He had a wonderful memory and

it was his delight to talk with his friends of incidents of his younger days; of how he went with his father to Fayetteville in company with six others with 4-horse teams and hauled the first loads of dry goods ever sold in the town of Graham, and of his going with his father (who was a ss) to attend the first session of being tried for some offense, and not being able to complete his trial the day it commenced he was taken all the way to Hillsboro that night to be kept in jail and brought back next

He had a number of such incidents stored away and it was his delight to relate them.
