HOME, SWEET HOME

By John Howard Payne

JOHN HOWARD PAYNE, author and actor, was born in New York city June 9, 1782, and died in Tunis, north Africa, in April, 1821. He made his first stage appearance in New York at the age of sixteen and met with great favor. He played also in England and France and retired from the stage in 1821. From 1843 to 1845 and in 1851-62 Payne was United States consul at Tunis. He was the author, translator or adapter of more than sixty plays. His most popular song, "Home, Sweet Home," occurs in his opera "Ciari; or, The Maid of Milan."

COLLEGE.

To the Alumnae of the State Normal and Industrial College that are Scattered abroad, Greeting :

Founder's Day has come and gone, but the memory of it will not soon pass away.

The morning of October the twelfth dawned bright and beautiful and all day the weather was perfect. Early in the morning Dr, McIver's grave was decorated with beautiful flowers which had been carried to the cemetery by committees of the Faculty and the several college classes. At eleven o'clock the Faculty

and students, with a large number. of alumnae and friends, gathered in the college Chapel to do honor to the memory of our great founder. After an appropriate introduction of music and prayer, followed hearty fraternal greetings to our College from the University and the State College of Agriculture and Mechanic Arts delivered by Professor M. C. S. Noble and Professor W. A. Withers, respectively. Then Mr. Josephus Daniels made a great speech, his theme being Dr. McIver's ideal of womanhood and his unselfish, tireless zeal in uplifting the women of North Carolina. This portrait of our beloved friend and here was a simple, faithful representation by one man of another whom he had known intimately, loved sincerely, and admired wholly; and Dr. McIver's "girls" recognized maintenance for our Alma Mater Confederate cavalry leader, wh in the picture.

Big Gain in Tuberculosis Directory

Increase of 500 Per Cent Since 1904-Over 1100 Agencies Now at Work

Active preparation for the pubishing of a new Tuberculosis Directory will be begun next week by the National Association for the study and Prevention of Tuberculosis at its New York headquarters.

The directory will contain upto-date lists of all hospitals, sanatoria, dispensaries, and associations engaged in the war against consumption. A summary of what has been 'one by the various state legislatures, and the county and municipal governing bodies bladder remedy, is soon realized. It stands the highest because its remarkable will be the most complete report of the anti-tuberculosis campaign that has ever been published in this country. The growth of the crusade

The growth of the crusade against tuberculosis is shown to good advantage in the two directories that have been issued and the one in preparation. The first Tuberculosis Directory, published in 1904 by the Tuberculosis Committee of the New York Charity Organization Society and the National Association: listed 133 sanatoria and hospitals for consumptives in the United States, for some of which preliminary provisions only had been made The combined capacity of these institutions was only 8,000 beds Thirty-two special dispensaries and thirty-uine anti-tuberculosis organizations summed up practically all of the fighting force enumerated in the first directory.

The second directory was prepared by the National Association or the Study and Prevention of Tuberculosis and published under the auspices of the Russell Sage Foundation in August, 1908. This directory listed 240 sanatoria and hospitals, an increase of 107 from the former directory; 158 dispensaries, an increase of 126; and 195 associations, an increase of 156. The number of hospital beds listed in 1908 was 14,014.

The new directory that will be ssued soon, will list over 408 sadatoria and hospitals with a bed capacity of neaaly 25,000; more than 800 special tu serculosis dispensaries and fully 450 anti-tuberto bring about the day when, with color of the carton containing mittees.
