disagreeable weather.

-Good 'possum hunting weather trom all appearances, is at hand.

The marsupial is ripe. -The first real biting frost in this locality this Fall appeared Friday boro this week in connection with

morning. There was plenty of ice his military duties. -Rev. E. C. Murray and Mr. J. L. Scott are attending the sessions of the Presbyterian Synod of North Carolina in Charlotte this

- Mr. Alex. Geanes, with his children, left yesterday for Raleigh, where they will make their future home. Mr. Geanes is a good me chanic and a useful citizen, and we wish him success.

-Mr. Will X. Coley, a veteran newspaper man, though by uo means an old man, was here the first of the week in the interest of the "Old Reliable" News and Observer, and this morning for her home in Goldsshaking hands with friends. He has been about the State much and knows many people.

-The prolonged wet spell has last Saturday here with Mr. Don. E. almost put an end to further wheatsowing this Fall. Some have sowed all they expected to, but there are others who have not done so. If the weather should be favorable inside the next two weeks, no doubt there will be more seeded. The late sown wheat often does better than that sowed early.

-Mrs. Junius H. Harden gave her husband a big surprise Monday evening in the way of a birthday supper. She had invited his sisters and several personal friends. The viands spread for the occasion by Mrs. Harden were perfections in the culinary art, which were immensely enjoyed by all present

-Mr. W. L. Spoon, Supt. of Roads of Forsyth county, was here Saturday. He says they are doing some macadamizing, but that they will build a great deal of sand-clay roads. The latter can be built at from one third to one-fourth the cost of macadam and, when built, can be maintained for the interest on the difference in the cost of macadam over sand-cla. Sand-clay is not quite as good a wet weather road as macadam but it is a better dry weather road. Thus compared they are about even. But when it comes to cost the sandclay is far in the lead, and its cheapness of construction permits the building of three or four times as responsible position with the Southmuch with the same money. The inevitable conclusion is by big odds in favor of sand-clay.

The business of the Court is being rounded up today.

Of the 72 cases on the docket, 37-more than half-were for selling liquor, but there were few convictions. If the citizenship of the county, and State, too, is not going to stand up for the enforcement the law, it were better to wipe it off

Of the cases finally disposed of, the following were sent to the roads: store on the East. Good fresh James Waddell, col'd, assault with meats of all kinds at all times. deadly weapon, 30 days on roads Bob Allen, col'd, 2 cases, larcency, 8 months on roads; Grant Holly, col'd, selling liquor, 4 months on roads.

Actress Will Wear A Wonderful Gown Here.

Miss Janet Waldorf, who will be seen at Montwhite on Wednesday, Nov. 15, in "Graustark" is one of the very few actresses who have made a tour of the world.

Miss Waldorf is a born collector. and delights in "picking up" rare and beautiful objects. While on her tour around the world she secured many beautiful and serviceable articles, in cluding ornaments, jewelry and dress goods, and as the charac ter she assumes in "Graustark" the Princess Yetive, admits of elaborate dressing she has employed a few of her many finds in forming a creation of magnificent splendor.

Green, deep, lustrous green seems to be the mascot color of India and Miss Waldorf brought with her one of the famous "good luck" dresses in which the desired tint is supplied by beetles' wings. The burnished surfaces would seem to indicate that live insects furnish forth these trappings for miladi's gowns.

It is in the last act of "Graustark" when Miss Waldrof appears in all the regal spleudor of her court coatume, which cost several thousand dollars.

Says: "I suffered from kidney complaint for two or three years, brought on by hard work and heavy lifting. The trouble began with sharp twinges in my right side, extending into my limbs and at times I became so lame and sore across my loins that I could not sleep. My kidneys were also disordered and I was miserable in every way. As soon as I began taking Doan's Kidney Pills, I felt better and before long this remedy cured me."

Every teacher in the county in the public school work is expected to be resent at this meeting. The Association is a very vital part of our school work and hence must not be neglected. It is the public duty of every teacher to be present. And public duty should be placed shead of private business or personal convenience, and the teacher who cannot rise to this conception ought to change their vocation.
