The Board of Education was in session yesterday.

The County Commissioners will meet next Monday in regular monthly session.

Regular communication of Thos. M. Holt Lodge No. 492, A. F. & A. M., Friday night, Feb. 3, at 8 p. m.

Mr. C. D. Moore has moved his grocery store from the stand on N. Maple Street to the Scott-Donnell store on N. Main St.

The family of the late Mr. Jesse J. Buckner desire to return their grateful thanks to the many kind friends who ministered to him in his illness and for kindness shown them.

This is ground-hog day—Feb. 2nd—and if the little animal is not blind or hoodwinked he can see his shadow all right.

So, according to tradition, he will go back to his winter quarters and wait six weeks for winter to break.

Our townman, Rev. David Sampson, is making a fine record with his chickens in the production of eggs.

From 25 hens, during the month of January, he received 305 eggs—an average of over a dozen each.

This record for winter laying is rarely excelled. That is not all; he has a cow that is making 8 lbs. of butter a week—another good record.

The family that has plenty of eggs and butter produced at home is "in clover."

Rev. S. W. Oldham will go to Troy, Montgomery county, where his work will be, not having accepted work in Harnett and Cumberland county as stated in a former issue.

We fell into the error on account of the newspaper in Harnett stating that churches in that county and in Cumberland had extended a call and that in response to the call he had visited them.

About the same time the church at Troy and the other churches in the same field were looking for a pastor.

Rev. Mr. Oldham's many friends here will be glad to learn that he will be very pleasantly situated at Troy.

Three Old Confederate Soldiers—All Pensioners—Died Last Week.

Jesse J. Buckner died at his home here last Friday evening at 6:30 o'clock, in the 76th year of his age.

Almost a year and a half ago he was stricken with paralysis and since that time has been confined to his home.

His funeral was conducted from the M. E. church at 12 o'clock Sunday and the remains were buried in Linwood Cemetery.

He is survived by his widow, three sons, James M., Hampton H. and Walter and by four daughters.

Oliver Wheeler died at Bellemont last Friday morning just before noon, in the 71st year of his age.

He had lived there for a quarter of a century. His remains were buried at St. Paul's. His widow survives him.

Wm. Riley Coley died near Alamance cotton mills, where he had been living for a few years, on Thursday last.

He was about 83 years of age. He is survived by several sons and daughters, among whom is Mr. A. M. Coley of this place.

End of Finger Blown Off.

Last Tuesday afternoon Mr. Chas. Menefee was out hunting and fired at a rabbit with his double barreled gun.

The right barrel burst about nine inches from the breech, tearing out a section about two inches long. At this point the left index finger was clasped around the gun and the end of the finger was blown off and bruised so that it had to be amputated about half way between the first joint and the knuckle.

It was painful but he is getting along very well.

Personal Mention

Mr. Don. E. Scott went to Winston last Saturday.

Mr. Melbride Holt spent last Sunday in Greensboro.

Mr. J. W. Menefee left for New York last night on business.

Mrs. E. C. Murray is spending today in Greensboro.

Mr. Theo. O. Pomeroy, of Creedmoor, spent Sunday and Monday here with his mother.

Miss Annie Browning spent last Saturday and Sunday at her home in Durham.

Misses Claire Turner and Kate Jeffreys spent last Saturday in Greensboro shopping.

Mrs. S. G. Lindsay and baby spent last Saturday and Sunday in Durham visiting relatives.

Mr. John Scott went to Durham Tuesday to accept a position with Rose & Webb Co., cotton buyers.

Prof. S. G. Lindsay attended the meeting of the State Association of Superintendents of City schools in Raleigh last Friday.

Mr. and Mrs. J. V. Pomeroy are up from Oxford on account of the serious illness of the former's mother, Mrs. C. S. D. Pomeroy.

Dr. Geo. W. Long went to Salisbury Tuesday and returned yesterday. He was looking after patient at the Stokes-Whithead Sanatorium.

Obituary.

Died, Little Mae Stockard, daughter of Mr. and Mrs. Gaston Stockard, at their home three miles south of Graham, Jan., 24, 1911, of pneumonia, after an illness of about two weeks.

All the assistance that loving hands and medical skill could give was given; but the Gracious Father plucked the loving little child from its earthly garden and transplanted it in that Beautiful Home in the New Jerusalem.

The funeral services were held at Moore's Chapel.

Little Mae was only about three years of age, but she was loved by everyone who had seen her, for her sweet and affectionate disposition.

