GRAHAM, N. C., Feb. 16 1911.

Salaries for County Officers.

During the last campaign, while the Republican candidate for the Legislature was preaching salaries for the county officers from every stump, THE GLEANER said: "When the county becomes more populous and the income increases sufficiently we have no doubt the salary system will be adopted," and this is all we said about it in the campaign.

In our issue of January 26th we said:

"Before saying any thing further we wish to go on record as favoring the salary system, provided it can be adopted without additional cost to the county after allowing our officers a fair salary and in keeping with the responsibilities of their offices and something like those paid by counties where the salary system has been adopted."

After alluding to the matter in the campaign, we said:

"The idea was not combatted by the Democrats, but they asked and favored a compensation for officers commensurate with the duties and responsibilities of the officers."

"That they lost out on it (salary), we do not say that there is no virtue in it, for Democrats have adopted the system in several of the larger counties where it was deemed a saving could be effected."

"Again, we say we are not opposed to salaries for the county officers, provided they are sufficient to induce competent and efficient men to accept the offices and are commensurate with the duties and responsibilities attached to the offices and will impose no additional burdens upon the people."

Though the foregoing would appear to be sufficiently explicit to anyone who wanted to be fair and frank, the State Dispatch, which is rank-rod and censored by Postmaster Job Waller (backed by a government job of over \$3,000 a year for himself and one other member of his family), says a week later that "our present Clerk is opposed to salaries," when everybody in Alamance county knows that "our present Clerk" is responsible for what the GLEANER has to say editorially.

Mr. W. E. White, of Mebane, who is an enthusiastic county officer salary advocate, in a private letter to the editor of this paper, spoke of the editorial of Jan. 20, from which the extracts above are taken, and we trust he will pardon us for quoting a sentence. Under date of January 30th he said: "Your editorial in last week's issue of GLEANER is on broad and liberal lines and I am glad that you took such a broad view of this question." That sounds mainly and does not come from a hide-bound partisan.

That the people may know about what other counties are paying where the salary system has been adopted, we will give some figures:

In Durham county the Sheriff is paid \$2,700 and \$2,400 more for deputies, with a bill pending in the Legislature to increase the pay of deputies; the Clerk \$2,400 with \$800 limit for deputies; Register of Deeds \$2,100 with \$600 for deputy; Treasurer \$1,600. In addition to this there is an auditor whose salary we do not know.

In Guilford county the Sheriff is paid \$2,500 with \$600 for deputy; the Clerk \$2,250 with \$1,500 for deputies; the Register of Deeds \$2,250 with \$1,500 for deputies; Treasurer \$1,200. Also an auditor at \$1,000 or \$1,200.

In both these counties the deputies appointed by the Sheriffs in the various townships receive the fees for serving processes or any other work they may do.

You may deduct from a third to a fourth from the amount of the salaries paid by the above counties and then they would amount to more than the officers of Alamance receive from all fees and commissions under the fee system, not taking into account the cost of an auditor. This we say after seeing the officers and hearing from them what compensation they receive.

We are not pleading an extension of time for the present county officers, for no act would affect them during their present terms.

Again, we say we are not opposed to salaries, but we favor, whenever

salary system is adopted, that the county officers be paid salaries commensurate with the duties and responsibilities imposed upon them.

Salary System in Durham County Shows A Loss of \$213.07 For Two Months It Has Been in Operation.

Contrary to the general expectation, the operation of the business of the county on the salary system, instead of the old fee system, shows a considerable loss to the county for two months that the system has been in operation.

The total receipts from fees in all of the different departments of the county amount to \$2,309.05. The disbursements were \$2,522.12. This makes a loss to the county of \$213.07 for the two months that the salary system has been in operation.

A large part of this deficit comes from the sheriff's office, and this is explained in part by the fact that a large amount of the fees due this department have not been collected as yet. The fees in this department do not come in until after the costs have been paid in the cases tried and that is sometimes months after the fees are incurred, and this is true in some of the other departments.

The disbursements in the office of the clerk of the court amounts to \$550, and the receipts were \$101.17 less than this amount.

In the office of the register of deeds the receipts show a good surplus over expenditures. The amount received in this office was \$669.80 and the amount expended in salaries was \$450, leaving a balance of \$209.80 in favor of the county.

The treasurer's office shows a balance in favor of the county of \$355.05, while the sheriff's office went into the pockets of the county to the extent of \$474.35, the deputies fees and commissions amounting to that much less than the salaries in this department.

