevails, in official quarters, that there will be no trial.

Revenge.

Romantic Episode in the Career of a Detective. From the New Orleans Picayune. 'Till I tell you of an incident I never reflect on without regret,' said Mr. F., as he turned to the reporter in response to his request for another story: 'The life of a detective is not one of excitement merely. It is sometimes crossed with events as wild and startling as ever give coloring to romance. No emotion, no passion or phase of character, is hid from us.

Love and Small Pox.

The San Francisco correspondent of the San Jose Mercury writes the following: When I tell you that three or four thousand people were vaccinated in this city last week, you will readily understand that a yellow flag waving in the breeze will create a degree of consternation and excitement that will at least rid that immediate neighborhood of all the noise and disturbance of hawkers, passing foot-tramps and frequent visitors.

TERRIBLE RESURRECTION.—Gen. Kilpatrick reports a singular and horrible circumstance which took place at Africa, on the south side of that city, during the recent fearful earthquake.

As the earth opened and yawned, there came up five hundred mummies, who stood in long lines facing the sea, every one of the skeletons in perfect preservation, the hands doubled up and supporting the chin, the knees drawn up, and the feet supporting the fleshless body. This must have been one of the most frightful sights possible, and quite beyond description.

NOTICE.

A PATRIOTIC REASON.—Of all the vile humbugs we know of, the greatest is the reason given by the Radical bondholders why other people's property should be taxed, but not theirs. They say it would lessen the national credit to tax the bonds! A very tender are they of the national credit when their own interests are concerned.

IGNORANT NEGROES.—Gov. Warmouth, the "carpet-bag" Governor of Louisiana, has vetoed the Civil Rights Bill, giving negroes the same entire to public conveyances, theatres, hotels, &c., as white men.

WILD PIGEONS.—Numerous flocks of these migratory birds have been passing Southward over this section, within a few days past,—a sign, the "old folks" say, of a hard winter.— Raleigh Sentinel.

ALEXANDER SUPERIOR COURT.—F. E. Shober, Esq., addressed a large concourse of the citizens of Alexander, at Taylorsville, on Wednesday last, with telling effect.

DRILLING WHEAT.

A correspondent of the Richmond Dispatch, writing from Loudon county, the great wheat region of Virginia, states that the farmers in that section have almost universally adopted the plan of drilling their wheat, instead of the old method of sowing broadcast.

Deception of the Colored People.

We have been shown a copy of an address to "the colored people of the United States," which purports to be issued by a committee, appointed at a Mass meeting of the colored citizens of Massachusetts, held in the city of New Bedford in August last, and which is being very industriously circulated among the colored people of this country. The object of the address is to induce the colored people to vote for Grant and Colfax, and to accomplish this an appeal is made to their cupidity, by holding out hopes to them that in the event of their success the government will distribute a large amount of money among the colored people—the result of their labor during the last three years of their slavery, which the government took charge of, sold, and put into the treasury of the government.

An Act to Punish Bribery and Coercion in Elections.

The General Assembly of North Carolina do enact: Sec. 1. That it shall be unlawful for any person to offer any bribe to any of the qualified voters of this State with intent to influence his vote in any election. Sec. 2. That it shall be unlawful for any person to attempt to influence the vote of any of the qualified voters of this State, in any election by any threat to discharge such voter from employment or to withdraw from him patronage, or to discharge from employment, or refuse patronage to any member of such voter's family.

NEWS ITEMS.

DIRECT TRADE.—Arrangements are in progress, with good prospects of success, for the immediate establishment of a semi-weekly steamship line between Charleston, S. C., and Liverpool.

EX-PRESIDENT ROBERTS, of Liberia, is in Boston, having landed at Baltimore on Thursday. He will stop in this country until December.

THE SPANISH REVOLUTION gains strength. Valladolid and both Castiles have revolted. Royal forces recalled from other points to protect Madrid.

RICHMOND, Sept. 28.—On Saturday night, in New Kent county, Mrs. Stewart, a widow, was murdered, and the corpse burned with the dwelling. John Baker, her former manager, was also murdered and robbed of five hundred dollars in gold. Four houses were recently burned in the same neighborhood.

IT is reported that the great earthquake in South America swallowed up "three hundred millions of property." Our Radical party swallows up five hundred millions every year. The party is a worse gourmand than the earthquake. It takes bigger swallows, and swallows oftener.

As a special and particular favor to Silas James, who was hung in Worcester, Mass., last Friday, he was hung with the same rope with which Professor Webster, of Harvard College, was executed for the murder of Dr. Parkman, eighteen years ago.

THE INDEPENDENT ORDER OF ODD FELLOWS.—The Report of the Grand Secretary, read at the recent meeting of the Grand Lodge at Baltimore, furnishes the following statistics. Number of Lodges in the United States and British North America, 3142; Grand Lodges, 41; Grand Encampments, 31; members, 243,789. Money expended in relieving the brethren and their widowed families, in educating orphans and burying the dead, \$682,090. Annual receipts, \$2,093,145. This order has been established on a permanent basis in Australia, there being in that country 4000 members affiliated with the organization in the United States.

SENSIBLE MAN.—During his remarks last Saturday night, General Blow stated that the time was when a man could sit down in his store, or place of business, and trade came to him; but the newspapers contended that to succeed now, you must advertise your goods or wares, or fail of success. And, said Gen. B., this is true: advertising is one of the great elements of success, and every live business man understands this and avails himself of it.— Norfolk Journal.

GEN. SHERMAN ON UNIVERSAL NEGRO SUFFRAGE.—Gen. Sherman made a speech to the returned Federal soldiers, at Chicago, in August, 1865, in which he thus referred to negro suffrage: "I want those who have been in the South, to bear testimony to the condition of these freed negroes. My opinion is that they are not fitted for the exercise of the franchise. I want them to get a fair price for their labor, but I do not think they are fitted to take part in the legislation of the country."

GEN. SHERMAN'S VIEWS, although he supports Grant, are in marked contrast with those of the leaders of the Disunion party. The basis of settlement agreed on by himself and Gen. Johnston, at the close of the war, proved him a man who possessed much magnanimity, and if this action in that matter had been sustained, our country would now be more prosperous than it is.
