CORN CLUB CONTEST

For N. C. Boys 1911.

CASH PRIZES AGGREGATING \$250.00.

REGULATIONS:

1. The contestant must be between 12 and 17 years of age and live on the farm, except any boy who is now 11 years old and will be 12 not later than June 1st, or any boy who is now 17 years old and will be 18 not earlier than August 1st may enter the contest.

2. He must cultivate one acre in corn, doing all the work himself, except he may have help to first break the land and also in gathering the crop; but after the land is first broken the contestant must do all the work himself.

3. The acre must be of regular shape, either square or a parallelogram, not less than a half-acre wide. This for the purpose of easy and accurate measurement. It may be in any part of the field, but preferably by the roadside. It cannot be a garden spot, a city lot, or other plot of land belonging to a corporation, but a part of a farm.

4. Commercial fertilizers may be used up to \$10 worth. Cotton seed, cotton-seed meal, city garbage, fish or fish scrap are considered as commercial fertilizers. Lot and stable manure, wood mould, etc., may be used without limit.

5. A record must be kept of all fertilizers used, kind and amount, work done on the acre, and everything of the kind; also, of the weather, rains, droughts, etc., and the condition of the soil when the crop is worked, the time of planting, cultivation, etc.

6. The land must be measured the crop gathered and weighed or measured—not estimated—in the presence of such witnesses as the Department of Agriculture or its authorized agents may select.

7. The crop must be gathered and the report sent into my office before November 15, 1911.

8. The Superintendent of Public Instruction in your county will cooperate with me in these Boy's Corn Club contests, and will be the representative of the Department of Agriculture, and, as such will appoint committees, give further information, etc.

SUGGESTIONS.

If the land to be cultivated is clay or stiff land, plow it as early as convenient from 6 to 10 inches deep, according to previous plowing. Do not turn up more than a half-inch of raw soil. It will be better to plow the land so it will edge up instead of turning it over flat. Harrow well after it is broken. Continue to harrow until the soil is in a thoroughly pulverized condition. Use disc, cutaway, Acme, or any harrow that will break clods and pulverize the land well. The better it is harrowed, the larger will be the yield of corn. If the land can be broken twice, the last time not so deep, and again harrowed well before planting the crop will be increased. If the land is light or sandy it will not be necessary to break it so early nor to harrow so much. Simply work it until it is in fine mellow condition.

Manure harrowed-in with a disc or cutaway harrow will give better results than if turned under deep with a plow. Do not plant the corn until the soil gets warm. Plant only best selected sound seed. Use plenty of seed and plant as thick as the fertility of soil will justify. On light sandy land use about one-third of the fertilizers at the time of planting and the remainder as side applications. On clay or heavy lands all the fertilizers can be used when preparing for planting. Let all cultivation after the first working be shallow. Cultivate often. Get the advice of the best corn growers in your section as to variety best suited to your soil, and details as to cultivation, etc. If you are going to plant on upland do not use seed that has been long grown on lowland, and if you are going to plant on lowland, use corn for seed that has been grown on lowland and that has given best results on that kind of land. As far as possible,

plant seed that grow on the same type of soil you are going to cultivate. However, procured seed from corn that is known to produce large yields. Do not use varieties that have not been tried in your section. As a rule, corn yielding two or more ears to the stalk will produce more corn per acre than varieties producing only one ear.

Study the above suggestions, study your crop, and keep the records accurately. By doing this you may acquire the habit of observing, which will prove to be of great value to you in afterlife. The educational feature of this contest will be worth more to you than any money prize which you may win.

Read the Bulletins sent out by the State Department of Agriculture, also those sent out by the United States Department of Agriculture. These Bulletins will be sent to you free if you will write to the Department of Agriculture, Raleigh N. C., and for the United States Bulletins, write to the Secretary of Agriculture, Washington, D. C. On the back of the Bulletins sent out from Washington you will find a list of the Bulletins published by that Department. Look over the list, and write to the Department for any of them you may wish to have.

If there is any further information I can give you, I shall be glad, upon request, to do so.

Wishing you success, I am,
Yours very truly,
T. B. PARKER, Demonstrator.

