THE TOCSIN OF WAR

Our news columns tell of the demands made upon Carranza—to return prisoners and everything else taken, and to declare his intentions.

There is no temporizing longer for this country with Mexico. This morning's dispatches state, but not through diplomatic channels, that prisoners and things are on the way; but is only partial compliance and will not suffice.

There is no let up in the mobilization of American troops; thousands are being rushed to the border to protect the flag, preserve the honor of the country and to do whatever else may be necessary.

Carranza has proven himself wholly unpendable. Whatever calamity may befall him or his country will be by his own invitation.

The outrages against America have not ceased, nor will America cease until these cease and the lid securely nailed.

CONFLICT WITH MEXICO.

Washington, D. C., June 26.—If we are driven by Mexican outrages upon American citizens, and the arrogance of Gen. Carranza, to war with that country, it will not take many months to clean them up, unless it should turn out that Japan is secretly backing Carranza, and it is not believed that she is.

Our war with Mexico in 1846, we never lost a battle and we were outnumbered by 4 to 1 and 6 to 1 in every instance. Mexico has no munition factories, nor skilled workmen to build and operate one of any consequence.

Win With Wilson.

The Democratic slogan of four years ago "Win with Wilson" is going to be overwhelmingly repeated in 1916. The Democratic nominees are not only receiving loyal and enthusiastic support of the united and triumphant Democratic party, but the "independent voter," which is a very decisive factor in a presidential campaign is "in the Democratic camp" horse, wagon and dragoon.

The great administration of President Wilson in solving the most momentous problems ever submitted to any President since Lincoln, has made a deep and favorable impression on the country, and it is nothing less than absurd to talk of defeating him with a man like Charles E. Hughes or any other man, who is nothing more than a blank even if he is admittedly a clean and upright blank.

The fact of it is the country never fails to re-elect the President who carries it safely through a great crisis, and as President Wilson recently said the whole "world is on fire" and our own roof is not fire proof; nevertheless he has steered the ship of state safely through the rocks, and it is now enjoying, as the benefit of his wise and statesmanlike course, peace, plenty and prosperity. Furthermore, it can always be set down as an absolute certainty, that the country will not "vote against prosperity" which would be the effect of voting against President Wilson.

A GENERAL SURVEY OF THE WAR

TUESDAY. The Russians are pushing south from Czernowitz in pursuit of the Austrian army which retreated from that city. The czar's commanders plan to place their forces in position for a rapid advance on Lemberg. The Austro-Germans are making their chief resistance at Tarnopol, in Galicia, and before Kovel, in Volhynia.

At Verdun the French war office announces the repulse of three German attacks east of the Meuse. Four Turkish warships attacked a Russian battleship which was conveying transports in the Black sea. A hot battle followed, which resulted in a draw.

WEDNESDAY. The Russians have advanced twelve miles on the way to Vladimir Volinski, the northern gateway to Lemberg, according to Petrograd advices. On the Rovo-Lemberg road the Russians have reached Brody, which they are now shelling. Berlin reports driving the Russians back over the Styx which they had crossed west of Kolki. Vienna admits the enemy has crossed the Serech.

THURSDAY. Greece, menaced by an entente naval demonstration before Piraeus, has unconditionally granted all the demands of the allies, presented at an ultimatum on Wednesday, according to Athens dispatches. M. Zaimis has undertaken to form a new ministry in which the Venizelos party will be represented.

FRIDAY. The Germans made three attacks along a 1200-yard front in Champagne last night. The attacks were repulsed after they succeeded in temporarily occupying one of the French advanced positions.

SATURDAY. The battle of Verdun is raging with a fury not surpassed by any previous fighting there. The Germans, using large forces, got within three and a half miles of the city, but part of the ground has been regained by the French, the Paris war office announces.

SUNDAY. The Russian passenger ship Mercury has been sunk in the sea. The loss of life is reported as 336.

UNIVERSITY SUMMER SCHOOL.

All But Seven Counties Represented—Eight States Represented—Enrollment Will Reach 1,000. Cor. of The Gleaner. Chapel Hill, June 27.—All parts of North Carolina are represented in the 1916 Summer School, as statistics of registration, which have been recently compiled, show. All the counties of the State, excepting seven have delegations here. Eight other States are represented also, while two foreign countries have students here.

Orange county leads in number of students, with a total of 47 already enrolled. Wake comes next with 39, and Robeson third with 35 students. Alamance, Columbus, Durham, Granville, Guilford, Johnston, Mecklenburg, Sampson, and Wayne Counties, have more than 20 here, while the following counties have 10 or over: Anson, Beaufort, Bladen, Brunswick, Buxton, Carteret, Catawba, Cleveland, Cumberland, Duplin, Forsyth, Franklin, Gaston, Halifax, Iredell, McDowell, Montgomery, Northampton, Person, Randolph, Rowan, Surry, Union, Vance and Warren.

The total enrollment is now very close to the 950 mark, and the registration continues to go on. It is almost certain that over 1,000 students will attend during the session. The Summer Law School with 50 enrolled surpasses in size all former ones. This school is independent of the regular Summer School.

THURSDAY. Last week was an unusually busy one on the campus. Classes settled down to steady work, and there was a general air of business and study. Special attractions were numerous. R. D. W. Connor of Raleigh, began his series of lectures on North Carolina History. Rabbi George Solomon of Savannah, Ga., delivered a series of most interesting lectures on Representative Jews of the Christian Era. Mrs. B. B. Valentine, of Richmond, a noted suffrage orator, spoke to packed house on Thursday night.

FRIDAY. The German armies, reinforced from the French front, are taking the offensive against the Russian front, where the drive of the cars' troops has been halted for the present.

SATURDAY. The Russian passenger ship Mercury has been sunk in the sea. The loss of life is reported as 336.

Nothing significant of course in the patriotic eagerness of the militia in the prohibition States to hurry to Texas.

With Hughes and Fairbanks in the race there will be no need of a cold storage plant. 1912, Bullmoose. 1916, Vamoose. When Governments fall out militia men fall in.

Try It! Substitute For Nasty Calomel

Starts your liver without making you sick and cannot salivate. Every druggist in Town—your druggist and everybody's druggist has noticed a great falling off in the sale of calomel. They all give the same reason. Dodson's Liver Tonic is taking its place. Calomel is dangerous and perfectly safe and gives better results than a prominent local druggist. Dodson's Liver Tonic is personally guaranteed by every druggist who sells it. A large bottle costs 50c, and if it fails to give easy relief in every case of liver sluggishness and constipation, you have only to ask for your money back.

GEN. CARR PROVIDES FOR RESEARCH WORK.

Gen. Julian S. Carr of Durham has established what is to be known as the Julian Carr Research Fund, to be used in locating and preserving for future generations relics of the Confederacy and other phases of the history of North Carolina. This money has been placed at the disposal of Col. Fred A. Olds, famous throughout the state as a collector of relics and historical papers.

Certainly is tough on somebody to say Dr. Waite was tried by a jury of his peers. Put on all your optimism. June is smiling again.
