Chew Jackson's Best Sweet Navy Tobacco. Fine rains last week and this. Daniel Anthony is foreman of the Grand jury. Mrs. Cotton of Chatham, has been visiting relations in Graham.

FRESH DRUGS—for the Cash. at the Southwest corner of Court House Square. Read what the BANNER WAREHOUSE at Durham has to say for itself this week. Reams will have to look to his laurels on AVERAGE. Don't use quinine. Use J. R. Fonville's chill cure, to be had of him in Graham for 50 cents. No cure no pay. 1 mo.

Mr. Col. Holt, and daughters have returned from the springs, to their home at Haw River, after an absence of some weeks. Mrs. Dr. Williamson, after a very pleasant sojourn at Glen Alpine and Catawba Springs, has returned to her home, much improved in health.

Mr. John Denny, after building and improving for many other people, has gone about doing something for himself. We notice a new piazza, and new blinds to his dwelling. Well, we like to note little improvements here and there.

If functional Torpor of the Liver exists, the elements of the Bile will remain in the blood, vitiating that fluid and inducing many skin diseases. Dr. Bull's Baltimore Pills are a most reliable Liver Regulator. Sold everywhere. price 25 cents.

SCRATCH YOUR HEAD IN ANOTHER PLACE.—Lucien Crater, the barber, may always, that is nearly always, be found at his shop in room No 19 in the Graham Hotel. The location is quite convenient and Crater is a good barber keeps everything nice and clean, and does his work well.

PHOTOGRAPHS.—Having pitched my tent in Graham, I will remain for two weeks, and shall be pleased to serve all wanting pictures of whatever style. I take all of the different classes of pictures, and guarantee satisfaction. My terms are moderate. Those not pleased with the work they order need not take and pay for it. W. J. HAYES, Artist Aug. 18, 1879.

The Banner Warehouse on Wednesday last fairly earned its name. The breaks were large, and the bidding was most exciting, prices running up to the high pitch under the active competition of bidders. Elsewhere, we give selections of prices obtained by this and other warehouses. Here we will only state that 20,000 pounds were sold at an average of \$17 per hundred—Durham Recorder.

TWO OLD LADIES DEAD.—Mrs. Mary Roney and Mrs. Katy Wyatt, both of the northern portion of the county, died last week. They were both very old women; Mrs. Roney being about eighty, and Mrs. Wyatt, as we are informed having completed her hundredth year last December. We understand that the fact of her remarkable age is authenticated, and as we are a little Skeptical about these hundred year old people, we intend to make some inquiry concerning Mrs. Wyatt's age.

LAYING THE CORNER STONE.—Last Thursday the Corner Stone of the new Evangelical Lutheran church to be erected at Company Shops was laid. It was named Macedonia. Rev. W. Kimball, of Gibsonville, was master of ceremonies; and Rev. Mr. Lutz, of Winston delivered the address. There was a large congregation present. The address was delivered in Union church and we hear it spoken of as a fine production. The work of building the church is to be pushed ahead, and its completion is looked for by Christmas.

COURT WEEK.—His Honor, Judge McKoy, opened court promptly on Monday, at ten o'clock. His charge to the grand jury was plain and fitting. Solicitor Strudwick was at his post prosecuting for the State. Up to this time there have been tried only misdemeanors. There are several in jail, and some out awaiting trial for felony, none however of such a character as to attract general attention. The railroad force of the State will doubtless be somewhat increased. The visiting members of the bar are J. A. Long, of Yanceyville, Col. Ruffin, of Hillsboro, Col. Solicitor Strudwick, and L. M. Scott, of Morehead and Gilmer, Webb, of Greensboro. S. H. Johnson, of Oakes, and E. W. Pop, of Johnston county, with Pittsboro to hear from, and additional returns to Greensboro expected.

THEY HAVE BEGUN.—We mean the fall courts and church Festivals. The court opened here last Monday morning, and the Festival, (the very proper thing is to say Bazaar) opens at Grange Hall, Company Shops, to-morrow-night. It costs nothing to get into the midst of the charmed circle, but the tribute that will be exacted after you are once under the influence and in the power of the charmers cannot well be conjectured.

