New FACTORY.—Messre Lawrence and Banks Hole, of the firm of E. M. Holts sons, some vester ago, bought the property and water power at Edins bridge, on Big Alamance, from P. F. Holt, and they have gone to work to build a new factory at that point. We noteen wagons loaded with lamber for operatives houses passing through the village, and very soon we shall have an-other cotton factory in full operation. In the county. The factory building itself is up bend back, and of non-modulous proportions. It is not then at the toto work, to be speedily done, there can be found to more genergetic men. Taking the facily, Mrc E. M. Holt, his some and some in work we suppose they are the largest and most successful immunictury-ing facily in the Soch, Much of the

sona in law, and we appose they are the largest and most successful manufactur-ing family in the South, Much of the success with which they have been blessed we credit to the very superior bleased we credit to the very superior indement, and extra good common sense aided by long experiences of Mr. E. M Holf, the pioncer manufacturer of the State. In raying this we do not wish to be understood as underrating the energy, discretion and business qualifications of the sone and isons in law, a Lagtimate business justifigently and well attended to has branchet them as measure selfoon to, has brought them a success seldom achieved in this State, or claewhere. Suc-ess or failure, after all, largely depends upon the dank