Stateville Landmark.
A bill has been favorably reported in the Legislature to expend \$10,000 erecting in the capitol square in Raleigh a monument to the women of the Confederacy. Nothing is too good for the memory of the women of the Confederacy, but a splendid memorial and one that would more fittingly honor their memory, would be to expend this money in the erection and maintenance of a home for old women who have no home and who are dependent on the grudging charity of relatives and friends, or falling that must go to the county home. That would be a monument more lasting than marble and more enduring than bronze. Building monuments is all right, but the Landmark is opposed to making the monument of stone when a more enduring memorial can be made in some service to humanity.

No Inmates in Harnett County Home.

A dispatch from Duke, Harnett county, says:
"There is no truer index to the prosperity of all the citizens of a county than the county home. The grand jury, last week, when they went to inspect the county home of Harnett, found not a single inmate there, and no one had been there for more than a year. They found a nice home, well furnished with a very fine farm, and it was in splendid condition, but were delighted to know that there were no paupers in the county. Of course, the county runs the farm and uses the proceeds therefrom."

The horse blankets get torn sometimes. Some blousy day, take a stout needle and thread and see what a good job you can do mending the rents. It is a good thing for the men folks to do such little jobs as this, and not call on the women so much. They have their own work to do every day.

If you are thinking of moving, better look around first to see if the time, energy and money you would spend seeking a new location would not, if wisely spent about the old place, result in an increase of profit and comfort that would justify you in staying with the old home. Better do this than be sorry.

North Carolina News.

Forty-five applicants for law license, three colored, were examined by Supreme Court last week.

Herbert Southerland, a 13-year old boy of Clinton, "played with a pistol." The outcome is uncertain.

Robt. Goodman, charged with killing Sid Barrier in Cabarrus county, was admitted to bail in the sum of \$10,000.

The barn of Mr. Bud Biggerstaff, in Cleveland county was burned Sunday morning a week with four mules, vehicles, feed etc.

Geo. Sell, a Stanly county farmer, committed suicide Tuesday a week by shooting himself; about 35 years old and leaves a family.

Requisition has been issued for J. Danneberg, now in Baltimore, who is wanted in Wadesboro to answer a charge of embezzlement.

The Tri-State Medical Society, composed of many of the leading physicians of Virginia, North and South Carolina, will meet in Raleigh on the 22d.

In Sampson county the other day Elisha Dixon, colored, was shot by one of his own race and died later in a hospital in Wilmington. The slayer is in jail.

Petitions are being circulated to form a new county out of portions of Lincoln and Gaston counties, with Stanley, Gaston county, as the county seat.

Dr. John Hancock Williamson, a prominent physician and citizen of Richmond county, died suddenly Saturday of heart disease while riding in an automobile. He was in his 82 year.

Mrs. L. M. Kerschner, wife of the Rev. L. M. Kerschner, a Presbyterian minister in Salisbury, died Monday a week, age 62. Survived by a husband and three children.

In Haywood county Superior Court week before last Will Hill was convicted of manslaughter for the killing of one Furman and sentenced to seven years in the State prison. Dave Sutton, who was indicted with Hill, was acquitted.

In Surrey county Superior Court last week John Cook, and Sandy Taylor and William Simmons, white men, were convicted of killing a negro named Tilley at Pilot Mountain last year. Cook was given five years in the State prison, while Taylor and Simmons were fined \$125 each and costs.

Senator Overman got an appropriation through the Senate to continue the Charlotte mint, which Uncle Sam is anxious to turn loose, but the House has refused the appropriation and it looks like the venerable institution will have to go.

Fire destroyed the feed barn of Mr. Oscar E. Payne, of Rockingham county near Stokesdale, Monday night, last week, burning to death two fine mules, two horses, a fine stallion, two cows and several calves wheat drill, wagons and buggies. The stallion was valued at \$1,200 and was owned by a stock company. Fire supposed to have originated from an engine used in shelling corn.

