I was in a very low state of health, and was not able to be up and tend to my duties. I did try Cardul, and soon began to feel better. I got able to be up and help, do my housework. I continued to take the medicine, and now I am able to do my housework and to care for my children, and I feel as though I could never praise Cardui enough for the benefits I have received."

TAKE The ARDU Woman's Tonic

Cardul is successful, because it is made especially for women, and acts specifically on the womanly constitution. Cardul does one thing, and does it well. That explains the great success which it has had, during the past 50 years,

in helping thousands of weak and alling women back to health and happiness. If you are a woman, feel tired, dull, and are nervous, cross and irritable, it's because you need a tonic. Why not try Cardui ? Cardui builds, strengthens, restores, and acts in every way as a provide tonic with a strengthene. In every way as a special, tonic remedy for women. Test it for yourself.
