Sale of Dr. Wharo's Vermifuge.

☞ Among the hundreds of letters, certificates and orders received by the proprietors of this medicine, the following are selected to show its character, and the effect of its use in a distant part of the West:

ROYALTON, Boone Co., Ia May 10, 1850.

Messrs J. Kidd & Co.—*Gentlemen*—I write to you to solicit an agency for the invaluable Vermifuge you prepare. Some time since, I purchased one dozen vials of Mr. C. Ely, and prescribed it in my practice; and it proved so effectual in the *expulsion of worms, that no other preparation will satisfy the citizens of this village and vicinity.* Please send me one gross of the Vermifuge immediately. Yours, &c. SAMUEL ROSS.

NEW PROVIDENCE, Tenn. July 1, 1851.

Messrs J. Kidd & Co.—Please send the Vermifuge for me as soon as possible, as we are nearly out, and *the demand for it is very great. We believe it to be the best Vermifuge ever invented.*

PORTER & DYCUS.

☞ Purchasers will be careful to ask for Dr. M'Lane's Celebrated Vermifuge, and take none else. All other Vermifuges, in comparison, are worthless. Dr. M'Lane's Vermifuge, also his Celebrated Liver Pills, can now be had at all respectable Drug Stores in the United States and Canada.

STEAMERS MARION AND GOV. GRAHAM.

THE owners of the MARION having purchased the Light Draught Steamer, GOV. GRAHAM, will, for the future, run in connection with her. The MARION, Capt. Frierson, is well known as the most prompt and efficient Boat on the Pee Dee River. The GOV. GRAHAM is of very light draught, and was built for the Cape Fear River, where she was, for some time, successfully employed, but, for the last year, has been engaged on the Pee Dee, and during the extraordinary low stages of the River, last Fall, made regular trips to Cheraw without any detention. The Insurance offices in Charleston take risks on the Graham as low as on any Boat on the River.

Shippers by this line may depend upon having their freight delivered without detention, at any stage of the River, as the Graham will always take the Marion's Freight when she cannot get up the River.

Important to Mill Owners.

Willis's Patent Turbine Water Wheel.

THIS is one of the best Water Wheels ever offered to the Mining public. It can be used in place of any other wheel, and will propel the same amount of work, with much less water, and will run a perfect overshot wheel, with the same amount of water, under the same fall, at one-half the expense of gearing, required to get up a new construction, will not be greater, than half that required for the Overshot or Breast Wheels. Its simple construction and not easily get out of repair can well work to greater advantage under head and fall than any wheel in use.

The subscriber having purchased the exclusive right to make and sell these wheels for the following rights or counties in the counties of Mecklenburg, Union, Cabarrus, Lincoln, Catawba, Iredell, Davie, Davidson, Guilford, Forsyth, Stokes, Alamance, Orange, Rockingham, Yadkin, Wilkes, Chatham and Randolph, in the State of North Carolina, and Scientific Millwrights and Engineers, will be pleased to furnish such number of Wheels to all who may favor me with their orders, as they may require, and get out work for such Mills as they may build.

I am also prepared to furnish Steam Engines and Mill Gearing of every description, and Flour Burr Mill Stones and Bolting Cloths of the best quality, on short notice.

All orders addressed to me at Columbia, S. C., will be promptly attended to.
