Our village has much improved since

we first knew it, as a place of social en-joyment. The holidays of the Christmas before, witnessed quite a number of social gatherings, and those just passed have exceeded any here for years in the number of dinings, tea drinkings, and oyster suppers, at which were assem-bled small numbers of relatives and triends; and besid a these there were several narries, energiable for the young several parties, especialy for the young people. On the night before Christmas the pupils of Graham High School had a social entertainment to which the young people of the village were invited, and

which, not withstanding the sloppy condition of the streets, was well attended. and, of course much enjoyed. On Christmas night Mr. R. A. Noell invited some relatives and friends to an oyster supper, as he termed it, but there were

many other tempting ellibles spread besides the bountind supply of oysters. From there the young people who were, present went to Mr. 1', Harden's to a sosial party, where quite a large number of young people were present by invita-tion, and all had "just a splendid time" to use the words of one who evidently much enjoyed it. On the last night of the old year, the young ladies of the village, were elegantly entertained, toto use the words of one who evidently much enjoyed it. On the last night of the old year, the young ladies of the year of the young men whom they record that the young men who to solid work and fairly dauced the old year ont and the new year in. The ladies by the privilege in them vested by the near approach of reap year, became the protocords and gallants of the young men, and, after beseeching them for permission so to do, called for them at their homes with ver-hieles, and took them in charge. Infough-out the evening this reversal of the natu-ral order of things was kept up, amidst much innocent merriment. Allogether this was a most enjoyable affair, and the young people owe Mr. and Mrs. Harden a vote of thanks. On New Year's night Capt. and Mrs. J. A. Granam had a num-

ber of hiends to tea, and a very pleasant social evening was spent. Besides these there were a number of other dinings and teasdrinkings, and one regular old fashsoned candy pulling, where the fas-veniles had a high time. Taking it all in all it was a much enjoyed Christmas in Graham. And, by the way, if per-missible, we will remark, that there is, in our opinion, no more pleasant village, anywhere, than ours, and none that contains more hospitable, entertaining people, in proportion to population.

ALAMANCE WHIPS -In the big chicken fight, at Charlotte, during Christmas week, between Alamance and Mecklen-burg, Alamance was the victor. Mr. Sidney B. Holt, who was the victor. Mr. Sidney B. Holt, who was Alamance in the fight, whipped ten of the eighteen fights in the main, and twelve out of fit-teen hack fights. The Charlotte Observer says there is to be another main fought the e in April, in which Mr. Holt will represent North Carolina in an inter-State outest with Georgia. There are. haps, no finer chickens in the world than Mr. Holt raises.

Those wishing their children thoroughly taught will do well to patronize this school. All the English tranches and French taught.

Some of the young mea, as they call themselves, boys as they are generally called, are quite consequential since the leap year party-mightily flattered at the attention they received. Now, boys let us tell you a secret : when a girl is a lit le soft on a tellow, that fellow is the very one she pays the least attention to at leap year parties. Don't think that because girl asked "the pleasure of Mr." of some you oftenest that it means you are any favorite; on the contrary quite the reverse. These girls are smart, and they are not going to give themselves dead away, if it is leap year. And another thing, because you were waited upon by a young lady is no sort of excuse for parting your hair in the middle.

AN ALAMANCE YOUNG MAN AND HIS BRIDE.-Mr. B. F. Long. a son of Mr. Jacob Long, of our county, but for some while the law partner of Hon, W. M. W. M. Robbins, who, for her beanty and accomplishments, had been accorded the title of "The Belle of Western North Carolina." The happy pair were elec-ntly entertained at a dining, where y met relatives and friends, at the cre of the brother of the groom, the i.ev. D. A. Long; and the next day there was a family dining at Mr. Jacob Long's, the father of the groom. Mr. Long and his bride are yet visiting rela-ives and friends, in and near the village.

A stout backbone is essential to physical health as to political consistency. For weakness of the back and disorders of the liver and kidneys, the tonie and moderate diatetic action of the Bitters is the one thing needful. Remember that the stomuch is the mainstay of every other organ, and that by invigorating the digestion by this preparation. the spinal column and all its dependencies are trengthened.

NEW PAPERS.-Two new papers have made their appearance in Raleigh: The State Journal, one of the very best papers we have seen, by that veteran newspaper man, John Spelman, thoroughly Democratic in politics, and a credit to printers and editor; and The Signal, as thoroughly Republican in politics as any paper can be, neatly printed, and possessing literary merit, by ex-Juge W. J. Clarke, one page of which however is devoid of politics, and is edited by Mrs. Mary Bayard Clarke, the accomplished wife of the editor, and one of the foremost lady writers of the South. To the first named we wish unqualified success: to the second we wish as great a measure of success pecuniarily, but trust, for the good of the country, that it will have very poor success in inculcating its political doctrines.
