rention a plan for op ning Sunday Schools—containing the day of the month, an appropriate hymn, arranged especially for children—and moved that it be published in the proceedings and recommended to the consideration of Sunday School teachers.

Whitefore Smith made an able and elequent report of the Committee on the influence of the Sunday School. The report says; The influence of the Sunday School is not a matter of speculation. The glorious old institution has been in operation long enough to be judged of by its fruits. Ample testimony of its effects is given by the thou-sands who have been brought from the San-day School into the bosom of the Church The committee say they are deeply influenced to Street Church, on Sanday evening last with the importance of the hearty co opera-tion of parents in giving efficiency to the ducted by Rue Dr. Longstreet, and Gov Sumlay School The Sunday School should Girt was called to the Chair. The report was unsulmously adopted. Her Mr. Lester made a report of the Com-nities on Officers. On the reading of this report a discussion enemed, in who instances of the beneficial effects of Schools and Sunday School Conven ions were libe trated. Also on the benefit allowing other than members of the Church b come Sabbath School teachers.
The Rev. Mr. Murtin related an instance three young men whem he had met some

twenty years ago, and who had been brought up in the Sabbath School. They had reached an age when they considered themselves unfit for Sabbath School scholars. Neither of them were members of the Church, neither had made a profession of religion. He in duest them to take charge of a class in the Subbath Setool. In communion with one of these, he had told him that the circumstance of the Sunday School led bimself with two others into the church. One is now President of Lensie Female College, another is the Persiding Elder of Charleston Di-strict, and the third an acceptable Professor in the Volesbury Institute, and all have een acceptable members of the South Ca-

iina Conference. The portion of the report in relation to the qualification of members were stricken out, and the report adopted. The Committee on Literature reported re-

solutions complimentary to Dr. T. O. Sumners, and exceedly requesting him to con-mue his labors and to botch a catechism of the New Testsment, a selection of hymne, a registry book, a minute book, a library report and a certificate of reward.
