

THE GLEANER.

ISSUED EVERY THURSDAY. J. D. KERNOLLE, Editor. \$1.00 A YEAR, IN ADVANCE.

The new county bills are provoking a lot of discussion. We have not thus far believed that any of them will pass.

The Legislature has been in session half the time fixed by law and is getting down to business. It has some difficult propositions before it, but we feel that the body is able to deal with them.

In this issue we print two communications in regard to salaries for county officers. One asks that a mass-meeting be held to pass on the matter. The other figures it out that salaried officers in Alamance will cost more than the fee system.

It does not yet appear what will become of the Recorder's Court bill for Alamance. The bill for the Recorder's Court in Burlington has been trimmed down until the News says, in effect, that it is not desirable to have it pass.

The Greensboro News, the erstwhile Republican organ, has been bought by Messrs. W. A. Hildebrand and Geo. B. Crater, two competent and enterprising newspaper men. They will run it as an independent paper.

The question of increasing the Governor's salary is before the Legislature. The Governor of North Carolina should be paid a salary sufficient to keep him out of debt while holding the office.

Tom Priddy, of Stokes county, 40 years old, committed suicide last week by shooting himself.

Mr. Z. F. Long, for 16 years sheriff of Richmond county and for eight years clerk of the court of the same county, died last week, aged 62.

Lenoir has a population of 3,364 a gain of 2,068 in ten years, which means that the town has nearly doubled its population in the decade, the population being 1,296 in 1900.

The Association of City School Superintendents, which concluded its sessions in Raleigh Friday, elected the following officers: President W. D. Carmichael, Durham; vice-president S. L. Sheep, Elizabeth City, secretary, A. T. Aller, Salisbury.

Elizabeth Stuart Phelps Ward, widely known author and lecturer, died at her home in Newton Center, Mass., Saturday night after a short illness, at the age of 76 years. Her husband Herbert D. Ward, was in the South when she was taken ill and did not reach home until after her death.

Mutinous sailors of the dredge Irene Ruth, of Fairmont, Md., Saturday ran amuck aboard that vessel, near Colonial Beach, Va., murdered Captain Allen Dorsey and crushed the skull of First Mate John Adams. One sailor escaped the mutineers by jumping overboard and swimming ashore.

A convention of retail merchants from all over the Southern States will be held in Nashville, February 1, 2 and 3 for the purpose primarily of protesting against the passage of the parcels post bill now before Congress. The call for the convention has been signed by over 5,000 merchants throughout the South and indications are that it will be very largely attended.

A dispatch from Harbin, Manchuria, says that added to the horrors of the plague, 8,000 Russian workmen on the Eastern Chinese railway, fearing the disease, have gone on strike because the administration refuses to dismiss 2,500 Chinese laborers and provide passes to enable the families of the Russians to return to their own country. The strikers have been paid off and will, with their families, be evicted from their dwellings.

About Salaries and Fees for County Officers.

Me. Ebbro: I am not an office holder of this county, simply one of the small taxpayers, and as such want to see the public business done well and in an economical way as it can be done.

What ought the salaries to be? We could not get a competent Clerk of the Superior Court for less than \$1800, with one Deputy for \$600 making for that office \$2,400. Place that on beside the pay now received by that officer, and it does not amount to that much by more than \$500.

The Register of Deeds is obliged to have a clerk in order to keep the business of the office up to date in registering Deeds, &c. This clerk costs him about \$600 per annum now, and one could not be had for less than was competent to do the work.

The Treasurer gets not over \$1300 for his services now. The Sheriff, for collecting the public taxes, even if he gets all the taxes and nothing is counted for losses for insolvents, will get in round figures just \$2200.

There is not a competent man in Alamance county who could be induced to take the office of Sheriff with no pay attached except the service fees for the service of process. If one should be foolish enough to do so he would soon find himself in debt on that account.

The sheriff who collects the public taxes and gives a good bond should be paid a fair salary, and it ought to be as much as \$2500.00 with at least one deputy at a salary of \$900.00.

Table with 2 columns: Position and Salary. Includes Sheriff, Deputy Sheriff, Treasurer, and Clerk.

