This Association embraces the States South of the Potomac river and East of the Mississippi river. The Dr. goes as delegate for Graham with expenses paid. The Association will consider every phase of health in addresses or lectures by learned doctors as far as the time will permit.

Died in Tennessee. It was learned here the latter part of last week that Mr. Peter Harden Eley died at Bolivar, Tenn., on Wednesday and was buried at Somerville on Friday. He was the only child of Mrs. H. E. Crawford of Williston, Tenn., who moved from here nearly forty years ago. Mr. Eley was a graduate of the University of North Carolina, was a teacher by profession, and about 42 years of age. He was a nephew of Messrs. Junius H. Harden and Peter B. Harden and Mesdames J. D. Kernodle and J. B. Montgomery of this place. Deceased was a talented young man and won distinction in his profession. The bereaved mother has the sincere sympathy of relatives and friends here.

Mr. R. S. Stevens, father of Mrs. J. C. Simmons, Dies Suddenly in Philadelphia—Will be Buried at Graham. Late Monday afternoon Mrs. J. C. Simmons received a telegram from an official in Philadelphia, announcing the death of her father, Mr. R. S. Stevens. It is presumed a letter on his person directed the message to her. At once Mrs. Simmons sent a message to her son, Dr. Stevens, who is prominent in Philadelphia, who replied that the body would be prepared for burial and forwarded to this place. The telegram did not specify the time but mentioned the hour of leaving, and was therefore expected to reach this place either at eight or ten yesterday morning, coming by way of Greensboro. Then it was expected to come by way of Raleigh and reach here on one of the evening trains. At 11 o'clock (Thursday afternoon) it has not arrived, but is looked for on every coming train. The suspense has been a most painful one, and Mrs. Simmons and she is deeply sympathized with by her many friends.

Mr. Stevens had lived at one time in Pennsylvania, but for a few years recently he had spent most of his time in Memphis. He was a highly skilled mechanic and designer, which business carried him to different points, and while in Philadelphia he is believed to have died suddenly. He was 70 years, or past, of age. His wife died some 15 or more years ago while on a visit to their daughter, Mrs. Simmons, who is their only child, and was buried here. Mr. Stevens was a gentleman of quiet manner and esteemed by all with whom acquainted.

Mrs. Simmons has the sincere sympathy of her many friends in her sad bereavement.

Be Optimistic. Here's Good News for Graham Residents.

Have you a pain in the small of your back? Headaches, dizziness, nervous spells? Are you languid, irritable and weak? Annoyed by any urinary disorders? Don't despair—profit by Graham experiences.

Graham people know Doan's Kidney Pills—have used them—recommend them.

Here's a Graham resident's statement: Mrs. A. Bradshaw, Mill St., Graham, N. C., says, 'I had pains in my back and sides that hurt me all the time. My kidneys were irregular in action and I was nervous and unable to sleep well. Doan's Kidney Pills made me feel better than I had in years. I have given Doan's Kidney Pills to the children and know they are a safe medicine.'

Get it at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same Mrs. Bradshaw had. Foster-McLennan Co., Props., Buffalo, N. Y.

Health Campaign for Almance Schools Closed Saturday.

THE EXERCISES ATTENDED BY PEOPLE FROM ALL PARTS OF COUNTY.

Graham Public Schools Shows Best Sanitary Conditions.

Mr. Chas. B. Irwin Passes and He is Laid to Rest in Linwood Cemetery.

On Monday evening about 6:45 o'clock, Mr. Chas. B. Irwin passed away at his home here. About six months ago he was stricken with paralysis, and a greater part of the time since he had been able to be up and about his home. Ten days before his death he had other attacks and during that time his condition was critical and the result was not unexpected. When he peacefully fell asleep he was surrounded by his devoted wife and daughters. Though expected, his death was none the less a shock to all his acquaintances.

