Mr. A. E. Holton has been nominated by President Taft for U. S. District Attorney again. No doubt he will be confirmed. He has made a vigorous prosecuting officer.

A bill has been introduced in the Legislature to permit the charge of 8 per cent. interest by special contract. It will not pass. The State is doing well under the 6 per cent. law. The tendency of the interest rate is down and not up.

A bill has been introduced in the \$1,000,000 of bonds to build a State building in Raleigh to be used for the Supreme Court, State Library and purposes connected with the State Government. The State needs

Roads, their maintenance, im provement and building constitute the theme of a vigorous article in this issue by Mr. W. L. Spoon. He gives expression to some excellent and practical ideas on the subject. We agree with Mr. Spoon that the work should not stop as soon as the \$200,000 is spent. Then, too, the roads that have been built must be kept in good repair and preserved. What Mr. Spoon says should be well considered.

TO THE PEOPLE OF ALAMANCE COUNTY. The situation in Alamance is

quite peculian, and to say the least demands the serious consideration of every honest man and taxpayer. The issuance of bonds for roads, whether wise or otherwise, is a fixed condition and we as tax pay

rs must meet it. The public told during the campaign that if t e bonds were voted that the tax would not and could not be raised. Perhaps those who said so believed it to be true at that time, and had the expenditure extended over ten years, or \$20,000 used annually and the rest put at interest to offset accumulating interest on bonds, it is quite probable that the tax would not have required increasing because the advance in the nature of a suggestion.
