Cheap for *CASH*, but cannot trust."

WE who listen with credulity to the whispers of fancy; or pursue with eagerness the fleeting phantoms of hope; who expect that age will perform the promises of youth; or that the deficiences of to-day will be supplied by the superfluities of to-morrow, attend to the business of Robert Shaw, the Saddler and Harness Maker in the town of Charlotte. His saddles consist of the following varieties, to wit;

North Carolina **SADDLES**,
Kentuckey "
Carpenters "
Dustor "

He also has a variety of saddles made expressly for travelling a great distance, warranted to wear well. Besides a large assortment of Saddles, Moss Bridles, Harness, Drovers Whips Buggy whips and Gig's Saddles, together with all manner of

Saddlery Hardware,

which he will sell on the most moderate terms, either by the whole sale or retail.

General Land Office,
OCTOBER 14, 1852.

NUMEROUS applications having been made to this office on the subject, it has been decided, on full consideration, to recognise assignments of Land Warrants, when executed before two witnesses, and acknowledged before a Notary Public; in all cases, however, to be accompanied by a certificate under seal, from the proper authority, of the official character of the Notary, at the time of taking such acknowledgments, and of the genuine ness of his signature.

The instructions of the 23d March last will therefore be regarded as so amended.

Rail Road Sills.

PROPOSALS to deliver Sills on the 2d, 3d and 4th Divisions of the North Carolina Rail Road, will be received at the Rail Road Office in Greensborough, until the 1st December next. On the 2d and 3d Divisions, which extend from within six miles of Raleigh to Lexington, the Sills are to be of good White Post Oak, or Chesnut, 8 feet long, flattened on two sides, so as to show 7 inches heart, and to be 7 inches thick between the hewn or flattened sides; the other two sides to be barked, and the ends to be squared off or well butted.

On the 4th Division, extending from Lexington to Charlotte, like or similar Sills will be received. Or bids will be likewise received on this Division for Red Oak or Black Oak Sills of the same description, except these last must show 8 inches heart on the flattened sides, and be 8 inches thick.

The Sills to be delivered on the line of the Road 40 at the distance of every 100 feet by the 1st January, 1854, for the 2d and 3d Division, and by the 1st of June, 1853 for the 4th Divisions. All to be inspected and approved by the Engineer.

Bidders will be shown the sections on each Division, and will designate in their bids the sections for which they bid, the kind of timber their Sills are to be and what proportion of their contract they are willing to take in Stock.

Mechanics, Manufacturers and Inventors.

A NEW Volume of the SCIENTIFIC AMERICAN commences about the middle of September in each year. It is a journal of Scientific, Mechanical, and other improvements; the advocate of industry in all its various branches. It is published weekly in a form suitable for binding, and constitutes at the end of each year, a splendid volume of over 400 pages, with a copious index and from five to six hundred original engravings, together with a great amount of practical information concerning the progress of invention and discovery throughout the world.

The Scientific American is the most widely circulated and popular journal of the kind now published. Its Editors, Contributers, and Correspondents are among the ablest practical scientific men in the world.

The Patent Claims are published weekly and are invaluable to Inventors and Patentees.

PRIZES—We solicit attention to the splendid Prizes offered for the largest number of subscribers, consisting of a SILVER PITCHER worth $60; a set of the ICONOGRAPHIC ENCYCLOPEDIA worth $35; DEMPSEY'S MACHINERY OF THE NINETEENTH CENTURY, and C. CHARLES T. EBERHARD & CO,

RESPECTFULLY inform the citizens of Charlotte and vicinity, that they still carry on the

BOOT AND SHOE MAKING,

at their old stand, two doors below David Parks's store, and nearly opposite Kerr's Hotel, where they are prepared to execute all work in their line, in the neatest and most fashionable manner. They will warrant their work to be made of the best materials and to wear as well as any in the section.—If good materials, good workmen and a strict attention to all Orders will merit encouragement they are determined to merit it.

As one of the firm will go North, once or twice a year, purposely to purchase Leather, they always intend to have the best that can be bought at the North, and they will be able to sell better and cheaper Work than any other Shop in this section of country. ☞GIVE THEM A TRIAL.

☞A supply of all kinds of READY-MADE WORK always on hand.