On SALARIES as above the cost to the county would be \$9,500.00 and as it now is these officers get not over \$8,500.00 for all their work for the people.

In large and rich counties the salary will work a saving, but in a county like ours, it will work a loss to the taxpayer. Now if the officers do the work, they get the fees. But suppose there is less work than at present, then the county would have to make up the difference.

TALK IS CHEAP. IT TAKES MONEY TO PAY SALARIES. Let the man who has business done by these officers "pay the freight"—not the taxpayer.

OPEN LETTER.

Mebane, N. C., Jan. 30th, 1911. Mr. O. F. Crowson, Editor, Burlington News, Burlington, N. C.

I regret to take issue with you one through the News Papers, however as you have tried to make a political question of the matter of salaries for our County Officers, I want to take issue with you on a few of your statements.

I also note that you suggest that, this is a matter for the next Democratic convention to settle, and you intimate that no Republican has a right to even suggest anything that they may think is good for the county and as to this statement I want to say that it is true that I have advocated salaries for our county officers not on political grounds, purely on business grounds, and I thought that it was to the interest of our county, and I honestly believed would result in a saving of at least four to five thousand dollars annually, and I want to say that while I belong to the minority party at this time, that I am a citizen and tax payer of our county and I believe that when matters of such importance to the taxpayers of the county is in discussion that I have as much right to express my opinion as any other citizen of the county, and I believe that the majority party will not only accord me this privilege, but will welcome any suggestions that I or any one else has to present, if they think that it is to the interest of our county.

I want to say to you that so far as I am concerned that politics has not entered into this question and I have so stated in the letters that you have published, that this was a matter for the citizens and tax payers to settle, and I only suggest that a Mass Meeting be called, not for democrats or republicans, but for the citizens and tax-payers of Alamance county, to discuss this matter, and then if the people, regardless of politics, favored this measure, to then petition our representative, Mr. Long, to introduce and pass this measure through the present session of the Legislature.

I note that you state that the present county officials would not be affected, even should this Legislature put our officers on salaries; you are correct as to this statement, however, should we wait two years longer then it would be four years before we could put our county officers on salaries. I urge you and the other papers to drop politics for the time being and to put this measure on broad business lines and let us get together, regardless of politics and have the present Legislature to give us relief, and then after December 1st, 1912, we can put our county officials on salaries and save our county \$5,000 annually.

I suggest and urge the Press of the county to print a call in this week's issue for a Mass Meeting to be held at Graham on Monday, Feb. 6th, to discuss this question.

Yours truly, W. E. WHITE.

Washington Letter.

WASHINGTON, D. C., Jan. 27. The action of the United States in generously waiving the indemnity of \$11,000,000 resulting from the Boxer uprising in China has borne good fruit.

The formation of the National Progressive Republican League in the fight between the insurgents and standpaters to control the Republican party is exciting considerable comment. The President is said to be concerned over the matter and to regard it as an attempt to contest his renomination in 1912.

The ways and means committee is composed of the following: Underwood, of Albany, chairman, Randall of Texas, Harrison of New York, Brantley of Georgia, Shackleford of Missouri, James of Kentucky, Kitchin of North Carolina, Hull of Tennessee, Dixon of Indiana, Rainey of Illinois, Hammond of Minnesota, and A. Mitchell Palmer, of Pennsylvania.

Politics, foreign relations and ship subsidies seem to be strangely mixed in the new and great "American Idea" in which the leaders of the Republican party are seeking to interest President Taft and the people of the United States. This idea is to build a railway through North, Central and South America, so it will be possible to transport merchandise by rail from this country as far as the Straits of Magellan, if desired.

Perhaps the leaders of the Republican party seek to follow the example of Bismarck who, when the German Empire was torn with internal dissensions, precipitated the Franco-Prussian War in order to take the eyes of the German people from their troubles at home and direct them toward foreign conquest.

The opportunities for profit which the raising of alfalfa offers the farmers of the Southeast is indicated by letters received by the Land and Industrial Department of the Southern Railway showing increased interest in the production of alfalfa and highly profitable results in widely separated districts.