The auditor's office shows of course a complete loss of the amount of salary paid.

The auditor is of the opinion that things will even up in a short time, and that as soon as all of the fees for the different departments are collected the system will show a clear gain. (The foregoing is from the Durham Sun. In a later issue the same paper says that the sheriff between the time he received the tax books and the date he went on the salary basis collected \$90,000 of the taxes, and that certain fees from the county not yet received would make a different showing.—Ed. GLEANER.)

Next Wednesday, 22nd inst., has been designated as "Bill Nye Day." On that day an appropriate program will be carried out and a collection will be taken to build the Bill Nye Memorial Building at the Jackson Training School at Concord. This is a movement started by the newspaper fraternity and the schools are joining hands with them. The exercises will be at the schools.

Bruno Schlegel, one of the most widely-known of New Orleans restaurateurs committed suicide Sunday a week because San Francisco was awarded the Panama Exposition by Congress. "If New Orleans loses I am ruined," he told his family, several days before Congress made its decision. "If Frisco wins I will kill myself." His family watched him, but as three days after New Orleans lost out Schlegel appeared cheerful, his relatives became less vigilant. Sunday he locked himself in a room and shot himself through the head.

The readers of this paper will be pleased to learn that there is at least one dread disease that has been able to cure in its own days, and that is cancer. Halls' Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Halls' Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the system. The proprietors have no such faith in the curative powers that they offer One Hundred Dollars for any case that fails to cure. Send for list of testimonials.

Address: J. J. CHERRY & CO., Toledo, O.

Sold by all Druggists. Take Halls' Family Pills for constipation.

In Brunswick county one night recently one Will Nance went to a party, drunk and noisy, and used profane and vulgar language in the house, in the presence of ladies. The head of the house, Mr. Potter, asked him to behave and leave. Then Nance drew a knife and started to attack Potter, who shot him dead.

According to data just gathered by the United States geological survey North Carolina leads every State in the Union in the production of mica during the past year. At the same time the value of the production of this State was the lowest of all with the exception of Georgia, the average price per pound being only about 10 cents, while in most of the States the prices ranged around double that figure.

From the State of North Carolina. Scott's Emulsion is the best thing I ever used. It cured my cough and made me strong again. J. J. Cherry & Co., Toledo, O.

Washington Topics.

Important Measures Still on Hand—Reciprocity, or Extra Session—Opposition of English Papers and Leaders—Lincoln Memorial—Diplomatic Residences and Dress—Mail by Contract.

Cor. of The Gleaner.

With a scant three weeks of the Congressional session remaining, not one of the important measures before Congress when the session began has been disposed of. Reciprocity with Canada marked a new line of cleavage among the Republicans and Democrats in Washington. Early in the present week, Senators were hopeful that they might solve the problem by letting the reciprocity agreement severely alone, but later it was brought sharply to their attention that unless there shall be a vote on this reciprocity agreement they will be called back to Washington promptly after the 4th of March and compelled to remain until there is an expression in the Senate either for or against it. And now the President is away from Washington making speeches mainly devoted to this reciprocity with Canada question and there is a strong impression that the country, except in isolated spots, is in favor of the agreement recently made between us and our northern neighbor.

The fact that English papers and the leader of the opposition in the English Parliament are opposed to the reciprocity agreement between Canada and the United States will doubtless have some influence in favor of its approval by Congress in this country. It will be many years, perhaps centuries, before the United States and British America become one country, but the dividing line must some time fade just as the Mason and Dixon line has faded. There are a hundred reasons for the commercial, social and political solidarity of North America. There is not one valid reason in opposition. There is no possibility of the absorption of Canada by the United States or the absorption of the United States by Canada. Absorption is not to be thought of, but commerce between the two countries ought to be as free and unrestricted as between Ohio and Indiana.

There is no opposing vote in the Senate to Senator Cullom's project authorizing a Lincoln Memorial worthy of the great President and in keeping with high ideals of architectural grandeur. The form of the memorial has not been decided upon. It is left to the judgment and taste of a commission who it is hoped will make a wide and appropriate selection. There have been suggestions of a boulevard connecting Washington and Gettysburg, also a project for a triumphal arch like the Arch of Triumph in Paris or its prototype in Rome. There is also a project to have the memorial occupy the center of the great plaza stretching from the Capitol to the Union Station. The appropriation for this monument is two millions, but it is possible that this sum will be added to before the memorial is completed.