Mr. Irwin was a native of Georgia and his home was at Mayville before he came to make his home here about 18 years ago. He was born April 20, 1858. He was the son of Rev. O. M. Irwin, a distinguished Baptist minister, and his mother was of the well known Battle family in the Northeastern part of this State. In May he would have been married forty-four years. He is survived by his widow, Mrs. Irwin, and three daughters—Mrs. Logan M. Crichton of Atlanta, Ga., Mrs. Herbert Post of East Orange, N. J., and Mrs. L. Banks-Williamson of Glenoco, this county. A sister, Mrs. Wharton of Georgia, the widow of the late Rev. Dr. M. B. Wharton, also survives him.

In early life he joined the Baptist church and lived a devout and consistent life. He was an officer in his church for many years and for seven years was the beloved and esteemed Superintendent of the Baptist Sunday School in Graham.

After coming to make Graham his home he was first connected with the Oneida Store Co., and since, for about fifteen years, he was connected with the business management of the Scott-Mebane M'fg Co. As a business man he was diligent, painstaking, careful and courteous. For a number of years he had been secretary and treasurer to the Board of Trustees of the Graham Public Schools. In whatever capacity he acted he rendered faithful and acceptable service. He won friends on his own merits.

The funeral was conducted from the home on N. Main St. at 2 o'clock yesterday afternoon by Rev. Jas. W. Rose, Pastor of the Baptist church, assisted by Rev. Dr. T. M. McConnell of the Presbyterian church and Rev. H. E. Myers of the M. E. Church, after which the body was laid to rest in Linwood cemetery. The large number who attended the funeral and burial services and the numerous beautiful and costly floral designs bespoke the high esteem in which he was held. His grave was completely covered with flowers.

The family has the sincere sympathy of the entire community in their deep sorrow and sore bereavement.

Daughters of Confederacy Meeting—Some Things They Are Doing.

Mrs. R. L. Holmes was hostess to the Graham Chapter United Daughters of the Confederacy Feb. 3rd.

The committee in charge of exercises for Lee-Jackson Day reported the celebration held at Graham Graded School. Program consisted of Confederate Songs, Essays on Generals Lee and Jackson in Confederate History. R. V. Mr. Myers presided over the exercises and made fine tribute to the Daughters. The prizes for the two best essays on Lee and Jackson, respectively, were awarded to Claude Walker of McCray's and Ollie Campbell of Graham.

The President appointed a committee to make fitting arrangements for Memorial Day, May 10th.

The Chapter is especially interested in the education of a worthy grand-daughter of an Almance Confederate soldier, and in the study of "Wrongs of History." The monthly programs are helpful and instructive.

At the conclusion of the program for February, Mrs. Holmes served a delicious salad course.

The Chapter adjourned to meet with Mrs. Junius H. Harden in March.

Liquor Trust Busted. The public have always wanted to know the ins and outs and underhanded methods of many of the trusts and grafting corporations. In the first episode of that remarkable serial "Graft" you will see how children are allowed to purchase liquor. How young girls are allowed in saloons. You will see how even the police are prevented from doing their duty. Take the entire family to see the young attorney bust the liquor trust. "Graft" is the greatest uplift drama of the age, intermingled with a beautiful story of love and achievement. See every episode. See the first episode at the Mexican Theatre, Saturday, Feb. 19, Matinee and Night.

How Mr. Davis Got Bid of a Bad Cough. "Some time ago I had a very bad cough," writes Lewis T. Davis, Blackwater, Del. "My brother, McCabe Davis, gave me a small bottle of Chamberlain's Cough Remedy. After taking this I bought half a dozen bottles of it but only used one of them as the cough left me and I have not been troubled since." Obtainable everywhere.

Spring Public School—Mr. E. P. Dixon, Principal.

Union Ridge—Miss Beattie Jeffreys, Teacher.

Best of Graded Schools—Mr. C. W. Rankin, Superintendent.

Almance took the initiative in the public schools. Dr. Thos. M. Jordan, State Medical Inspector, began his work here the middle of last November and closed last Friday.