In Fayetteville the other day J. L. S. Beckwith and John Q. Barnes "had some words" about an account Beckwith was trying to collect from Barnes, and Barnes cursed Beckwith and applied vile epithets. Next day Beckwith showed up with a shot gun and when Barnes started toward him with his hand on his hip pocket he let go. Barnes caught most of the shot, a boy passing on a bicycle getting a few in his leg. Barnes is in a hospital and Beckwith is in jail.

John Edwards, the 15-year-old son of Mrs. E. L. Lee, accidentally shot himself through the heart Wednesday night last week, at Terrell, Buncombe county. The boy had been keeping a shotgun hidden underneath the house, and Wednesday his mother told him to get it out. In attempting to remove the gun the trigger supposedly caught, firing a charge which tore a ghastly hole in his left breast, death resulting almost instantly. The parents of the boy are prominent and wealthy people of Lakeland, Fla., who have been spending the winter at Terrell.

Rutherford College commencement will take place May 9-10. Rev. W. A. Lambeth, of Winston Salem, will deliver the annual address: Dr. W. P. Few, president of Trinity College, Durham, will deliver the literary address, and Rev. L. Abernethy, of Canton, will deliver the alumni address.

The Asheville Citizen says that Mr. J. W. Pleas a prominent lawyer of Marion, some time ago brought suit in McDowell Superior Court against one McDonald, a contractor, for \$4,000 attorney's fee, and that McDonald is arranging to take the suit to the Federal Court. McDonald brought suit against a construction company and the railroad company for \$38,000. Pleas was his attorney and won the case and when Pleas asked for \$4,000 fee his demand was refused.

For the sixth time, says the Asheville Citizen, F. C. Watkins, of Black Mountain, appeared Monday last week at the bar of the Buncombe county Superior Court to face the charge of murder for the killing of John Hill Bunting, of Wilmington, at the Gladstone hotel in Black Mountain in the summer of 1909, and for the fifth time a continuance of the case was requested and granted. The continuance this time was on account of the absence of an important witness for the defence. Judge Webb announced that no further continuance would be granted.

The Legislature will be asked for a charter for a proposed railroad running from Winston-Salem to Raleigh, connecting with the Raleigh and Southport at Raleigh and the Norfolk and Western at Winston-Salem; and also for a line from Greensboro to Manson, Vance county, connecting with the Norfolk and Western at Roxboro and the Seaboard at Manson.

A fellow who works the forged check game by buying goods, presenting a check in payment and getting a good sum in cash by way of change, put in some time in Durham the other day and left town about \$400 to the good. He was considerate enough in each case to leave the goods he purchased to be called for, this tending to allay suspicion.

The fastest flying machine is gossip. The funniest thing about a big man is that he is apt to have a little wife. Whitewash your barn, but never undertake to whitewash a crooked politician. You are better than you seem; better than you believe yourself to be. So don't give way to discouragement. There is always room on the sunny side of the road; let us walk there. When the sparrow is put to roast, sprinkle it lightly with powdered sage and minced onion. It is an easy matter to size up a man if his dog crawls under the house when it sees him approaching.

Sifted coal ashes, mixed with a little vinegar, make a splendid mixture for polishing faucets, brass kettles and the like. Tack pieces of rubber, cut from overshoes, to the bottom of the step-ladder legs, and they will not slide on a slippery floor. Whenever a bottle has been emptied, wash it right out, and do not set it away to dry. You can clean it more easily by doing this. The cork in a bottle of cement or glue is apt to stick and break when it is opened for the second time. To prevent this, grease it lightly when first taken out. If housewives would have rubber heels and soles on their every day shoes, they would find that much discomfort from aching, tired feet would be avoided. Cabbage is more delicate if, after it is boiled a little while, it is turned out into a colander and cold water run over it; then put it again in boiling water and finished.

Knit the baby's mittens without any thumb; then, no matter which way they are put on, they are all right. If large enough he can move his fingers all around inside, while the long wrists keep the sleeves of his dress down over his arms and make him comfortable.

Black Mountain Special, 13th, to Charlotte Chronicle, says: Dewaine Kelley, of Montreat, was killed one mile north of here last night. His body was found early this morning with the skull crushed. Kelley and Walter Pressly were last seen together. Pressly has not been located.

