In a difficulty between a white man named Thos. Waters, and a negro named Frank Stubs, in Lenoir county near Kinston, the white man fired several shots at Frank Stubs, when Isaac, his brother, threw an ax at Waters, striking him on the head, from the effects of which he died in about two hours. TORREN'S N. C. ALMANAC.—We have received from the publisher James H. Egan of Raleigh a copy of this almanac for 1876. This is one of the best and most useful we have ever seen. It now contains an annual state record which gives the most important events which have transpired in our State during the past year. Also embracing chronology and biography. Its Legislative summary of the most important public acts passed by last General Assembly contains information that every citizen ought to know. It gives discoveries of minerals in our State in 1874-5. Its Farmer's department will be of much interest to every farmer, as it gives an account of cotton, corn, tobacco, &c., raised in the State in 1874-5, and by whom, with name of county in which they grew.

It also has the State Government in full, courts, members of the convention, Postal rates, Election tables &c. &c., altogether making an almanac interesting, useful, valuable and which will meet a demand wherever it can be had. The price is only 10 cents.

Says the Charlotte Observer of Sunday regarding the W. N. R. R:

We had a conversation, yesterday afternoon, with a gentleman who was present at the meeting in Morganton on Friday, of the stock-holders of the Western North Carolina Railroad. This meeting, as we have previously stated, was for the election of a commissioner for the road on the part of the private stock-holders, they being entitled to one commissioner and the State to three.—As was foreshadowed in these columns yesterday morning, Col. S. McD. Tate, of Morganton, was elected. The choice was unanimous.—The Commission consists of W. W. Rollins, W. S. Pearson, W. P. Canady and S. McD. Tate.

At a meeting of the Commission on Friday night, W. W. Rollins was elected Chairman. Maj. W. A. Smith, the Receiver of the road, met with the Commissioners and turned the road over to them and with it, \$8,000, earnings of the road from the 1st of May. A committee was appointed to visit Raleigh on Monday and have an interview with the penitentiary Board regarding the convict labor to be employed on the road. It is proposed to put the laborers to work at once. The \$8,000 will be to commence on. The convicts will be put to work in the tunnels.

One of the grandest triumphs ever achieved by the Democracy was wiping from the Statute Book the law authorizing imprisonment of a man for debt. Until 1833 a man in debt was treated as a felon, and imprisoned in a common jail till the debt was paid. Richard M. Johnson, the Democratic United States Senator from Kentucky, introduced a bill in the Senate to abolish imprisonment for debt on judgments taken in the courts of the United States. After years of struggle, imprisonment for such debts was abolished, through the combined action of the Democracy in Congress, despite the earnest opposition of their political opponents. Every State followed the example set by Congress, and it is wholly owing to the Democratic party that men in debt are not now treated like felons. This scrap from history remarks the Cincinnati Enquirer, is worthy of consideration.

SAN FRANCISCO, Oct. 2.—The crowd gathered at the bank this morning, and every preparation was made to open it. The President said the bank was prepared to pay all the claims not otherwise provided for. At 10 o'clock the street and sidewalks were jammed, the door swung open amid cheers from the crowd. The flags at mast head on the stand and a salute firing at the wharf. At half past 10 o'clock gold was flowing both ways. It is believed deposits will equal if not exceed payments.

TO THE PENITENTIARY.—Ten prisoners from Robeson county, under the charge of the Sheriff, passed through this city yesterday en route for the penitentiary. They were all convicted at the last term of Robeson Court, eight of larceny, one of arson and one for obstructing the Carolina Central Railway track, and are under sentence from three to ten years each.—Wilmington Journal.

The radicals have it seems at last grown tired and ashamed of their disgraceful conduct, and have agreed hereafter, to confine their opposition to all measures before the body, which they may elect to oppose, to debate and legitimate opposition. This if adhered to will greatly expedite and facilitate the work of that body. The good people, of the State will feel gratified at this intelligence.

The famous trotting mare the American Girl dropped dead yesterday in the first heat on the Elmira (N. Y.) trotting park. Kemper, of Virginia, has issued his proclamation to the effect that the Great Britain statue of Stonewall Jackson will be unveiled on the 26th of October; inviting the people of Virginia, and all others of whatever State, or section, who admire genius and valor, who love virtue and revere the memory of Stonewall Jackson, to be present.

Florida has developed a new attraction in the shape of a volcano. It is in Gadsden county, and manifests itself by smoke issuing from a huge rock. For Iceland or Honolulu this would not be considered any "big thing" in the way of a volcano, but for a low-land State like Florida it will do.

The Oxford Leader has consolidated itself with the Torch-Light, and now we may expect that luminary to blaze with even greater effulgence than has been its wont. Success to the combination.

DANGER OF BLOWING OUT KEROSENE LAMPS.—On Tuesday night about 11 o'clock, as Lucy Martin, colored, from Waynesboro, who was on a visit to Taylor Jefferson, her brother-law, here, was about retiring, she turned down a kerosene oil lamp supported on a bracket against the wall. As the blaze was not turned entirely off she blew in the lamp chimney to put it out. The lamp instantly exploded, burning her face and breast dreadfully. Taylor Jefferson and his wife ran in and threw a blanket over her, smothering the flames, his wife getting her hands badly burnt in the attempt. Dr. Reese was called in and rendered the necessary medical attention.—Staunton Vindicator.

The Methodist are erecting in Savannah a handsome edifice, at a cost of \$100,000, and asking contributions for it as the Wesleyan Monumental Church. John Wesley was in Savannah near one hundred and fifty years ago, and preached in Christ Church twenty months, where he was followed by George Whitfield. Wesley established a Sunday-school there fifty years before Robert Raikes began his work in Liverpool.

The Ohio election is to-day. The people of that great state will pass upon the new currency and finance issue. The eyes of the country are upon them. The hopes of the democratic party are largely centered there. We look for news of a glorious victory, though elections are uncertain.