The appropriation by the lower house of Congress for diplomatic residences in a number of European and also in some Asiatic capitals is a new but needed departure in our foreign diplomatic policy. The amount for the building or purchase of consular, ambassadorial or ministerial residences is not to exceed \$150,000, but this amount will go much farther in the building of suitable residences for our representatives in foreign countries than it would in any American city. Now having appropriately prepared for the lodging of our diplomatic representatives, perhaps Congress can be persuaded to consider in ambassadors, something different from the evening dress worn by butlers and waiters all over the world. Careful analysis know that there is just as much vanity and affectation and ostentation in Quakerlike plainness as there is in gorgeous attire, and since an overwhelming majority of the world at home and abroad get their first impressions from clothes it is not improper that we give them through our foreign representatives a correct impression of the wealth and strength of the United States. Our affected plainness is less ostentation than it is deceiving.

Fifty years ago the writer of a book called "Beyond the Mississippi" expressed the popular feeling in behalf of the express companies when he told how the wells Fargo Express Co. carried over two million letters within a single year at the cost of 12 cents a letter, which he said clearly "illustrates the superiority of private enterprise, and," he argued,

"abolish the postoffice department, leave this like othering trade, to private competition, and the mail service of the United States will be performed 60 per cent cheaper and 100 per cent better than it is today." This is very much like the anti-parcels post argument we are having now.

First Month's Operations of Postal Savings Banks.

"If the necessary appropriations were available, I would establish postal savings banks tomorrow in five hundred additional cities and towns of the United States." This statement was made by Postmaster General Hitchcock in view of reports received during the first month's operation of the postal savings system. The reports are most gratifying to Mr. Hitchcock and to the other officers of the postal savings service. They are regarded as demonstrating that the new system already has passed the experimental stage.

The total deposits of the 48 existing postal banks for the month of January will amount to approximately \$60,000. Assuming that this average will be maintained during the year, the aggregate of annual deposits will be close to three-quarters of a million dollars. It is assumed that the deposits will be correspondingly greater when the service is extended to first-class offices.

A large majority of the depositors in January were foreign-born Americans, many of whom have been in the habit of sending their savings to their native countries for deposit. An important result of the system, therefore, is to diminish the outflow from the United States of such funds.

In view of the successful operation of the new system during its first month, Postmaster General Hitchcock has recommended to the Congress the appropriation of \$1,000,000 to be immediately available for the extension of the postal savings system.

The extending of the city limits of Salisbury is to be left to a vote of the qualified voters of the city and of those living in the territory which it is proposed to bring into the corporation limits of the city.

Two more names were added to the death roll of the aviator Tuesday when Aviators Noel and Delatorre were killed while conducting a trial of a military aeroplane for the French War Department, at Douai, France.

Sustaining the contention of the supporters of Oklahoma City in every point in the capital removal controversy, the Oklahoma Supreme Court, in decision rendered last week, declared that city to be the permanent capital of Oklahoma. The court decided that the Legislature had the power to revoke the provision of the enabling act which made Guthrie the capital until 1913.

At Smithville, Texas, on the 8th, ten shop employees of the Missouri Kansas and Texas railroad were torn to fragments and seven others were injured when an engine under repair exploded in the Smithville yards. Besides the loss of life, railroad property valued at \$30,000 was destroyed. The locomotive had just been run from the repair shop to be tested when the explosion occurred.

State N. and I. College Religious Training.

Published by request.

As one girl puts it. "Because we are not lined up and marched two by two to church, we are almost considered heathen, certainly not church-going people." But every girl from Prep to Senior is allowed the privilege of attending any church she may desire on every Sunday morning, also Sunday School.

The Y. W. C. A. of the college is a most active and efficient Christian organization and it is impossible to estimate the great help it is to the students. It is organized with strong Christian leaders at its head, and also as Chairmen of all committees. The Social Committee is usually the first to make itself felt, welcoming the new girls, encouraging the diffident, cheering the homesick etc. Once each year usually during the first week of school, it gives some simple but very delightful entertainment for the new girls. Last year its members became a famous circus, and arranged a jolly time for the whole college. After Xmas, perhaps the dining room girls and commercial girls enjoy their hospitality, and later in the spring the Seniors and May students. This personal touch is very far reaching.

The membership Com. does persistent work all the year round as will be readily seen from its report last year—only 19 girls in the dormitories were not members of the Asso., a very small number in such a large student body, and when we remember some students are Hebrews and Catholics.