May the bereaved parents look to their Loving Father for strength and comfort, and realize that their loss is their darling's gain, and not now, but sometime we'll understand.

Dr. Charles Spoon, of Kimesville, has been on the sick list for some days.

The little sons of John Soots and Claude Spoon are right seriously sick.

A little dog belonging to F. L. Spoon died the 28th, supposed to be mad. He immediately sent its head to Raleigh for examination.

Several dogs were bitten, but no persons as we know of.

An "Old Fiddlers Contest" will be given at Cross Roads on the night of Feb. 2nd, for the purpose of getting money to paint the new building at that place.

Dr. Cook Discusses Mr. Peary.

New York Dispatch, 29th.

After an interval of silence, Dr. Frederick A. Cook, the explorer, took the lecture platform again tonight and told the German American Pioneer Club of Harlem that he is now more positive than ever that he reached the pole.

Within his own bosom, he said, there is "the satisfying thump of success won at a great cost," but at the same time the geographical proof that any one man—himself or Commander Peary—stood at the exact Pole can ever be laid before the "arm chair geographers."

The whole matter is still in doubt, the doctor insists, except for his belief that he has as good, if not a better right, to claim the Pole than Peary, whom, for the first time, he now accuses in company with Peary's friends of forcing "by an organized effort a campaign to discredit my achievement."

Hitherto the doctor has never questioned that Peary reached the Pole. Now he asks: "Is there any one sure shoulder upon which we can hang the mantle of polar conquest?"

Specifically attacking the accuracy of Peary's records, the doctor says they are in no better case than his own.

First-Class Electric Road.

Greensboro News.

The purpose of the Southern Power Company, Mr. Duke told Mr. Hood recently, is to construct a first-class electric railroad, over which will be operated full trains, carrying passenger coaches, sleepers and diners, and freight, along the line of which will be erected attractive and comfortable stations. The trains will be unique. The railway will be the first of its kind in the South.

The work of construction has already begun at the other end, and the line will be built in sections, one section extending to Charlotte from Spartanburg, the next probably to Salisbury, the third to Greensboro and the fourth to Durham. Upon the completion of each section the operation of cars will begin, and then on the next section carried on, making the work of construction and operation simultaneous after the completion of the first section. Just how soon the company expects to bring the road into Greensboro is not given out. This will probably be discussed at the meeting to be definitely announced in a few days.

It's Your Kidneys.

Don't Mistake The Cause of Your Troubles.

Many people never suspect their kidneys. If suffering from a lame back or aching back they think that it is only a muscular weakness; and urinary trouble sets in they think that it is with all the other symptoms of kidney disorders. That is just where the danger lies. You must cure these troubles or they may lead to diabetes or Bright's disease. The best remedy to use is Doan's Kidney Pills. It cures all ills which are caused by weak or diseased kidneys. Residents of this vicinity are constantly testifying to permanent cures.

J. C. Durham, Main St., Burlington, N. C., says: "I have used Doan's Kidney Pills and from the results received, know that they are a splendid remedy for kidney complaint. I was subject to attacks of kidney trouble, usually about every two or three weeks. A few months ago I procured a box of Doan's Kidney Pills and used them as directed. I have had no kidney trouble since. I know that Doan's Kidney Pills brought about this change and for that reason I have no hesitation in recommending them.

A Fire Fighter's Astounding Story OF THE UNPARALLELED MERITS OF "BLOODINE"

HARRY A. GLAZIER

A Prominent Fireman of Malden, Mass., writes: Mar. 20th, 1908.

Last winter I had a severe cold and it settled on my kidneys, causing the most excruciating pain almost every time I attempted to move; I had tried everything imaginable to get relief, with no success, until I was advised to try "Bloodine." I had relief almost from the first dose, and before I had taken one bottle I was completely cured. "Bloodine" is a wonderful, life-saving tonic. It cleans the blood, impure, restores appetite, strength, energy, and the whole system is kept in an accumulation of humors, it is time to try "Bloodine" today.

Bloodine Cures Hemorrhage of the Kidneys.

MARSHFIELD, Vt., Sept. 24, 1904.

Dear Sirs:—I received one of your books, yesterday. I have been a great sufferer for thirty-five years, passing bloody urine, have been in the hospital, have had four different doctors. They called it most everything, and I got no better. Please send me a sample bottle of your Bloodine for which I enclose ten cents in stamps to pay for same. If it will do me any good I will take it the rest of my life.