On Thursday night, the night of the 21st of August A. D. 1879, and don't you forget it, the ladies of the Presbyterian church at Company Shops, will hold a Bazaar, or Festival just as you please to call it, in Grangers Hall, at Company Shops, for the purpose of raising funds to buy a communion set for their church. No admission fee will be charged, and all are cordially invited. There will be many fancy articles, and something good to eat. All who attend may promise themselves an evening of pleasure, and at the same time they will contribute to a worthy and deserving purpose. Now read this, put a little small change in your pocket, and make a bee line for Grange Hall, and you will feel better for going.

(Communicated.) HARD TIMES. Owing as we do about fourteen thousand million dollars the interest of which is sapping the life blood out of every department of trade and industry, who wonders that times are hard.

During the last twelve or fifteen years a large and expanded industry has been hampered, crippled, and almost destroyed by having its life blood taken from it through contraction of the currency and just in proportion as it has been thus weakened, its burdens have been increased, by interest and taxation until it has paid more than the sum of the public debt in interest, and still more to the banks for the use of what the Government is constitutionally bound to furnish free of cost. Let the people demand that the bond-holders bonds be converted into legal tender money, to the end that the burden of interest may be lightened, and that money to be profitable shall be compelled to co-operate with labor. This demand would bring about the issue whether the Banks or the Government shall issue the money, and whether we shall continue to bear the burden of the public debt by paying interest on it without having the use of it, or shall we change this curse to a blessing by turning it into money again to be used without interest.

The experience of the ten most prosperous years of our history has demonstrated that gold and silver money are not essential to the life, liberty and happiness of civilized nations; what we most need is the establishment of just relations between productive industry and non-productive capital, and a just distribution of the products of labor. This result would be most speedily and happily obtained, if the Government would issue a currency direct to the people, make it a legal tender in payment of all dues, and with it pay off and stop the interest on the public debt, it matters not whether it is called green-back or yellow-back, so it will pass everywhere at its face value. That sort of a currency free from interest, issued and distributed to all parts of the country, in such sums or quantities as the business requires and demands, would bring things to one common level and be the beginning of a new era of prosperity and happiness to the country.

AGRICOLA. TERRIBLE STORM ON OUR COAST. The following dispatches which we clip from the Charlotte Observer tell of a terrible storm on our coast: MOREHEAD CITY, N. C., August 18.—We were visited this morning by a terrific storm from the southeast, damaging personal property here to the amount of about \$5,000. The Atlantic and North Carolina Railroad track between the town and the depot is nearly all washed up. The Atlantic Hotel and eight business houses in Beaufort were washed away, while the various other damages are inestimable. The guests of the Atlantic escaped, but the building and contents, including all the baggage, is a total loss.

There is no information from other sections of the county, but the damage must be very great. WILMINGTON, N. C., August 18.—A terrific storm of wind and rain visited this section early this morning. At 4 a. m. the velocity of the wind had reached sixty-eight miles per hour. A large number of shade trees were prostrated in the city and seven houses and sheds were unroofed. No lives were lost. The German barque Marie, is ashore with the mainmast, fore and mizzenmasts gone and seven feet of water in the hold. The British ship Kate Bousfield, ashore above Battery Island, will come off with-out trouble.

It is feared that serious damage has been done to crops. THE PRESS CONVENTION Change of the Place of Meeting. [Special to The Observer.] RALEIGH, N. C., August 18.—Owing to the destruction of the hotels at Beaufort by recent storms, the press convention will be called to order at the Gregory House, at 10 a. m., August 20th. W. A. DAVIS, Secretary.

We learn from the Reidsville Times that Lee Weatherford, a young man aged 17 years, was justly killed in a quarrel of a mile of Ruffin by the accidental discharge of a gun in the hands of a negro boy. L. A. Paschall, Esq., was married August 12th, 1879. He died August 13th, 1879, on the anniversary of his marriage, precisely half a century afterwards. A remarkable coincidence.—Oxford Free Herald.

Owen Hall, a negro in Rockingham county, was riding along picking the banjo when his horse fell down and killed him.

DEATH BY SUFFOCATION. On Wednesday last, George Copley, a young, industrious man aged about 23, son of Mr. Wm. Copley lost his life in a very distressing way. His father had employed a negro man to dig a well on his premises on the outskirts of Durham. A blast had been fired, and the negro was afraid to go down on account of the density of the smoke. Young Copley volunteered, and went down in the bucket, which he had half filled with the fragments of rock, when he called out to be drawn up. His father and the negro pulled on the rope, but when less than half way up, George fell to the bottom. His father was held back immediately; but being tied fast to the bucket, he made the descent. He soon called to be drawn up, and when he reached the surface, speechless and helpless from the foul gases. The body of George was not long afterward recovered, and was interred on Thursday.—Durham Recorder.

