A QUEER LEGEND.

Feder Kosmich, the Hermit, May Have

It is to the effect that the emperor in 1825 was sojourning in the Crimes When near Taganrog his coachman by some means managed to overturn the carriage of a court courier named Markof, who was killed. The emperor, wishing to rid himself of the cares of state, so the story runs, cause of the element of serious ed it to be reported that it was he himself who was killed. Then he car-ried out a plan, which he held for long conceived of reffring to Siberia and living there under ar assumed name Schilder, the historian, professes to have satisfied himself that at all events the remains in the Cathedral of Peter and Paul are those of the ourier. According to the legend, Alexande L. of Russia died in Siberia in 1864, but history records that he died at Taganrog in 1825. It seems that in 1825 a mysterious stranger appeare in Siberia. In 1856 he accepted the invitation of a rich merchant to take up his abode in his house at Tomsk. There he was very retired and hel communication only with Mile. Kromof and the merchant, her father Every one who saw him was struck with his ex-traordinary resemblance to the de-funct czar. The Grand Duke Nicholas Michallovitch contributed an arti cle in the Revue Historique in which he denied the sensational part of the story, but admitted that the hermit of Siberia might have been a natura of Alexander I.-London

the vicissitudes of pronunciation in English than a study of what is called the "Irish brogue." This lingual mode, for it is scarcely to be called a dialect, is usually presumed to be a deteriora tion of language due to lack of educa tion and contact with legitimate sources of English. It proves after a little study to be a preservation of the old method of pronouncing English, which has come down to a great de-gree unchanged in Ireland from Shakespeare's time.

In thizabeth's time, however, it came to be realized that if there was to be any real affiliation of the two countries then the frish language must be supplanted by English, and a definite effort in this direction was made. This change of speech, resented and resist-ed, was nevertheless successfully ac-complished all over the island except in the west within a decade after Shakespeare's death. This fact takes been the pronunciation of English at that time. The two are found to con-form in practically every respect.
