Sunday night between nine and ten o'clock Sheriff R. N. Cook and Deputies A. W. Moser and H. J. Stockard left Graham and went on a "still hunt" in the vicinity of Oaks in the Southeastern part of the county. They located the booze plant and proceeded to operate upon it. Upon their arrival no one seemed to be in charge—the managers having departed, carrying away the still cap and the worm. They knocked down about a half dozen stands which contained a small amount of mash, seized 10 or 12 bushels of meal, and knocked the bottom out of the still—a wooden affair with a galvanized iron bottom. Later Ernest Pickard was arrested in connection with the affair but has been released upon bond.

## A WORD FOR MOTHERS

It is a grave mistake for mothers to neg-lect their aches and pains and suffer in silence—this only leads to chronic sick-ness and often shortens life.

It your work is tiring; if your nerves are excitable; if you feel languid, weary or depressed, you should know that Scott's Emulsion overcomes just such conditions. It possesses in concentrated form the very elements to invigorate the blood, strengthen the tissues, nourish the nerves and build strength.