A SOURCE OF MUCH BODILY EVIL. If the habit of body becomes irregular such evil is inflicted on the system. The stomach becomes dyspeptic, bilious symptoms develop themselves, the circulation is contaminated, and the nerves share in the general disorder. It is of the utmost importance that the bowels should be thoroughly and speedily regulated when they grow derelict. The corrective agent best adapted to this purpose is Hostetter's Stomach Bitters, a wholesome non-rifing vegetable laxative, worth all the rasping cathartics invented since the time of Paracelsus. People who have been in the habit of using blue pill, calomel, and other drugs and cheap nostrums for constipation, should abandon such hurtful and useless medicines, and substitute for them this pleasant and gentle agent, which not only produces a purgative effect naturally, but also strengthens while it regulates the bowels, stomach and liver. It moreover cures and prevents intermitten and remittent fever, root, rheumatism, debility and urinary troubles.

While Mr. Thos. C. Dixon, the well known manufacturer of Snow Camp, in Alamance county, was on his way home to a buggy, as he reached a bridge a runaway team with two men came upon him. His only means of escape was by jumping out, leaving his vehicle to its fate, and saving himself by clinging to one of the braces of the bridge, and hanging over the water, twenty feet below. As it passed, the runaway wagon struck him on the leg, bruising it badly and tearing his trousers, and then it came in collision with the buggy, and was brought to a sudden check, violently throwing out the young men and bruising them badly; they were glad to escape being hurled over into waters below.—Durham Recorder.

GRAND OFFICERS OF THE GRAND LODGE OF THE I. O. G. T. The following officers were elected by the Grand Lodge of Good Templars, recently in session at Winston: G. W. C. T.—T. C. Williams, of Warrenton. G. W. Councillor—J. C. Ellington, of Clayton. G. W. V. T.—Miss Mary E. Lyon, of Granville. G. W. Sec.—V. Ballard, of Raleigh. G. W. Treas.—Mrs. E. C. Beckwith, of Raleigh.

Representatives to the Right Worthy Grand Lodge—W. S. Ball, of Greensboro and N. B. Broughton, of Raleigh. YELLOW FEVER. The news from Memphis seems to indicate that the ravages of this disease are at least not on the increase. Whether from want of population, or because of a terrible experience has learned the people something in the way of its control and management we do not know. The daily list of new cases, and of deaths seem to have grown smaller. At all events, as yet, the scourge is nothing to compare with what it was last year. We can only hope that it is held in check, and that it may not spread further.

Raleigh Observer: The work of putting up the telephone lines progresses rapidly. The wires are stretched almost all over the city. After all these connections are finished, the instruments will be put in position. There are about 80 persons booked so far for the instruments, and Mr. Starke, the manager, says that there will be over 100 by the end of the month. The cost of an instrument per year is \$36 anywhere in the city limits.

Bob McCorkley a negro, was hanged at Taylorsville, on the 15th of this month, for the murder a white man named Wycoff, in Catawba county, last fall. Wycoff's wife was sentenced to the penitentiary for life, as being accessory before the fact. Mrs. Nellie Sartoris, daughter of ex-President Grant, died suddenly, at her English home, on the 6th of this month. She is said to have been an amiable good woman.

The Salisbury Watchman says: DYPTEPHIA.—We regret to learn that this fatal disease has again made its appearance along the river in the eastern part of the county. Several children have died. A well-spring of pleasure is healthy baby; keep your baby in good health by using Dr. Bull's Baby Syrup.—the friend of Infancy. Price 25 cents.

GOODS WERE NEVER SO CHEAP!

We frequently hear this, and it is a fact, but we failed to realize the full fact of its truth, until we went to buy our present stock. We bought for cash, and the quantity of goods that a small amount of ready money will buy is truly astonishing. We were surprised, and we propose to surprise other people who come to buy of us, when they see the goods and hear the low price; such for instance as

Best calico 6 1/2 cents a yard
Poptins 10 to 15 cents a yard
Muslins 10 cents a yard

other things in proportion. Our stock of Ready Made Clothing large and well assorted, consisting of suits varying in price from one to twenty dollars

As to Hats and Caps we are inclined to boast of our stock, but will leave our customers to judge for themselves when they examine. FAMILY GROCERIES of all kinds we offer as cheap as they can be bought anywhere.