Fort & Stone, of Dunleith, Washington county, Mississippi, owners of a plantation in the Delta, reported that on 28 acres seeded in the fall of 1909 168.8 tons were produced at a cost of \$593.05. They figured this hay to be worth \$15 per ton in the barn, though hay was selling from \$20 to \$23 per ton. At this low rating they received a profit of \$1,940 on the 28 acres, the hay costing them only \$3.47 per ton. Reports from the Delta show that about 50 farmers are now growing alfalfa with success, all having seeded their fields in the last three or four years.

J. W. Fisher, of Newport, in the east Tennessee district, writes that he is greatly pleased with results, having averaged five tons per acre and finding a ready sale at \$22 per ton, but he has found the hay so good that he prefers feeding it to his own stock to selling it. He has grown alfalfa on the upland red calcareous clay, general through east Tennessee. Success in growing alfalfa is also reported by growers in southern Virginia, North Carolina and Alabama, and the acreage devoted to alfalfa in all the Southeastern States is growing steadily.

A few minutes delay in treating some cases of croup, even the length of time it takes to go for a doctor often proves dangerous. CHAMP CLARK SPEAKER.

Selection Unanimous—Ways and Means Committee.

Representative Champ Clarke, of Missouri, the Democratic leader of the House, was Thursday night nominated by acclamation for Speaker of the House in the Sixty-second Congress.

There were only eight absentees among the old and new Democrats of the Sixty-second Congress. The caucus developed considerable difference of views as to the method of selecting committees, but when the time came for voting alignment various resolutions were voted down by the Fitzgerald resolution to leave the committees to the Speaker's selection being beaten 26 to 166 and the Foster resolution placing that power in the ways and means committee carrying by 166 to 7.

Nevada Won't Have Scalawag Bonds.

Act Authorizing Acceptance of Legislation Rejected by Nevada.

The carpet-bag bond looters have been foiled again. The gentry who are promoting the worthless securities issued by the negroes and scalawags in North Carolina Legislature during reconstruction times thought they had gained a foothold in the State of Nevada, but they were given a rude awakening today. A telegram received here tonight states that the State Senate of Nevada met today and repealed the act authorizing the State to accept gifts of bonds.

The Legislature met today for the first time, and the very first act of the Senate was to vote to repeal the legislation that was sneaked through at the last session for benefit of the carpet-bag bond speculators. It is understood that the House of Representatives of Nevada will follow the lead of the Senate, probably tomorrow.

Governor Dickinson having recommended the repeal of the legislation, it is as certain as anything can be that the State of Nevada will clear its skirts of the looters who have tried to use it in a mercenary and discreditable way. Remember, North Carolinians, that the bill is the same that Marion Butler and William F. Pettigrew put through the South Dakota Legislature, and forced the payment of the old repudiated bonds, which cost North Carolina more than a quarter of a million dollars.

Nevada has repudiated the effort to use the State, and South Dakota will do so, probably at this session of the Legislature. North Carolinians owe a debt of gratitude to Senator Nixon, who though a Republican member of the United States Senate, has taken the initiative in the matter. Senator Nixon called on Senator Overman last evening and showed him a telegram which he addressed to friends in the Legislature urging them to immediately repeal the sneak bill for the acceptance of the bonds. This afternoon Senator Nixon received a message in reply announcing the action of the Senate, which he at once turned over to Senator Overman. Senator Nixon seemed as much pleased over the incident as did the junior Senator from North Carolina.

It will be recalled that the carpetbag bond looters gave Nevada \$400,000 worth of the repudiated North Carolina scalawag securities. The State Supreme Court of Nevada held only last week that the Governor of the State must accept the bonds in behalf of the State.

The Governor of Nevada was averse to this action, but the Supreme Court of the State said the law that is about to be repealed was mandatory, and that he must accept them.

The carpet-bag bond looters are almost beyond the pale so far as the United States are concerned, though they will no doubt continue their efforts to capture North Carolina through the medium of the Republican party. Their only hope appears to be in the Butler faction of the Republican party or some South American country like Hayti, San Domingo or near African republic.