The Bible Study Com. is another active part of the Asso. There are 14 Bible Classes organized with an enrollment of 375 members. The subjects taught have been Acts, Old Testament Studies and Life of Christ. This Com. also has charge of the Morning Watch service held in the dormitories, and well attended.

The Missionary Com. endeavors to inform every student in college on the subject of Missions. The Asso. has a well furnished library and last year there were six mission study classes and two reading circles with an enrollment of 225 members. This Com. also arranges to have visits and lectures during the year from return missionaries and live missionary leaders in the home land. As a result of the work done by this branch of the Asso. the college has twelve missionaries on the foreign field and three are now ready to go, with eight volunteers in the student body. The Devotional Com. does a glorious work. It arranges for the Sunday evening services, the meetings just before the holidays etc. Wednesday evening of each week is known as "Big Prayer Meeting" that is, it is conducted by no special class, but is by the Y. W. C. A. has this in charge, and all attend. The Freshman, Sophomore, Junior and Senior classes hold their prayer meetings on Monday, Tuesday and Thursday evenings at the same hour. These meetings are not for the class members exclusively for all are invited, but the leader is always one of the class members. Then there are the Finance Com. and the Intercollegiate Com. and the Music Com. The faculty serve as advisory members on all committees, conduct several of the Bible and Mission Study classes, and encourage and strengthen the Asso. in numerous ways.

The Asso. sent delegates to the following conferences: The Cabinet Council of Eastern Carolina Colleges, Raleigh, 3 delegates; Y. W. C. A. Convention at Asheville 11 delegates; The Territorial Convention at Richmond, 5 students and 1 faculty representative; At the Rochester Convention, 4 students and two faculty representatives.

From these few facts, it will be seen that the Normal girl finds time for religious worship, and is trained to a broad sympathy in

all Christian work and endeavor.

And while denominationalism is not taught, still "she is debtor both to the Greek and to the Gentile", and is trained to practice in the church of her choice, the grand old creed of charity, brotherly love, service and personal responsibility.

NEGRO DESPERADO CAPTURED.

Lewis West, Who Killed a Deputy Sheriff and Wounded the Chief of Police at Wilson, in the State Prison.

Raleigh Dispatch to Charlotte Observer, Feb. 7, 1911.

Literally covered with shackles and ropes and surrounded by a heavily armed guard of ten men, Lewis West, the outlaw, who shot to death Deputy Sheriff Mumford and wounded Chief of Police Glover in Wilson a week ago, was ushered into the State prison here this afternoon to keep him from the vengeance of infuriated citizens until trial can be arranged. It was Chief of Police Dunlap, of Maxton, who captured this negro last night in that town as he was eating his first meal in three days, having purchased it through pawning one of nine revolvers he carried. However, Sheriff Sharp, of Wilson, whom the negro had outwitted and evaded most singularly in his own bailiwick, headed the guard who brought the negro to Raleigh.

West tells the officers that he is a member of the regularly organized band of thieves and has given them names of his associates. He claims that he does not know that he shot either the deputy sheriff or chief of police, claiming that there were five negroes in the house at the time of the shooting, any one of whom might have fired the fatal shots. These were Dave Young, Wade Williams, Mathew Mebane, Bob Simms and Stetson or Ed Nelson. The last two named are now in the penitentiary for safe keeping, Dave Young being the only one at large. [Young was arrested Sunday.]

West is almost a giant, six feet two inches tall, a light mulatto, having also a strain of Indian blood. He has served several terms on the Cumberland county chain gang and escaped from the South Carolina penitentiary some time ago. He carries two flesh wounds caught in his narrow escapes from arrests.

These unsightly pimples and blotches! External applications may partially hide them, but Hollister's Rocky Mountain Tea removes them for keeps. Gets at the cause—impure blood. Tea or Nuggets (tablet form) 35c. at Thompson Drug Co.

While it is often impossible to prevent an accident, it is never impossible to be prepared—it is not beyond any one's purse. Invest 25 cents in a bottle of Chamberlain's Liniment and you are prepared for sprains, bruises and like injuries. Sold by all dealers.

Uncle Sam has presented the city of Dayton, Oregon, an old blockhouse used for defense in the early Indian wars, and it will be moved to the city park and maintained there permanently as a memorial to General Joel Palmer. General Palmer was made superintendent of Indian affairs for the territory of Oregon by President Pierce in 1855.