Senator Benjamin R. Tillman, Roger C. Sullivan, Norman E. Mack, Thomas E. Taggart and fifty other members of the National Democratic committee of 1908 have been made defendants of Louis F. Burg, an automobile owner, of Chicago, in a suit for \$68, claimed for automobile hire. Sullivan says the committee does not owe the money.

After efforts covering a period of ten years, the House of Congress has passed a bill providing for the purchase and construction of American embassies, legations and consular buildings abroad. The measure was put through under a suspension of the rules by a standing vote of 141 to 80. The cost of buildings is limited to \$150,000.

Pneumonia Follows a Cold. But never follows the use of Foley's Honey and Tar, which checks the cough and expels the cold. M. Stockwell, Hannibal, Mo., says, "It beats all the remedies I ever used. I contracted a bad cold and cough and was threatened with pneumonia. One bottle of Foley's Honey and Tar completely cured me." No opiates, just a reliable household medicine. Sold by all Druggists.

In the United States court, at Memphis Saturday Judge McCall refused to naturalize two foreigners as citizens because they were engaged in the liquor trade. The court said: "No man can support the constitution of the United States and of the State of Tennessee and uphold the laws of both, as they are required to do under oath in securing naturalization papers, and at the same time engage in the unlawful violation of selling liquor in a State where its sale is prohibited by law."

A few minutes delay in treating some cases of croup, even the length of time it takes to go for a doctor often proves dangerous. The safest way is to keep Chamberlain's Cough Remedy in the house; and at the first indication of croup give the child a dose. Pleasant to take and always cures. Sold by all dealers.

Black Mountain Special, 13th, to Charlotte Chronicle, says: Dewaine Kelley, of Montreat, was killed one mile north of here last night. His body was found early this morning with the skull crushed. Kelley and Walter Pressly were last seen together. Pressly has not been located.

Jim Crow Law Sustained.

The Circuit Court of Appeals at St. Louis has sustained the "Jim Crow" car law of Oklahoma one of the three judges dissenting. The court held that the Oklahoma law is not a violation of the 14th amendment to the constitution. The negroes who brought the action declared they were being denied equal protection under the laws. The case originated in the United States Court of Oklahoma, where negroes sought an injunction to restrain the operation of the law which provided that all common carriers must have separate coaches and waiting rooms for negroes.

The Husband Took Vengeance.

Fort Worth, Tex., Dispatch, 11th. James Boren, a traveling salesman, visited swift vengeance on Will Knox, a negro who attempted to assault Boren's wife Friday, when he shot Knox to death on the court house steps today, while the negro was being taken to jail in charge of a deputy sheriff. Knox had just pleaded guilty to theft and aggravated assault and had received sentences aggregating four years in jail. Boren followed the officer and the prisoner out of the court house and at once commenced firing. At the first shot the negro started to run and reached the middle of the street before he fell pierced by three bullets. Boren surrendered.

Death in Roaring Fire

may not result from the work of fire bugs, but often severe burns are caused that make a quick need for Bucklen's Arnica Salve, the quickest sore cure for burns, wounds, bruises, blisters and sores. It saves much hard work in keeping heavy bedclothes tidy under the usage they ordinarily receive from the boys and hired men, to have a breadth of mullin or calico firmly basted over the upper end of quilts and bed comforters. This can be removed often and washed with much less work than to put the whole big comforter in the tub.

An attack of the grip is often followed by a persistent cough, which to many proves a great annoyance. Chamberlain's Cough Remedy has been extensively used and with good success for the relief and cure of this cough. Many cases have been cured after all other remedies had failed. Sold by all dealers.

Light and wholesome griddle-cakes: Pare the crust from a stale loaf of baker's or light homemade bread, crumb it into a porcelain dish and pour over it a pint of boiling milk. Cover and let it stand for ten minutes. When it swells add the yolk of two eggs, well beaten, a tablespoonful of melted butter, a half-teaspoonful of salt, a fourth of a cupful of sifted flour and the stiffly beaten whites of the eggs. Then beat until the batter is smooth and velvety as cream. Add no baking powder, as the beating makes it light. Drop it in little cakes on a hot griddle; bake quickly.