Friday night health exercises were held at the Graham Graded School, when Dr. Jordan spoke. It was pleasing to the large audience to hear him say that the sanitary condition of this school was the best of any school in the county, and that he had held it up as a model for the other schools of the county. It was also most gratifying to the patrons, trustees, teachers and everyone connected with the schools.

Saturday's exercises were a fitting close of the big undertaking to examine the thousands of school children in the county and indicate in what way any physical defects might be treated to help the child in his efforts.

The exercises were attended by representatives of every business, calling and profession. A number of talks were made by county men—county officials, doctors, teachers, ministers, lawyers, and with one accord the work done was commended, the results of which will be far-reaching and of incalculable benefit to the county.

Below we give the report of Dr. Jordan, and a careful reading of it will be worth the while to anyone in anyway interested in improved health conditions.

Report of Dr. Thos. M. Jordan, To the Board of Commissioners, to the Board of Education and to the Board of Health of Almance County.

GENTLEMEN: I have the honor of submitting herewith a report of the medical inspection of the white children in the public schools of your county. Beginning on Monday, Nov. 15, 1915, and until Friday, 11th inst., I have been each school day in one of the public schools of the county, and this report represents in detail the findings.

I have examined 4,124 children, 2,200 of which represent of whom had some form of defect. Less than 1 percent appear an enormous percent. I will say that this is below the average percent of defects found in any such work has been done; and further I wish to explain that this 71 percent includes the children that have been examined, and some of which would not interfere with the child's school progress or impair his health if not treated. Of the number examined, 1,490, or 36 percent, had minor defects, some of which would not interfere with the best progress of the child in school work and leave open gateways to the germ of infectious and contagious diseases if not treated.

Of the 4,124 children examined, only 1,920, less than 46 percent have been vaccinated against typhoid fever. Of the 50 schools visited, only one—the Graded School in Graham can be classed as a perfectly sanitary school, and it is worthy of mention in this connection that the children of this school show a smaller number of defects than any other school in the county. This significant fact may not be due entirely to the excellent surroundings of the public school in this locality, but in a measure may be due to the fact that the people who make up the sanitary school houses and surroundings live more in accord with sanitary regulations at home.

That which is not too voluminous I do not deem it necessary to go into details as to the kind and number of defects found. This included all the children in a weekly report furnished the Health Department of the State, if desired.

In addition to the medical inspection of the school children, the Inspector has held at each school an afternoon session of the whole school in a study of the Health Code.

The schools by the State Board of Health. At these sessions many of the grown people have attended and carried to the exercises.

At night a lantern slide lecture has been given in 51 of the 55 schools visited—inclement weather hindering on four of the night sessions. At these meetings a careful estimate at the time of each meeting, gives a total of 6,759 people that attended the exercises.

Three hundred and seventy-nine miles have been covered in visiting these schools, and your Inspector has been hospitably entertained in 18 homes in the county. The time he has lived in the houses of Methodists, Baptists, Episcopalians, Presbyterians, Friends, Protestants, Catholics, Democrats and Republicans. All have made him feel welcome, among all of whom the issue of good health and disease prevention is a disinterested every other discussion.

In closing this report permit me to say that the value of this campaign has been estimated at several tens of thousands of dollars, and the good to be derived from such an effort depends upon the after cultivation of the county and its people as to the planting. Let me beseech you to continue in this disease-prevention work—the first to be started in just this fashion in any county in North Carolina—until you may see at least at every public school house in the county, the place where your children receive all of their educational preparation—a sanitary drinking fountain and two sanitary privies, one for the girls and one for the boys. Respectfully submitted, THOS. M. JORDAN, State Medical Inspector.

In announcing the winning schools in the prize contest for the two prizes offered by the State Board of Health for the highest score on Health Day, the Inspector has to say that the first prize goes to the Atamabaw Public School, Miss Florine Robertson principal.

The second prize goes to the Burlington Graded School, Mr. Albert King, Supt. Running high in percentage, however, it gives measure to mention in the order of their standing.
