

PROPER CROLE.

[From the Washington Star.]

In 1873 Mr. David G. Croley, of New York, formerly managing editor of the New York World, and afterwards of the Graphic published some predictions in regard to events for that year which afterwards gained great notoriety...

1. The year 1879 will on the whole, be a prosperous one for the United States. There will be a general revival of industry...

2. There will be a partial failure of crops this year. Our hay crop on the Atlantic slope will be short.

3. At least two important failures of Wall Street magnates will take place this year. They will be of persons with whose names every one is familiar.

4. An unsuspected weakness in our national banking system may be developed during the year.

5. The disproportion between our exports and imports, such as we have witnessed for the past two years, will come to an end before 1881.

6. Should the country be prosperous and resumption stand until the national convention meets in 1880, John Sherman will be the candidate of the Republican party for the Presidency.

7. Resumption has not settled all our financial difficulties. Questions affecting the business interests of the country will be the subject of many warm political contests.

8. A foreign war before many years are over is not improbable, due to the weakness of our navy and the unprotected condition of our rich seaport cities.

9. A new pestilence or the revival of an old one, which will affect the people inhabiting the temperate zone, is among the probabilities of the near future.

10. A new motor will soon be discovered which will make air navigation possible.

THE WAY TO OBTAIN HEALTH.—First study to acquire a composure of mind and body. Avoid agitation or hurry of one or the other, especially just before or after meals, and while the process of digestion is going on.

A young man from the country went to have a tooth stopped. The dentist advised him to have the tooth taken out, and assured him that he would feel no pain if he inhaled laughing gas.

A man in St. Paul took out a life insurance policy for \$5,000, one of the printed conditions being that the company need pay nothing if he committed suicide.

A northern minister was introduced to a colored minister, and inquired after his work. "I preach, sah, on Colonel Gordon's plantation."

"Forget thee?" wrote a young man to his girl—"forget thee? When the earth forgets to revolve; when the stars forget to shine; when the rain forgets to fall; when the flowers forget to bloom, then, and not until then, will I, forget thee."

The largest room in the world, under one roof and unbroken by pillars, is at St. Petersburg. It is six hundred and twenty feet long by one hundred and fifty in breadth.

AT LAST

There is a tobacco market in this country

McCaughey & Smith

of COMPANY SHOPS, are buying Tobacco, and paying for it in cash or hatter at the very highest prices. And also RAW HIDES, for which they pay the highest prices.

THEIR STORE

is the Jim More old store house, and is filled with a general stock, such as the people need, which they will sell as cheap as anybody

They keep everything and buy everything and their purpose is to show the people that if their interest to give them a liberal share of patronage. They are just starting in business, and they hope to succeed by strict attention and fair dealing. They ask the people to try them and then of course they can judge for themselves. Notwithstanding they make a specialty of

Tobacco and Raw-hides

yet they buy all kinds of country produce. They wish all to remember that while they are specially anxious to buy Raw-hides and Tobacco, yet they desire to buy all kinds of produce. They intend by frequent order to keep their stock always full, and by turning over often can afford to make small profits. Oct. 15 1877. J. J.
